understand some of these difficult words. In each chapter, he examines a different statement or brief teaching from Jesus, using the provided biblical and other background to help illuminate the passage in question. Davis not only guides you to understand the passage, but shows you what it means to take it to heart and embrace a new way of life as a result. Starting with a passage we struggle with, Davis opens it to reveal a challenging, hopeful word that will bring the gospel's transformative power into your life. **The tin scratchers** Ion Llewellyn Idriess, 1996

**Scratching for Daylight** Wilbert Gibson, 2010-04 This is a compilation of short stories from the pen of an old man. He writes about Western Africa, during the days of the slave trade, as told by someone who was there. He

tells about the circumstances of his capture and the horror of the boat ride over. You will read about a gang banger, murderer, and prison snitch, who after twenty-eight years in solitary confinement, emerges as God's most anointed servant. Read how hard it was for young mothers, alone, to raise children in those dangerous, big city projects. Read a story about a young man on death row and what put him there. The year is 1934. You will visit a small church, out in the woods, near the Mississippi Delta, where one can enjoy Sunday night services and inspirational spirituals as song by our beautiful Sunday's bird. I will tell you about what I saw, one Saturday night, that eyes should not see. The first part of the book of Genesis will be reread. One story is about a storefront church, located between a liquor store and a motorcycle club, with its congregation of recovering addicts and felons. A grandfather tells a boy about what happened the night that his own grandfather went to heaven during the days of bondage. You will read about the life of a frightened mother of the church, who had been given up on, and was on the way to her final resting place. Armageddon, through literature, we will witness the final hours of that last day. Through the vision of an old deacon, you will witness that blissful paradise called heaven. The most profound story is a question. What is the future of the modern black church?

*The Scratching Post* Susan Delaney, 2018-07-26 Susan Delaney's *The Scratching Post* is a funny, poignant, and eye-opening work of fiction. Sally has dedicated much of her life to strengthening a charity whose aim is to care

for and protect sick, abandoned and maltreated cats. She faces more obstacles than one might think. Not only from the ignorance of the human beings around her about the needs and proper care of cats, but also from malicious enemies who wish to take over the charity for their own ends, as well as dishonest or unstable employees. What makes the book such a charming story is its being told, in large part, from the perspective of the cats themselves. Creatures who, in this sympathetic and imaginative portrayal, each take on their own distinctive characteristics, habits, and mannerisms. Readers may well fall in love with Comfort, Banjo, Pickles, and the other cats described in the pages of *The Scratching Post*.

**The Scratchers** Charles Hammer,2013-10-19 This is a tale of two adventures, one absolutely factual. In 1912 three young brothers build a rickety boat, adding two empty gasoline cans for extra flotation. Against the current of the river Volp in the French Pyrenees mountains, they paddle upstream into the darkness of a cave and discover wonders of paleolithic art engraved (scratched) on its walls. That happened just over one century ago. Now, plummet back one hundred fifty centuries deeper into time for the other adventure, the story of a 13-year-old girl who learns art and leaves her work where it can still be seen 15,000 years later. She draws the giant mammoth that roams her Ice Age land, and cave lions, cave bears bigger than grizzlies, bison and horses and huge wild bulls. People too---seldom drawn by others in the Old Stone Age. When hunger threatens her friends, she creates

magic bison sculptures in the cave that she does not believe are magic. Then, on the land above and to her amazement, bison appear. She uses art to baffle her tribe's enemies. She even contends against the boy she loves, her rival in craft, becoming both artist and woman, Scratcher Woman, by adventure's end.
