The New Politics of the Handmade Anthea Black, Nicole Burisch, 2020-12-10 Contemporary craft, art and design are inseparable from the flows of production and consumption under global capitalism. The New Politics of the Handmade features twenty-three voices who critically rethink the handmade in this dramatically shifting economy. The authors examine craft within the conditions of extreme material and economic disparity; a renewed focus on labour and materiality in contemporary art and museums; the political dimensions of craftivism, neoliberalism, and state power; efforts toward urban renewal and sustainability; the use of digital technologies; and craft's connections to race, cultural identity and sovereignty in texts that criss-cross five continents. They claim contemporary craft as a dynamic critical position for understanding the most immediate political and aesthetic issues of our time.

Vanishing Fleece Clara Parkes, 2019-10-01 The renowned knitter shares her year-long adventure through America's colorful, fascinating—and slowly disappearing—wool industry. Join Clara Parkes as she ventures across the country to meet the shepherds, dyers, and countless workers without whom our knitting needles would be empty, our mills idle, and our feet woefully cold. Along the way, she encounters a flock of Saxon Merino sheep in upstate New York, tours a scouring plant in Texas, visits a steamy Maine dyehouse, helps sort freshly shorn wool on a working farm, and learns how wool fleece is measured, baled, shipped, and turned into skeins. In pursuit of the perfect yarn, Parkes describes a brush with the dangers of opening a bale (they can explode), and her adventures from Maine to Wisconsin ("the most knitterly state") and back again. By the end of the book, you'll be ready to set aside the backyard chickens and add a flock of sheep instead.

Lunjika SDA Mission in Northern Malawi 1932 - 1995 Macleard Banda, 2018-05-22 Macleard Banda is a third born son of Mr Simeon Banda of Chimdidi Village Traditional Authority Wimbe, in Kasungu. He attended his Primary school at Kasakula Primary school in Ntchisi. In 1978 he went to Lunjika Secondary School and concluded his secondary school education at Robert Laws. In 1988 went to Karonga TTC for Primary Teacher Training. He taught at Malamulo Primary school from 1990 to 2000. In August 2000, went to Solusi University for BEd majoring in Religion. He is the Director of Research and Publication at Malawi Adventist University. The missionary work of the Seventh-day Adventist Church started in Southern Malawi in 1902, and histories of churches are usually told from that starting point. This book uses a different approach, it tells the story of Lunjika Mission (earlier called Mombera Mission) which begins in 1932, showing how the SDA Church met a new culture, that of the strongly patrilineal Ngoni and their neighbours to the North, and how it dealt with other churches that had started missionary work in that broad area up to two generations before.

The A to Z of the Seventh-Day Adventists Gary Land, 2009-07-29 Covering the Millerite movement of the 1830s and 1840s, sabbatarian Adventism prior to organization of the denomination, and the Seventh-day Adventist Church since its organization in 1861-63, this volume provides a comprehensive history of the denomination.

Seventh-day Adventist Health Reform: A Crucible of Identity Tensions Richard B. Ferret, 2023-07-20 The Seventh-day Adventist church, formally organized in America in 1863, is today one of the fastest-growing Protestant movements in the world and defines itself as a prophetic remnant, raised up and commissioned by God to teach and preach a final message of warning to the world before the imminent return of Christ. From its beginnings, however, a sense of failure was built into the success of the fledgling movement. In order to preserve the message (the imminent return of Christ), Adventists had to erect institutions based on continuity and permanence. A dilemma emerged: medical institutions built to be conducive for separation from the world faced a this-worldly reality filled with requirements from various state entities: registration, approval, and so forth. Thus, Adventist medical institutions confronted constant challenges to their denominational and theological uniqueness. The emergence of this dilemma between aspirations of separateness and this-worldly reality was especially evident in the battle for Adventism's sectarian identity, ethos, and future at the turn of the twentieth century--between Ellen G. White (a cofounder of the movement) and Dr. John H. Kellogg (an Adventist administrator and surgeon who sought to desectarianize the movement).

James K. Humphrey and the Sabbath-Day Adventists R. Clifford Jones, 2009-09-18 In James K. Humphrey and the Sabbath-Day Adventists, R. Clifford Jones tells the story of this important black religious figure and his attempt to bring about self-determination for twentieth-century blacks in New York City. Humphrey was a Baptist minister who joined the Seventh-day Adventist (SDA) Church shortly after arriving in New York City from Jamaica at the turn of the twentieth century. A leader of uncommon competency and charisma, Humphrey functioned as an SDA minister in Harlem during the time the community became the black capital of the United States. Though he led his congregation to a position of prominence within the SDA denomination, Humphrey came to believe the black experience in Adventism was one of disenfranchisement. When he refused to alter his plans for a utopian community for blacks in the face of dissent from SDA church leaders, Humphrey's ministerial credentials were revoked and his congregation was dissolved. Subsequently, Humphrey established an independent black religious organization, the United Sabbath-Day Adventists. This book rescues the Sabbath-Day Adventists from obscurity. Humphrey's break with the Seventh-day Adventists provides clues to the state of black-white relationships in the denomination at the time. It set the stage for the creation of the separate administrative structure for blacks established by the SDA church in 1945. This history of a minister and his church demonstrates the struggles of small, independent, black congregations in the urban community during the twentieth century.

The First Valle Crucis Ruby Clark Demyen, 2004 This is a true account of the first Seventh-day Adventist Church and Church School in the town of Valle Crucis, North Carolina. This book is about the people who lived in that western North Carolina community--about the rough, narrow, crooked hollers and the well-beaten, wooded paths winding across the hills at the head of the hollers that shortened the distance for the people and students going to the church and school.

From Pro-life to Pro-choice: The Dramatic Shift in Seventh-day Adventist's Attitudes Towards Abortion Nic Samojluk, 2011-06-28 A study of Adventist literature showing the dramatic shift by the Seventh-day Adventist North American Church' attitude towards one of the most fundamental rules designed by God for the protection of human life--the Sixth Commandment which forbids the murder of innocent human beings. A careful research indicating that financial profit moved the church leadership to tolerate the offering of abortion on demand services to the patients of several hospitals owned and managed by the Adventist organization.

Seventh-day Adventist Christian: Do You Know Who You Are? , 2016-02-17 Do you know who you are? "Of course I know who I am! I am Professor John Smith of Someplace, USA, born to Bob and Patty Smith." But I'm not talking about your name, your profession, where you live, or who your parents are. Let me reword the question. Do you know who you are in terms of your religious beliefs and relationship with God? "Of course I know who I am! I am a Seventh-day Adventist." OK, but what does that mean? Dr. Max Hammonds proposes that it goes beyond simply saying that we obey ALL of the Ten Commandments and that Jesus is coming back to take His followers home to heaven. Presented in this book is a carefully reasoned and biblically sound exploration of familiar topics that we always thought we understood. With warm personal stories told in the style of a private conversation at a quiet retreat, Dr. Hammonds works through the basic fundamentals of what it means to be a Christian and a Seventh-day Adventist in the real world, living for God during the Time of the End. This is not just another book about Adventist doctrines. This book gets at the heart of Christianity while focusing on the special calling we have as Adventists.

A Brief History of Seventh-Day Adventists George R. Knight, 1999 This book is a story of how Adventists came to view themselves as a prophetic people, of their growing awareness of a responsibility to take their unique message to all the world, and of their organizational and institutional development as they sought to fulfill their prophetic mission. By the end of this volume, you as a reader and I as a author will find ourselves in the flow of Adventist history. - Millerite Roots. Era of Doctrinal Development. Era of Organizational Development. Era of Institutional and Lifestyle Development. Era of Revival, Reform, and Expansion. Era of Reorganization and Crisis. Era of Worldwide Growth. The Challenges and Possibilities of Maturity.

Jesus Was Thin so You Can Be Thin Too Elvin Adams, 2011-03-18 This is a verse-by-verse exploration of what the Bible has to say about foods, nutrition, gluttony and obesity. The Bible contains the formula for lasting behavior change through the power supplied by Jesus Christ. Jesus struggled with appetite in the wilderness and successfully resisted the temptations of the devil. Jesus enables you to resist temptations to overeat. Jesus can give you the same victory that he had. With Jesus's help you can reach your ideal weight. Additionally, this book is enriched with 200 quotations on appetite and nutrition from the writings of the 19th century health reformer, Ellen G. White. This practical counsel seconds and makes practical application of the principles found in the Bible.

Mission in Progress Barden Chirwa, 2020-11-17 Since the establishment of the Seventh-day Adventist Church in Malawi in 1902, there is now available much information on the cases, narratives and experiences of women that shows the contribution of women to the progress of the SDA mission in Malawi. That record reveals a notable increase in the developing role of women in the SDA Church in Malawi, blended with both successful and challenging experiences. This has prompted the writing of this book. My aim is to present a historical record of the developing role of women in the SDA Church in Malawi. The purpose is to provide a first critical analysis, in a Malawian context, of a wider range of biblical and socio-cultural issues affecting the role of women in the SDA Church in Malawi.
