Shakira Ximena Diego,2002-01-10 Hace años que los entendidos venían pronosticando el exitoso crossover de Shakira. La cantante firmó su primer contrato discográfico a los trece años, grabó su segundo álbum a los quince y actuó en una telenovela popular en su Colombia natal. Tenía solamente diecinueve años cuando su tercer álbum, Pies descalzos, la convirtió en la artista de mayor venta en Latinoamérica. Si bien su siguiente álbum, Dónde están los ladrones?, ganó ocho discos de platino en Estados Unidos, no fue hasta su actuación electrizante en la primera entrega de los Premios Grammy Latinos que llamó la atención de todo el país. Aunque el éxito le llegó a una edad tan temprana, a los veinticuatro años Shakira tiene los pies firmes sobre la tierra y rechaza los estereotipos que rodean a las estrellas de rock. Ella es una católica devota, vive con sus padres y cuando no está grabando o de gira prefiere pasar el tiempo con su familia. Esta rockera es una de las pocas estrellas que combinan talento, carisma y sensibilidad, y que además saben muy bien lo que quieren. Para la cantante más fascinante de América Latina desde Ricky Martin, las posibilidades son ilimitadas. Para los millones de

personas que ya compran sus discos, Shakira representa la voz de la nueva generación.

All the Ugliest Songs by Shakira Torpal Cuevo, 2019-06-29 This book is apparently for real. In the introduction it is mentioned that we will talk about all the ugliest songs, but... surprise! In the book there are only several lovely blank pages with the inscription: Error 404: No song found. It was impossible to find any ugly songs. All the songs by Shakira are amazing. With the exception of the last page... Such a fair amount of irony, to use this book as a gift or instead as a simple greeting card. Since the pages are almost completely empty, the booklet is also a nice notebook to write down notes.

Electrified Voices Dmitri Zakharine, Nils Meise, 2013 The aim of this book is to explore the phenomenon of the electrified voice through interdisciplinary approaches such as media and technology studies, social history, and comparative cultural studies. The book focuses on three problem clusters: reflections on the societal level about the task of electronic voice transmission; the mediation of gender- and occupation-specific vocal stereotypes in audio and audio-visual formats; and the genesis of such vocal stereotypes in national radio and film cultures. Such a historicizing approach to societal experience in the field of voice mediation, including the use and interpretation of voice media, is today of great relevance in light of the collective learning processes currently triggered by rapid advances in technology.
