Mohammad Gholi Majd

August 1941 Mohammad Gholi Majd, 2012 Having described the rise of Reza Shah in a previous work, Majd completes the story by describing his downfall. Majd has searched the widely scattered U.S. diplomatic and military records extensively and supplemented the story with media reports. Over seventy years later, this interesting story is finally being told.

Iran and the Rise of Reza Shah Cyrus Ghani, 1998-12-31

The Pahlavi Dynasty Gholamali Haddad Adel, Mohammad Jafar Elmi, Hassan Taromi-Rad, 2012-08-31
The Pahlavi dynasty consisted of only two monarchs, a father and his son, who ruled Iran for a total of 54 years, from 1925 to 1979. The present book deals with the meteoric rise of Reza Khan from an unknown reserve infantry soldier in Iran's Cossack regiment to the autocratic king and the life and times of his son, Mohammad Reza Pahlavi, known in the West as the Shah, whose reign was brought to an end by 1979 Islamic Revolution. The Pahlavis were Iran's last dynasty and their downfall brought an abrupt end to over two millennia of monarchical rule in the land historically known as Persia. This book is part of a series of translations from the Encyclopaedia of the World of Islam (EWI) which was originally compiled in Persian. Other entries from this encyclopaedia which are available in English include Hadith, Hawza-yi 'Ilmiyya, History and Historiography, Muslim Organisations, Political Parties, Qur'anic Exegeses, Sufism, and Education in the Islamic Civilisation.

Iran at War Kaveh Farrokh, 2011-12-20 Following on from his award-winning book on the history of ancient Persia, Kaveh Farrokh goes on to examine Iran's wartime history from the Safavid dynasty of the

16th and 17th century through to the 1979 Revolution and beyond. He shows how the early military successes were followed by centuries of defeat as the external influences of nations like Russia and Britain began to shape the internal history of Iran, before unraveling the complex, violent 20th century military history of the country, which encompasses two world wars, regional movements, foreign intervention, anti-government revolts, conflicts on the Soviet border, a revolution and an eight-year war with Iraq. Illustrated with contemporary illustrations and photographs this book provides an unparalleled investigation into the bloody martial history of Iran.

Iran Between Two Revolutions Ervand Abrahamian, 2021-05-11 Emphasizing the interaction between political organizations and social forces, Ervand Abrahamian discusses Iranian society and politics during the period between the Constitutional Revolution of 1905-1909 and the Islamic Revolution of 1977-1979. Presented here is a study of the emergence of horizontal divisions, or socio-economic classes, in a country with strong vertical divisions based on ethnicity, religious ideology, and regional particularism. Professor Abrahamian focuses on the class and ethnic roots of the major radical movements in the modern era, particularly the constitutional movement of the 1900s, the communist Tudeh party of the 1940s, the nationalist struggle of the early 1950s, and the Islamic upsurge of the 1970s. In this examination of the social bases of Iranian politics, Professor Abrahamian draws on archives of the British Foreign Office and India Office that have only recently been opened; newspaper, memoirs, and biographies published in Tehran between 1906 and 1980; proceedings of the Iranian Majles and Senate; interviews with retired and active politicians; and pamphlets, books, and periodicals distributed by exiled groups in Europe and North

America in the period between 1953 and 1980. Professor Abrahamian explores the impact of socio-economic change on the political structure, especially under the reigns of Reza Shah and Muhammad Reza Shah, and throws fresh light on the significance of the Tudeh party and the failure of the Shah's regime from 1953 to 1978.

The Shah Abbas Milani, 2012-05-22 An Iranian scholar chronicles the life and legacy of the last Shah of Iran, including his role in the creation of the modern Islamic republic.

Superstition as Ideology in Iranian Politics Ali Rahnema, 2011-06-06 A superstitious reading of the world based on religion may be harmless at a private level, yet employed as a political tool it can have more sinister implications. As this fascinating book by Ali Rahnema, a distinguished Iranian intellectual, relates, superstition and mystical beliefs have endured and influenced ideology and political strategy in Iran from the founding of the Safavid dynasty in the sixteenth century to the present day. As Rahnema demonstrates through a close reading of the Persian sources and with examples from contemporary Iranian politics, it is this supposed connectedness to the hidden world that has allowed leaders such as Muhammad Reza Shah Pahlavi and Mahmud Ahmadinejad to present themselves and their entourage as representatives of the divine, and their rivals as the embodiment of evil.

Great Britain & Reza Shah Mohammad Gholi Majd, 2001 A completely fresh interpretation of the 1921-1941 Pahlavi period. . . . Majd has come upon a gold mine of information on this controversial period of Persian history. . . . The details and freshness of the figures are explosive. . . . Even more explosive are the land acquisitions materials and the information on the work of the Shah's secret police.--Hafez Farmayan, University of Texas at Austin Using recently declassified U.S. State Department archives, Mohammad Gholi Majd describes the rampant tyranny and destruction of Iran in the decades between the two world wars in a sensational yet thoroughly scholarly study that will rewrite the political and economic history of the country. The book begins with the British invasion of Iran in April 1918 and ends with the Anglo-Russian invasion in August 1941. Though historians are aware of the events that ensued, until now they have had no written evidence of the dreadful magnitude of the activities. Majd documents how the British brought to power an obscure and semi-illiterate military officer, Reza Khan, who was made shah in 1925. Thereafter, Majd shows, Iran was subjected to a level of brutality not seen for centuries. He also documents the financial plunder of the country during the period: records show that Reza Shah looted the bulk of Iran's oil revenues on the pretext of buying arms, amassing at least \$100 million in his London bank accounts and huge sums in New York and Switzerland. Not even Iran's ancient crown jewels were spared. In contrast to incomplete and unreliable British records for the period, the recently declassified archives

and bank records that Majd uses encompass a wide range of political, social, military, and economic matters. A work with immense implications, this book will correct the myth in Iranian history that the period 1921-41 was one of unqualified progress and reform. Mohammad Gholi Majd is the author of *Resistance to the Shah: Landowners and Ulama in Iran*.

A History of Modern Iran Ervand Abrahamian, 2018-08-23 A succinct and highly readable narrative of modern Iran from the mid-nineteenth century to the present.

Islamic Values and World View Farhang Rajaee, 1983

Iran Abbas Amanat, 2019 A masterfully researched and compelling history of Iran from the sixteenth century to the twenty-first

The Life and Times of the Shah Gholam Reza Afkhami, 2009-01-12 This epic biography, a gripping insider's account, is a long-overdue chronicle of the life and times of Mohammad Reza Shah, who ruled from 1941 to 1979 as the last Iranian monarch. Gholam Reza Afkhami uses his unparalleled access to a large number of individuals—including high-ranking figures in the shah's regime, members of his family, and members of the opposition—to depict the unfolding of the shah's life against the forces and events that shaped the development of modern Iran. The first major biography of the Shah in twenty-five years, this richly detailed account provides a radically new perspective on key events in Iranian history, including the 1979 revolution, U.S.-Iran relations, and Iran's nuclear program. It also sheds new light on what now drives political and cultural currents in a country at the heart of today's most perplexing geopolitical dilemmas.

The Iranians Sandra Mackey, Scott Harrop, 1998-04-01 Throughout its long and complex history, Iran has struggled with two warring identities—one evolving from the values, social organization, and arts of ancient Persia, the other from Islam. By examining the relationship between these two identities, *The Iranians* explains how the revolution of 1979 came about, why the Islamic Republic has failed, and how Iran today is on the brink of chaos. In this defining portrait of a troubled nation and the forces that shape it, Iranian history and religion become accessible to the nonspecialist. Combining impeccable scholarship with the human insight of firsthand observations, *The Iranians* provides vital understanding of this unique and pivotal nation. WITH A NEW AFTERWORD BY THE AUTHOR

Modern Iran Since 1921 Ali M. Ansari, 2003 This is fundamentally a book about change and the politics of managing that change, as successive governments and political elites sought, and continue to seek, to navigate a stable and sustainable route from a perception of tradition to a particular conception of modernity. -- introd.

Women and the Political Process in Twentieth-Century Iran Parvin Paidar, 1997-07-24 In a challenging and authoritative analysis, Parvin Paidar considers how Iranian women have been affected, and their position redefined, by the political transformations of twentieth-century Iran.

A Persian Odyssey Rami Yelda, 2012-07-18 Every good traveler plans his or her itinerary carefully to use time well and benefit as much as possible from the trip. I did not have an agenda, however. I wanted to travel Middle Eastern style, that is, with no prior planning. It would have been a nuisance to stick to a set

timetable in a country that was, except for the language, entirely alien to me. I had decided to spend five weeks in Iran and had certain ideas as to what and whom I wanted to see, but my choices had to be la carte one bite at a time. I wanted to feel the pulse of the country by meeting and talking to as many people as possible. I knew that as a man traveling alone in a Moslem country I faced certain limitations. My quest had to be limited to interacting with men, with little exposure to women and their concerns.

The Making of Modern Iran Dr Stephanie Cronin, 2012-11-12 This collection of essays, by a distinguished group of specialists, offers a new and exciting interpretation of Riza Shah's Iran. A period of key importance, the years between 1921-1941 have, until now, remained relatively neglected. Recently, however, there has been a marked revival of interest in the history of these two decades and this collection brings together some of the best of this recent new scholarship. Illustrating the diversity and complexity of interpretations to which contemporary scholarship has given rise, the collection looks at both the high politics of the new state and at 'history from below', examining some of the fierce controversies which have arisen surrounding such issues as the gender politics of the new regime, the nature of its nationalism, and its treatment of minorities.

Iran and Its Place among Nations Alidad Mafinezam, Aria Mehrabi, 2007-11-30 Iran and Its Place among Nations takes a bird's-eye view of where Iran has been in the international community, where it is today, and where it may ideally end up in the future. Is Iran an Eastern country, bound by traditions that hinder economic development? Or does it also have some attributes of Western countries, given its history, geographic location, culture, and politics? Among the key insights in this book is the observation that Iran is

a bridge between East and West. Is Iran a fomenter of Islamic radicalism in the Middle East and beyond, or can it be a promoter of moderation and reform within its own borders and in other Muslim countries? How effectively can the religious and national sources of Iran's identity be reconciled, or must the country choose one over the other and overcome the inherent tensions of this dual identity? This book addresses these and similar questions regarding one of the most important and newsworthy countries in the world. Combining description and prescription, the authors shed light on the tumultuous history of Iran in the twentieth century and uncover the domestic and foreign factors that have aided and retarded the country's development in modern times. Providing a close look at the backgrounds and identities of key pre- and post-revolutionary leaders in Iran, the authors make insightful recommendations to Iranians and the international community on how to integrate Iran into harmonious and stable relationships that benefit Iranians, the region that surrounds them, and the world. Grounded in solid scholarship yet written accessibly, this is a must-read for all Iran watchers today.
