Creative Wallpaper Paige Gilchrist,Lyna Farkas,2005 With superb projects and more than 200 color photos, this stunning showcase presents the best contemporary wallpaper designs. The rich variety of patterns ranges from modern geometrics to feminine florals, from reflective metallics to designs that imitate stucco and wood. Better yet are the clever ideas for using the papers, including applying them in vertical strips, creating a patchwork pattern, and covering just half a wall. Or, for something different, use paper other than conventional manufactured wallpaper, such as old maps and sheet music. And remember: wallpaper isn't just for walls, so there are suggestions for transforming small accessories too. Even the most intimidated will find the instructions easy enough to follow. Well-illustrated instructions on the basics.--Library Journal

The Design, Production and Reception of Eighteenth-Century Wallpaper in Britain Clare Taylor,2018-06-12 Wallpaper's spread across trades, class and gender is charted in this first full-length study of the material's use in Britain during the long eighteenth century. It examines the types of wallpaper that were designed and produced and the interior spaces it occupied, from the country house to the homes of prosperous townsfolk and gentry, showing that wallpaper was hung by Earls and merchants as well as by aristocratic women. Drawing on a wide range of little known examples of interior schemes and surviving wallpapers, together with unpublished evidence from archives including letters and bills, it charts wallpaper's evolution across the century from cheap textile imitation to innovative new decorative material. Wallpaper's growth is considered not in terms of chronology, but rather alongside the categories used by eighteenth-century tradesmen and consumers, from plains to flocks, from China papers to papier mâché and from stucco papers to materials for creating print rooms. It ends by assessing the ways in which eighteenth-century wallpaper was used to create historicist interiors in the twentieth century. Including a wide range of illustrations, many in colour, the book will be of interest to historians of material culture and design, scholars of art and architectural history as well as practicing designers and those interested in the historic interior.

Wallpapers in Historic Preservation Catherine Lynn, 1977 The papered and bordered wall was an important feature of American interiors during the 18th, 19th, and early 20th centuries. Paper hangings, both imported and of domestic manufacture, were more widely used than many of our restored buildings might lead us to believe. This book attempts to catalog and describe the variety, as well as accounting for restoration and preservation of pieces as part of the historical record. --Amazon.

A HANDBOOK OF RETAIL MANAGEMENT: PRINCIPLES & PRACTICES Dr. Dipa Mitra,

Restoring Your Historic House Scott T Hanson, 2023-06-01 Although there are other books about renovating old houses, this is the first that prioritizes the identification and preservation of the historic, character-defining features of a house as a starting point in the process. That is the purpose of this book: to describe and illustrate a best-practices approach for updating historic homes for modern life in ways that do not attempt to turn an old house into a new one. The book also suggests many ways to save money in the process, without settling for cheap or inappropriate solutions. Scott Hanson is a historic-building preservation professional and has 40 years' experience rehabilitating historic houses. He has illustrated this authoritative book with hundreds of step-by-step photos, illustrations, charts, and decision-making guides. Interspersed throughout are photo essays of 13 restored historic houses representing a range of periods and architectural styles: Italianate, Victorian, Queen Anne, Federal, Colonial, Colonial Revival, Greek Revival, Ranch, Adobe, Craftsman, Shingle, and Rustic. With interior and exterior photography by David Clough, these multi-page features show what can be achieved when a historic home is renovated with a desire to preserve or restore as much historic character as possible.
