You have too much fat, you don't have a six-pack and you're sick and tired of it. You want the body of a twenty year old, and who doesn't? You want to change. The good news is that you've come to the right place. What you're going to learn in this book isn't going to shock you, and it's not even going to

cause you to shout ah-ha! You know why? Because you already intuitively 'know' everything in this book. I'm going to decipher your body's codes for you so that you never mistake them again. Think that sounds crazy? Your body talks to you all the time. When you're hungry, your body is telling you to eat. When you're thirsty, your body's telling you to drink. The problem is that our world is just too noisy to listen to our bodies, and besides, the pizza delivery man is going to be here in twenty minutes. Do you get what I'm saying? You know how to get a six pack, but your lack of motivation coupled with our lack of healthy eating habits has prevented you from getting that body you covet so badly. You will have that body. But have you ever wondered why you want that body so badly in the first place?

Law #60: How Michael Phelps can consume 10,000 calories a day and not gain an ounce of fat. It's a three-minute hack you can do at home (without an Olympic-sized swimming pool). And much, much more!
