Dynamic Six-Pack ABS Max Editorial,2023-01-25 LIGHTNING PROMOTION "*****"You're reading this right now because you're fed up with the size and look of your gut, am I right? Well, welcome to Dynamic Six Pack Abs. First off, let's not sugar coat it. You have too much fat, you don't have a six-pack and you're sick and tired of it. You want the body of a twenty year old, and who doesn't? You want to change. The good news is that you've come to the right place. What you're going to learn in this book isn't going to shock you, and it's not even going to cause you to shout ah-ha! You know why? Because you already intuitively 'know' everything in this book. I can convincingly say that because your body already knows how to get a six pack ... you're just not listening to it. Don't worry, I'm going to remind you how to get that body you've always wanted. I'm going to decipher your body's codes for you so that you never mistake them again. Think that sounds crazy? Your body talks to you all the time. When you're hungry, your body is telling you to eat. When you're thirsty, your body's telling you to drink. The problem is that our world is just too noisy to listen to our bodies, and besides, the pizza delivery man is going to be here in twenty minutes. Do you get what I'm saying? You know how to get a six pack, but your lack of motivation coupled with our lack of healthy eating habits has prevented you from getting that body you covet so badly. You will have that body. But have you ever wondered why you want that body so badly in the first place?

Diamond Cut Six Packs! Andrei Besedin,2017-09-24 Losing weight is a billion dollar industry in America, there are thousands of devices and programs you can buy that promise to get you “6-pack abs fast” but they don’t work! If it were as easy as buying a pill, shake, or ab machine then the shopping malls across America you would see all men with rippling washboard abs and all women with flat tummies but what do we see instead? Obesity everywhere! Lets clear up one huge misconception right now, ab machines and ab exercises will NOT get you 6-pack abs! 95% of the work in getting 6-pack abs is losing bodyfat and no ab exercise will do that. If you have a beer belly, you could do ab exercises all year long and still never get 6-pack abs. You can have rippling muscular abs but if they are covered with an inner tube of fat then nobody is going see them. It’s not that hard and its not that complicated. The changes you need to make to lose weight and reduce your bodyfat are much smaller than you fear and they are easier to live with than you could possibly imagine! A common sense approach involving exercise and nutrition is all that is required to get ripped, washboard abs. When most people think about losing weight, what comes to mind is words like “hunger”, “deprivation”, “diet”, and “agony”. No! Losing weight properly will not result in any of these, the key is in the above two words “common sense”.
