Deceiving the Sky Bill Gertz, 2021-03-30 The United States' approach to China since the Communist regime in Beijing began the period of reform and opening in the 1980s was based on a promise that trade and engagement with China would result in a peaceful, democratic state. Forty years later the hope of producing a benign People's Republic of China utterly failed. The Communist Party of China deceived the West into believing that the its system and the Party-ruled People's Liberation Army were peaceful and posed no threat. In fact, these misguided policies produced the emergence of a 21st Century Evil Empire even more dangerous than a Cold War version in the Soviet Union. Successive American presidential administrations were fooled by ill-advised pro-China policymakers, intelligence analysts and business leaders who facilitated the rise not of a peaceful China but a threatening and expansionist nuclear-armed communist dictatorship not focused on a single overriding strategic objective: Weakening and destroying the United States of

America. Defeating the United States is the first step for China's current rulers in achieving global supremacy under a new world order based on an ideology of Communism with Chinese characteristics. The process included technology theft of American companies that took place on a massive scale through cyber theft and unfair trade practices. The losses directly supported in the largest and most significant buildup of the Chinese military that now directly threatens American and allied interests around the world. The military threat is only half the danger as China aggressively pursues regional and international control using a variety of non-military forces, including economic, cyber and space warfare and large-scale influence operations. Deceiving the Sky: Inside Communist China's Drive for Global Supremacy details the failure to understand the nature and activities of the dangers posed by China and what the United States can do in taking needed steps to counter the threats.

Knorrasky R A Knowlton, 2008-09 In the year 1476 of the kingdom of KnorraSky (NORA-SKY), a war is raging. On the one side of this vicious conflict is the Kree Kingdom lead by the Horde King Gerick and his evil wife Queen Sheral. On the opposing side were King Noman and his wife, Queen Raven, and they lead the fight for the great kingdom known as KnorraSky. This conflict was started almost forty cycles past by the king of the Kree in an attempt to find two lost parts of an ancient book and unite them with a third part that had come into his possession. The book was called Ru-ell or the Book of Power. The missing books that the Kree were doggedly pursuing were thought to be

somewhere in the western part of the land of KnorraSky. The Kree valued this book greatly because it was said that a completed Ru-ell would provide unlimited power to the one who could unite it and thereafter learn its secrets. During a battle deep in the Kree territory at a place called Key-Hole Pass, a 'Deception' occurs and the largest part of the fighting men of KnorraSky abandoned Noman and his small force in the middle of the night. Along with the men his dear wife, Raven, is missing also. Noman was beside himself over the treasonous act of one of his most trusted people and the loss of his wife was almost unbearable. As morning comes, Gerick attacks with a staggering force and Noman is captured and his forces are all but wiped out. To escape from the evil Queen Sheral, requires the help of new friends and a very dangerous adventure. After returning to KnorraSky an uprising occurs and an opportunist named Gillis brings the charge of treason against King Noman and Symonious, the First Knight of Or. Gillis contends that Noman is responsible for the 'Deception', or at the least knew it was to occur. At the trial Gillis puts forth a false witness and Noman and Symonious are sentenced to death. A narrow escape, aided by the First Knights of eight territories of KnorraSky, kept them alive. But now as fugitives with a great price on their heads, they must flee to the mountains far to the west. After changing his name and the way he looks, Noman becomes a wanderer in the land and he begins to deal with a deep-set depression that is caused by the loss of his wife, Raven. He also feels guilty over a decision he had made at Key-

Hole Pass that cost him the battle and the lives of thousands of the fighting men of KnorraSky. Because of this he is no longer the confident man that he once was and his mind often becomes clouded with feelings of worthlessness and guilt. Where once strength and confidence held sway, now weakness, uncertainty and distrust overpower this once powerful man. As the cycles pass Gillis becomes a powerful leader in the land and he makes peace with King Gerick of the Kree. However, Gerick is only using the greedy Gillis as a means to an end and in time he moves on KnorraSky and captures the kingdom. Now, with the hordes of King Gerick bearing down on him, King Noman must once again find the strength to lead his people. Can Noman shake the darkness that clouds his mind and hinders him from stopping Gerick and his relentless hordes? Will he learn the identity of the person that caused the 'Deception' at Key-Hole pass. The 'Deception' that led to the loss of the kingship, the kingdom and his Queen. And most importantly to Noman, will he ever see his dear wife, Raven, again? The answers to these questions lie twisted and entangled within the pages of KnorraSky, volume 1 The Deception.

Games of Deception Andrew Maraniss, 2021-03-02 *Rivalling the nonfiction works of Steve Sheinkin and Daniel James Brown's The Boys in the Boat....Even readers who don't appreciate sports will find this story a page-turner. -- School Library Connection, starred review *A must for all library collections. --Booklist, starred review Winner of the 2020 AJL Sydney Taylor Honor! From the New York Times bestselling author of Strong Inside comes the

remarkable true story of the birth of Olympic basketball at the 1936 Summer Games in Hitler's Germany. Perfect for fans of The Boys in the Boat and Unbroken. On a scorching hot day in July 1936, thousands of people cheered as the U.S. Olympic teams boarded the S.S. Manhattan, bound for Berlin. Among the athletes were the 14 players representing the first-ever U.S. Olympic basketball team. As thousands of supporters waved American flags on the docks, it was easy to miss the one courageous man holding a BOYCOTT NAZI GERMANY sign. But it was too late for a boycott now; the ship had already left the harbor. 1936 was a turbulent time in world history. Adolf Hitler had gained power in Germany three years earlier. Jewish people and political opponents of the Nazis were the targets of vicious mistreatment, yet were unaware of the horrors that awaited them in the coming years. But the Olympians on board the S.S. Manhattan and other international visitors wouldn't see any signs of trouble in Berlin. Streets were swept, storefronts were painted, and every German citizen greeted them with a smile. Like a movie set, it was all just a facade, meant to distract from the terrible things happening behind the scenes. This is the incredible true story of basketball, from its invention by James Naismith in Springfield, Massachusetts, in 1891, to the sport's Olympic debut in Berlin and the eclectic mix of people, events and propaganda on both sides of the Atlantic that made it all possible. Includes photos throughout, a Who's-Who of the 1936 Olympics, bibliography, and index. Praise for Games of Deception: A 2020

ALA Notable Children's Book! A 2020 CBC Notable Social Studies Book! Maraniss does a great job of blending basketball action with the horror of Hitler's Berlin to bring this fascinating, frightening, you-can't-make-this-stuff-up moment in history to life. -Steve Sheinkin, New York Times bestselling author of *Bomb* and *Undeclared* I was blown away by *Games of Deception*....It's a fascinating, fast-paced, well-reasoned, and well-written account of the hidden-in-plain-sight horrors and atrocities that underpinned sports, politics, and propaganda in the United States and Germany. This is an important read. -Susan Campbell Bartoletti, Newbery Honor winning author of *Hitler Youth* A richly reported and stylishly told reminder how, when you scratch at a sports story, the real world often lurks just beneath. -- Alexander Wolff, New York Times bestselling author of *The Audacity of Hoop: Basketball and the Age of Obama* An insightful, gripping account of basketball and bias. --Kirkus Reviews An exciting and overlooked slice of history. -- School Library Journal

Empire of Deception Dean Jobb, 2016-01-05 It was a time of unregulated madness. And nowhere was it madder than in Chicago at the dawn of the Roaring Twenties. Enter a slick, smooth-talking, charismatic lawyer named Leo Koretz, who enticed hundreds of people to invest as much as \$30 million—upward of \$400 million today—in phantom timberland and nonexistent oil wells in Panama. This rip-roaring tale of greed, financial corruption, dirty politics, over-the-top and under-the-radar deceit, illicit sex, and a brilliant and wildly

charming con man on the town, then on the lam, is not only a rich and detailed account of a man and an era; it's a fascinating look at the methods of swindlers throughout history. As Model Ts rumbled down Michigan Avenue, gang-war shootings announced Al Capone's rise to underworld domination. As bedecked partygoers thronged to the Drake Hotel's opulent banquet rooms, corrupt politicians held court in thriving speakeasies and the frenzy of stock market gambling was rampant. Leo Koretz was the Bernie Madoff of his day, and Dean Jobb shows us that the American dream of easy wealth is a timeless commodity. ? "A rollicking tale that is one part The Sting, one part The Great Gatsby, and one part The Devil in the White City." –Karen Abbott, author of Liar, Temptress, Soldier, Spy "Intoxicating and impressively researched, Jobb's immorality tale provides a sobering post-Madoff reminder that those who think everything is theirs for the taking are destined to be taken." –The New York Times Book Review "Captivating . . . A story that seems to be as American as it can get, and it's told well." –The Christian Science Monitor "A masterpiece of narrative set-up and vivid language . . . Jobb vividly . . . brings the Chicago of the 1880s and '90s to life." –Chicago Tribune "This cautionary tale of 1920s greed and excess reads like it could happen today." –The Associated Press

The Deception Laura Gallier, 2019 A year and a half after the horrific Masonville High mass shooting, Owen is determined to uncover why the Creepers have converged on his land and the school--a necessary step toward his

The Zeppelin Deception Colleen Gleason, 2024-02-06 Mina Holmes and Evaline Stoker return in their final—and most exciting—adventure together. Gleason has vamped up the familiar world of Holmes and Watson... to paranormally exhilarating effect!" —The New York Times It's a cold, blustery day in January of 1890 when Mina Holmes receives an invitation to Evaline Stoker's wedding. The two young women—partners and occasionally friends—haven't spoken for nearly two months, since the events at the Carnelian Crow. Shocked, Mina is still looking at the invitation when constables from Scotland Yard begin pounding on her front door. They've arrived to arrest her for the murder of a man she's never even heard of. Meanwhile, Evaline has her hands full with wedding plans (boring) and an overbearing sister who wants to manage her every move—including a dizzying array of social activities. In the midst of all this, she receives an invitation to visit Lady Isabella Cosgrove-Pitt, a most villainous woman. With Pix in jail, Mina being hunted by Scotland Yard, and Evaline dining with the murderous Lady Isabella what more can possibly go wrong? Plenty. And when the mysterious black zeppelin appears once again in the night sky, things are about to get even more dangerous than ever for Miss Stoker and Miss Holmes...

The Roswell Deception and the Demystification of World War II Douglas Dietrich, Peter Moon, 2021-04-28 The Roswell Crash has had a massive hypnotic effect on the collective psyche of Mankind ever since the U.S. Army issued a press release that a flying disc crashed in the New Mexican desert in July of 1947. Retracting their statement a day later, they have since orchestrated a massive psychological operation against the public to hide a long history of war crimes involving some of the most iconic of American heroes. At the core of this operation is the Government's most guarded secret of World War II: the Japanese Emperor's direct role in prosecuting the war. Horrified upon learning of a published agenda to destroy the Yellow Race, a young Hirohito fervently studied to become a preeminent Doctor of Marine Biology in order to create biocidal weapons of mass destruction and so defend his Empire. After successfully testing his genocidal weapons in the Chinese war, they were delivered to the Americans three days after Hiroshima in huge super-dirigibles equipped with planes and tanks. Realizing the potency of these weapons and their own potential doom, the Americans began a series of back-channel negotiations with Hirohito during which they acquiesced to his demands that he remain as Emperor and that America open up their markets to his country. This hidden history includes the revelations that the Emperor's super-dirigibles were the source of the Battle of Los Angeles in February of 1942 and the infamous Roswell Crash of 1947. In an involved and labyrinthine

tale that involves hidden hordes of gold, cut-throat politics, hidden technology and massive psychological manipulation of the masses, The Roswell Deception delivers the long anticipated Disclosure that humanity has been waiting for.
