Create Great iPhone Photos Allan Hoffman, 2011 Every day, millions of people carry a sophisticated camera in their pocket—their iPhone. Many people use their iPhones to take snapshots, but few realize the power of their phone's camera. (After all, it only has one button). The iPhone Photography Book shows you how to harness the full potential of your iPhone's camera. This richly illustrated, 4-color book teaches you how to manipulate and publish images straight from your iPhone, without the hassle of memory cards, connection cables, or complex desktop photo editing tools. Author Allan Hoffman begins by explaining fundamentals of great iPhone photography, and how to use the essential iPhone editing apps. You'll learn tips and tricks for composition, focusing, lighting, and the other unique challenges of the iPhone. You'll also learn how to instantly share photos on Flickr and create your own photoblog. Those looking to get the most out of their iPhone's camera, and make remarkable photos with iPhone apps, just need to open The iPhone Photography Book.

My GoPro Hero Camera Jason Rich, 2015 My GoPro Hero Camera offers a comprehensive introduction to using the most recently released GoPro Hero camera models, including the basic GoPro Hero, GoPro Hero3+ and the GoPro Hero4. All three of these cameras utilize the same basic operating system and menus, but each has slightly different features, functions and possible shooting resolutions for digital images and video. After offering an initial introduction to the cameras themselves, as well as their menus and buttons, this book offers an overview of the different camera housings and mounts available, plus explains how to utilize the GoPro mobile app and computer software. How to best use other “must have” GoPro accessories, including the Wi-Fi Remote and the LCD Touch BacPac display are also be covered. Throughout the book are hundreds of shooting tips and strategies that teach readers how to capture the best possible photos and videos in a wide range of situations. Strategies for shooting professional-quality first and third-person photos/videos, as well as traditional photos/video, plus ways to achieve the best possible results indoors, outdoors, underwater, in low-light situations, and in high-action situations are covered. This book appeals to those who purchased a GoPro camera to take on vacation or to capture “family moments,” as well as to more active people who want to capture crystal-clear “action” images or videos of themselves engaged in various activities, using their GoPro camera in conjunction with the best combination of optional camera

accessories, housings and mounts, based on their activity and the shooting conditions. How and why all of the accessories, housings, mounts, menu options and camera settings were used to capture the sample content is explained in the text and with plenty of visual examples within the book. Some additional companion video content is available through the Que website.

And Then Things Fall Apart Arlaina Tibensky,2011-07-26 Keek's life was totally perfect. Keek and her boyfriend just had their Worst Fight Ever, her best friend heinously betrayed her, her parents are divorcing, and her mom's across the country caring for her newborn cousin, who may or may not make it home from the hospital. To top it all off, Keek's got the plague. (Well, the chicken pox.) Now she's holed up at her grandmother's technologically-barren house until further notice. Not quite the summer vacation Keek had in mind. With only an old typewriter and Sylvia Plath's *The Bell Jar* for solace and guidance, Keek's alone with her swirling thoughts. But one thing's clear through her feverish haze—she's got to figure out why things went wrong so she can put them right.

The Peep Diaries Hal Niedzviecki, 2009-06-01 We have entered the age of peep culture: a tell-all, show-all, know-all digital phenomenon that is dramatically altering notions of privacy, individuality, security and even humanity. Peep culture is reality TV, YouTube, MySpace, Facebook, Twitter, over-the-counter spy gear, blogs, chat rooms, amateur porn, surveillance technology, Dr. Phil, Borat, cell phone photos of your drunk friend making out with her ex-boyfriend, and more. In the age of peep, core values and rights we once took for granted are rapidly being renegotiated, often without our even noticing. With hilarious, exasperated acuity, social critic Hal Niedzviecki dives into peep, starting his own video blog, joining every social network that will have him, monitoring the movements of his toddler, selling his secrets on Craigslist, hiring a private detective to investigate him, spying on his neighbors, trying out for reality TV shows and stripping

for the pleasure of a web audience he isn't even sure exists. Part travelogue, part diary, part meditation and social history, *The Peep Diaries* explores a rapidly emerging digital phenomenon that is radically changing not just the entertainment landscape, but also the firmaments of our culture and society. *The Peep Diaries* introduces the arrival of the age of peep culture and explores its implications for entertainment, society, sex, politics and everyday life. Mixing first-rate reporting with sociological observations culled from the latest research, this book captures the shift from pop to peep and the way technology is turning gossip into documentary and Peeping Toms into entertainment journalists. Packed with stranger-than-fiction true-life characters and scenarios, *The Peep Diaries* reflects the aspirations and confusions of the growing number of people willing to trade the details of their private lives for catharsis, attention and notoriety. Hal Niedzviecki is the founder of *Broken Pencil* magazine and has published numerous works of social commentary and fiction, including *Hello I'm Special: How Individuality Became the New Conformity* and *Look Down, This Is Where It Must Have Happened*, which is also published by City Lights Publishers.

Aly's Fight Aly Taylor, Josh Taylor, 2019-05-14 In this life-changing book (Korie Robertson), TLC reality TV stars Aly and Josh Taylor share the inspiring story of how their faith sustained them through breast cancer, infertility, and dashed dreams. October 17, 2011 changed Aly and Josh Taylor's lives forever. At just 24 years old, Aly was diagnosed with breast

cancer. Everything they had known, hoped for, and dreamed of came to a screeching halt with the news of her diagnoses. But Aly's cancer journey is only the beginning of their incredible story. With grit, fierce love, and unyielding faith, Aly and Josh fight for her life and dream of building a family. They battle infertility, face heart-wrenching struggles while trying to adopt, and experience God in miraculous ways. Aly and Josh will inspire you to cling to life, faith, and love, even when all hope seems lost.

Introduction to Information Systems R. Kelly Rainer, Efraim Turban, 2008-01-09 WHATS IN IT FOR ME? Information technology lives all around us-in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of

core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer.

The Fringe Hours Jessica N. Turner, 2015-02-17 Every woman has had this experience: you get to the end of the day and realize you did nothing for you. And if you go days, weeks, or even months in this cycle, you begin to feel like you have lost a bit of yourself. While life is busy with a litany of must-dos--work, parenting, keeping house, grocery shopping, laundry and on and on--women do not have to push their own needs aside. Yet this is often what happens. There's just no time, right? Wrong. In this practical and liberating book, Jessica Turner empowers women to take back pockets of time they already have in their day in order to practice self-care and do the things they love. Turner uses her own experiences and those of women across the country to teach readers how to balance their many responsibilities while still taking time to invest in themselves. She also addresses barriers to this lifestyle, such as comparison and guilt, and demonstrates how eliminating these feelings and making changes to one's schedule will make the

reader a better wife, mother, and friend. Perfect for any woman who is doing everything for everyone--except herself--The Fringe Hours is ideal for both individuals and small group use.

Digital Photography Superguide , In this book, we'll walk you through our favorite tips for mobile photography: Learn the best way to capture bright sunsets, how to hold your device so it doesn't shake, and tips for taking quick shots. After that, we take an in-depth look at photography on each of the major smartphone operating systems: You'll learn how to take, edit, and share images whether you're using an iPhone, an Android phone, or a Windows Phone 8 device. Once you've gotten a handle on great mobile photography, we suggest some third-party apps to enhance the experience. And if you're a professional photographer, don't miss our section on using your iPad or Android tablet to improve your workflow. The only surefire way to become a better photographer is experience. Luckily, digital photography allows you to make as many mistakes, cost-free, as your memory card can hold. And as you combine technical knowledge and compositional awareness with lots of practice, you'll be able to capture moments of brilliance. We hope this book will help you along that journey.
