George John Younghusband, Cyril Davenport

Spurs Nation Staff of the San Antonio Express-News, 2016-10-17 From the Memorial Day Miracle to coach Gregg Popovich's legendary leadership to winning five NBA championships, the San Antonio Spurs have brought excitement to the Alamo City and the greater NBA family since 1976. As the team with the most rabid and loyal fan base in basketball history, Spurs Nation captures all the most unforgettable plays and crucial junctures in 30 years of playing hoops. Spurs Nation is THE collectible book for Spurs fans filled with silver and black and moments. This full-color photography, hardcover collection encompasses all three decades of the Spurs including favorite past and current players from George Gervin to Tim Duncan, as seen through the eyes and words of the sports writers and photographers who've covered their monumental rise for the San Antonio Express-News.

World Football Club Crests Leonard Jägerskiöld Nilsson, 2018-11-15 An illustrated exploration of the design, meaning and symbolism of world football club crests. Why is there a devil shown on the crest of Manchester United? Which club's crest motto is 'To Dare Is To Do'? And whose emblem depicts a bear and a strawberry tree? From the seahorses of Newcastle United to the royal crown of Real Madrid, via the riveting hammers of West Ham United, Valencia's famous bat design and German club St Pauli's unofficial skull-and-crossbones emblem, there is a story behind every crest, a tale of identity. Covering more than 200 clubs from 20 different leagues, *World Football Club Crests* explores the design, meaning and symbolism of the game's most famous club crests to reveal why the badges look as they do. This carefully curated collection charts the continuing evolution of the designs and describes the changing styles, varied influences and remarkable controversies that have shaped football's most iconic crests. These important symbols of football heraldry will never be

viewed in the same way again.

Encyclopedia Of Freemasonry And Its Kindred Sciences, Volume 4: S-Z Albert G. Mackey,

Dr. Albert G. Mackey appears as author of this Encyclopedia of Freemasonry and its Kindred Sciences, which, being a library in itself, superseded most of the Masonic works which have been tolerated by the craft — chiefly because none better could be obtained. Here is a work which fulfils the hope which sustained the author through ten years' literary labor, that, under one cover he would furnish every Mason who might consult its pages the means of acquiring a knowledge of all matters connected with the science, the philosophy, and the history of his order. Up to the present time the modern literature of Freemasonry has been diffuse, lumbering, unreliable, and, out of all reasonable proportions. There is, in Mackey's Encyclopaedia of Masonry, well digested, well arranged, and confined within reasonable limits, all that a Mason can desire to find in a book exclusively devoted to the history, the arts, science, and literature of Masonry. This is volume four out of four and covering the letters S to Z.

Shirts, Shorts and Spurs Roy Reyland,2011-07-04 This hilarious romp charts the dramatic ups and downs of Tottenham Hotspur, as seen through the eyes of one of its most unlikely heroes: Roy Reyland, the loyal kit man who has served Spurs for thirty years. Outlasting no less than 18 managers, Roy has seen it all and worked with some of White Hart Lane's biggest stars -- from Ardiles and Gazza to Klinsmann and Ginola. As the club's unofficial agony aunt, Roy has seen the tears and the triumphs, the dressing-room pranks, and has a unique insight into the inner-workings of the legendary Premiership side. He has visited Wembley more times than many top players have, and his story is one of total devotion to the club. A revelatory and heart-warming book, *Shirts, Shorts and Spurs* is a highly original, alternative account of the amazing history of Tottenham Hotspur FC.

SuperPower: The Ability to Fly or to Become Invisible The Deal of the Art (Book #1)

Roger E Pedersen,2022-11-01 *SuperPower: The Ability to Fly or to Become Invisible* by Roger E. Pedersen, is about men and women who have the SuperPower of flight or invisibility. They hook up with Professor Steele and his associate, the FA-King, to pull off the world's largest one-night heist of major art museums in New York City, London, and Paris. This is a thrilling setup that ensures

readers will have plenty of action in store for them. One day regular people discover that they have the SuperPower to fly or to become invisible. The next generation discovers that they now have two SuperPowers as DODGE (The Department of Defense Genetically Engineered) Initiative vs. the Golden Eagle Organization. Author Roger Pedersen has created a compelling story with unique characters. Each chapter focuses on one character at a time. These chapters give the backstory for each character as well as which SuperPower they have. Most of the information helps the reader to better understand each character and allows the reader to connect with them.

The Swastika, the Earliest Known Symbol, and Its Migration Thomas Wilson, 2022-05-28
The author of the work derives the origins of what we know as a swastika symbol from the earliest cultures. He studies its origins in the ancient shapes of a cross and brings the comparison of different types of cross symbols, which later evolved in the swastika. Further, the author examines the role of the swastika in the extreme Orient (Japan, Korea, China, and Tibet), the classical Orient (Babylonia, Assyria, Chaldea, and Persia, Phenicia, Lycaonia, Armenia, Caucasus, and Asia Minor - including Troy and mentioning Schliemann), Africa (Egypt, Algeria, Ashantee), classical Occident (Mediterranean - Greece, Cyprus, Rhodes, Milos, and Thera), Europe (the Bronze Age, the Gallo-Roman period, the Anglo-Saxon period, and the swastika on ancient coins), the United States of America (in pre-Columbian times, among the North American Indians, and a colonial patchwork), Central America (Nicaragua, Yucatan, and Costa Rica), and South America (Brazil and Paraguay). He shows various artifacts associated with the swastika, including spindle-whorls, coins, vases, and idols. The author also notes the importance of this symbol among both the ancient Buddhists and

Hindus. It is generally a very deep and interesting study showing the universalism of the swastika symbol in different cultures of the world.
