Squirt Stories R. Leigh, 2015-07-23 Are you a woman who squirts? Or do you wish you did? Does the topic fascinate you? Do you wish you knew more about squirting? From the Author of *Squirting: It's Easier Than You Think*, and the Creator of Squirt School comes *Squirt Stories: Tales of Real Life Squirters!* Author R. Leigh interviewed all types of women from all parts of the world for this short compilation. In the book she shares the history of squirting, a discussion of female sexuality, facts about the popularity of squirting and then the unedited accounts from these women. While these stories are not meant to be erotic, but instead to encourage women to embrace their sexuality, there is definitely some eroticism. Strip off the old layers of what female sexuality has become, and learn more about the intense, pleasurable release a squirting orgasm provides.

Squirt Goes to Kindergarten Pamela Pierce Raymundo, 2016-08-08 *Squirt Goes to Kindergarten* By Pamela Pierce Raymundo *Squirt Goes to Kindergarten* is a seven year journey that began when the Pierce zoo/house added a new pet. The first ferret they had was shy and small and seemed so calm compared to the three dogs and very large cat already in place. The next two ferrets were much larger and had bigger personalities. It continued until they found the perfect companion: Squirt. As a kindergarten teacher, it seemed so natural to introduce Squirt to the five- and six-year-olds. Having a unique class pet helped with both social skills and behavior. Squirt appreciated the attention and activity and the class loved the privilege of caring for a dear and fragile friend. *Squirt Goes to Kindergarten* is a culmination of adventures that took place weekly. Told from the point of view of Squirt the ferret, this book is a glimpse into kindergarten with an exciting class pet. It is about a ferret experiencing school on the first day and all that entails. Squirt has a dream just like her author that she keeps till the very end. This book is perfect for young readers due to the subject and perfect for teachers because of the content.

Geeks, Babes and Sentient Vegetables: Triumvirate Singularity with a Squirt of Lemon Juice Andrew Mitchell, 2016-08-25 For those people who loved Star Wars, Star Trek and science fiction in general but don't take them too seriously. Every science fiction trope and cliché expertly mashed into one tale about a guy, his cat, his secret agent alien dancing girl and a talking 7 foot tall avocado. In the finest traditions of everything that was wrong with Star Wars, Star Trek, Aliens, Transformers and many more movies, television shows and video games all crammed into the day to day adventures of Will Campbell, average minimum wage employee at a miniature golf course. An epic quest across the galaxy filled unreasonable amounts of violence from highly impractical weapons and vague references to every science fiction masterpiece that came before it. Plus some really obscure ones and some no one has heard of before.
