**Hidden Cameras** Joe Plomin, 2016-02-21 The complete and authoritative guide to the use of hidden cameras to expose abuse or wrongdoing. Secret filming is no longer the preserve of specialists, professional journalists and private investigators. Drawing on the author's own experience producing undercover documentaries and wearing secret cameras, this book explains covert recording for the general public, including specific advice on the practicalities of using a phone or covert camera to record evidence. It considers the legal and ethical issues and provides vital information for anyone who may use or encounter secret filming, including the people or organisations that might be filmed, regulators, social workers, local government officials and anyone who may encounter it in court. It also looks to the future of covert filming and the implications of technological advances, such as drone cameras.

**Whispers of Love in a Tearful World** Nilayan Basu, 2019-10-29 Enjoy vivid descriptions of nature, and memories blended with imagination and imagery from the author's personal photo collections in this fanciful new short story collection! Some say that whenever we see or hear something, it is permanently etched in our brains. Sometimes memories return to haunt us, sometimes to amuse us, and sometimes to make us laugh. Sometimes what we see or hear appears in our dreams, obscured and blended with other memories or fantasies. Neuroscience is complex, and the wonders of the human mind are amazing. Nilayan Basu brings this concept to life in his new short story collection. In *Whispers of Love in a Tearful World*, the tales are imaginary but have distinct ties to real-world events. The natural tendency of the human spirit to seek peace forms the core of

Nilayan's soothing, eloquent prose.

*TRANSGRESSIONS* ROGER D. GRIFFIN,2013-06 Big Inner City politics are notoriously corrupt! But are you aware of how deeply the widespread this corruption is? Transgressions: How one man survived Big Inner City Corruption This is the story of how Roger D. Griffin spent his life bumping up against the city's finest police: From having drugs strapped to his body with duct tape as a child and being slashed severely as it was razor-bladed off- to going undercover for a fraudulent FBI team to break up a very real V.A. fraud ring. Griffin experienced it all. The center piece of the damning evidence-an erotic audio tape of his children being assaulted at gun point with a police officer crowning proudly in the background during a crack party rave on the outskirts of the drama is a shadowy figure named Timothy Bakersfield, a pseudonym for the man who will one day rise to the top. This novel is one man's quest to bring justice to those who harmed his children, and along the way combating others seeking to destroy his life and those he deeply loves. In the end, the audio tape gives us a smoking gun -Requiring a professionally developed forensic transcript in which the circuit court does not divulge the identity of the speaker. Griffin's tenacious courage lead you down the rough path of misplaced loyalty, greed, and hate to arrive miraculously on the other side intact and willing to carry on the pride. Mr. Timothy Bakersfield Remember my family I am back! No one is above the United States Constitution Supreme Court Federal Rules and Regulations!
