Heaven’s Reach David Brin,2021-05-25 Prepare for a harrowing ride through the universe by the New York Times–bestselling author of Startide Rising and The Postman. Book Three in the Uplift Storm Trilogy The peaceful existence of six outcast races on Jijo has ended. Ancient enemies, the Jophur, have discovered them, preparing to subject the refugees to their dark, perverted plans. The Jijoans’ only hope is the same ship that accidentally led their foes to the planet. The Earthship Streaker, with its crew of uplifted dolphins and a human commander, must somehow lure the Jophur into a chase through space . . . into the unknown. And then into the weird. More than just the fate of Jijo—or that of distant Earth, also suffering a deadly siege—hangs in the balance. Some believe a terrifying prophecy is about to come true, one that involves Streaker’s trove of artifacts coveted by factions throughout all Five Galaxies. As countless white dwarf stars verge on unexpected explosion, all sentient life in the universe appears to be at risk unless someone can save them. Praise for the Hugo and Nebula Award–winning Uplift Saga “The Uplift books are as compulsive reading as anything ever published in the genre.” —The Encyclopedia of Science Fiction “An extraordinary achievement.” —Poul Anderson, award-winning author of Tau Zero,on Startide Rising “An exhilarating read that encompasses everything from breathless action to finely drawn moments of quiet intimacy.” —Locus on The Uplift War “Tremendously inventive, ambitious work.” —Kirkus Reviews on Brightness Reef

Red Cell John Kalkowski,2010-03-29 Will Conlan is an unconventional thinker. After winning a baseball game with an innovative toss of a rosin bag, he catches the interest of a chief operative of the Homeland Security's Analytic Red Cell. Employing the creative problem solving of philosophers, futurists, and Hollywood movie writers, this intelligence unit is seeking any original ideas about anticipating terrorist plots. As a recent surge of terrorist activity undermines these fresh insights, the operative banks on the notion that Will's youthful imagination, unclouded by the premise of it can't be done, may provide the key insight they need and seeks to secretly exploit Will's unhindered out-of-the-box thinking. Unaware of the magnitude of danger surrounding him, Will uncovers something he wasn't supposed to discover—a connection between a television advertisement and a master terrorist plot. Narrowly surviving, he alone foils a bombing at Wrigley Field. Uncertain about the knowledge he now holds, he has to figure out the terrorists' next target. Will just doesn't realize it's him.

Cricket Explained Robert Eastaway,2016-04-19 Revised and Updated for 2016! Cricket Explained offers the sports enthusiast a user-friendly introduction to baseball's British cousin, a game that shares with America's national pastime the common ancestor rounders. This is the definitive beginner's guide to the game of cricket, written by a world authority on the sport, the co-inventor of the Coopers & Lybrand World Cricket Ratings System. Cricket Explained takes the reader from the game's fundamentals -- basic rules, terminology, equipment -- to the finer points of strategy, individual playing styles, and cricket lore. The book includes a combined glossary/index for easy reference and is illustrated throughout with the lighthearted drawings of British cartoonist Mark Stevens. So even if you don't know short leg from silly mid off or a bowler from a batsman, you'll come away from Cricket Explained with an understanding for this truly international sport which, like baseball, is loved both for its elegant simplicity and its vexing complexity. Among the topics covered in Cricket Explained's concise, user-friendly entries are: -- Cricket's history -- Making sense of the action on the field -- Batsmen and the batting order -- Fielders and fielding positions -- Fielding and batting tactics -- Scoring and statistics -- Bowling strategy -- How many players are required -- How runs are scored, outs are made, and a game is won -- Umpires and the rules -- Bowlers and their individual styles -- Different types of cricket played throughout the world
