In My Studio Mary Panzer,1986 Rudolf Eickemeyer, Jr. began his work as a photographer in 1884, for his father's engineering firm. His interest piqued, he rapidly advanced to portraiture and landscape photography. Eickemeyer spent twenty years as a commercial success in his role as fashionable Fifth Avenue portraitist. Working with Eastman Kodak, he demystified photography, attracting thousands of amateurs. Eickemeyer excelled at both artistic photography and professional photography, as this exhibition attests. A lifelong resident of Yonkers, New York, Eickemeyer played a key role in the creation of the Yonkers Museum of Science and Art, the institutional forerunner of the Hudson River Museum, an entirely appropriate venue for this comprehensive exhibition and catalog.

Archaeology on the Apulian - Lucanian Border Alastair Small,Carola Small,2022-05-26 The broad valley of the Bradano river and its tributary, the Basentello, separates the Apennine mountains in Lucania from the limestone plateau of the Murge in Apulia in southeast Italy. This book aims to explain how the pattern of settlement and land use changed in the valley over the whole period from the Neolithic to the late medieval.

James Bond Movie Posters Tony Nourmand,2004-04 The guns, the girls, the gadgets, all the key ingredients of Bond--James Bond--are captured in this one-of-a-kind collection of movie posters. These images have become some of the most memorable visual teasers in cinematic history and are now one of the hottest items of memorabilia among both Bond aficionados and movie collectors. This collection features over 200 original posters, including posters that were never released, limited edition festival posters, and rare advance posters. They are all meticulously reproduced in this oversized.

Annuario della musica. 2006-2007 Alessandro Bonini,Emanuele Tamagnini,2006

Principled Profit Shel Horowitz,2003 Horowitz offers the latest addition to the deluge of morally-centred business tomes. In one way, it's an overturning of traditional corporate wisdom -- see your competitors as your allies, not your adversaries, Horowitz suggests -- but it's also something we've been hearing an awful lot of lately: build meaningful relationships with your customers, view your employees as your partners and so on. Nevertheless, the arguments are all sound and illustrated with the customer-obsessed success stories of ventures like Saturn and Nordstrom. Horowitz is at his best when displaying his canny understanding of the media world, advising how to fit your business's message with the media's need to produce timely, relevant stories.

Studio Torelli (Ferrara) Studio Torelli (Ferrara),

L'ultima promessa Claudio Almasio,2022-01-31 La stessa notte che Teanna è scomparsa, la casa dove viveva con la sua famiglia è stata incendiata. È notte fonda quando suo padre riceve la telefonata di Eric, il fratello gemello della ragazza: qualcuno ha dato fuoco alla casa, ma la ragazza non si trova. Il suo corpo non è nemmeno tra i resti dell'edificio e allora che fine ha fatto? È scappata di sua iniziativa o è in pericolo e qualcuno le ha fatto del male? John Gillian nelle sue indagini cercherà di trovare la risposta a questa misteriosa scomparsa, non aveva mai pensato di voler fare la professione dell'investigatore, ma nella sua vita si era trovato spesso a doversi districare in situazioni a dir poco spinose. Così John cerca di mettere assieme tutte le informazioni utili: i contatti di Teanna, le relazioni, uno stalker che la perseguitava, i fratelli pregiudicati, l'ex fidanzato... Da un po' di tempo Teanna era diversa dal solito, spesso era distratta, a scuola aveva iniziato ad andare male e così era stata seguita anche da un terapeuta, tutto poi sembrava essere tornato alla normalità fino al giorno della sua sparizione. Da qui prende avvio una storia che renderà noi stessi detective, sulle tracce delle persone il cui percorso si è intrecciato con quello di Teanna, nei tanti luoghi e vicende che si legano alla sua vita e alla sua inquietante scomparsa. Claudio Almasio è nato nel 1976 a Rho (MI) dove tuttora risiede. Dopo la maturità scientifica si è laureato presso la Facoltà di Giurisprudenza dell'Università di Milano-Bicocca e attualmente svolge la professione di avvocato. È sposato con Cristina, ha un gatto di nome Felix ed è appassionato di libri, soprattutto di genere crime e thriller e coltiva la passione per la scrittura fin da quando era adolescente. Tra i suoi interessi ci sono inoltre lo sport, la musica e suona la chitarra elettrica.

Principles and Applications of Dimensional Analysis and Similarity Sandro G. Longo,2022-02-04 The book provides a summary of the historical evolution of dimensional analysis, and frames the problem of dimensions, systems of units and similarity in a vision dominated by the conventions that formalise even the exact sciences. The first four chapters address the definitions, with few dimensional analysis theorems and similarity criteria. There is also the analysis of self-similarity, both of first and second kind, with a couple of completely solved problems, framed within the group theory. From chapter 5 onward, the focus is on applications in some of the engineering sectors. The number of topics is necessarily limited, but, almost always, there are details, calculations and treatment of assumptions. The book contains descriptions of some of the experimental apparatuses currently used for the realisation of physical models, such as the wind tunnel, the shaking table, the centrifuge, and with the exclusion of many others, which can be found in specialist monographies. Measurement techniques and instrumentation and statistical data processing is also available in other books. Some more specific notions, required by the context, are reported in the appendix, where appears also the description of numerous dimensionless groups, all of engineering interest, but with the exclusion of many others related to physical processes of electrical nature or physics of particles. A glossary lists the meaning of some specific terms typical of dimensional analysis and used in the book.
