The A to Z of Medieval Philosophy and Theology Stephen F. Brown,Juan Carlos Flores,2010-03-23 Examining the influence of ancient Greek philosophy, as well as of the Arabian and Hebrew scholars who transmitted it, The A to Z of Medieval Philosophy and Theology presents the philosophy of the Christian West from the 9th to the early 17th century. This is accomplished through a chronology, an introduction, appendixes, a bibliography, and hundreds of cross-referenced dictionary entries on the philosophers, concepts, issues, institutions, and events, making this an important reference for the study of the progression of human thought.

In Search of Sacred Time Jacques Le Goff,2014-02-23 How The Golden Legend shaped the medieval imagination It is impossible to understand the late Middle Ages without grasping the importance of The Golden Legend, the most popular medieval collection of saints' lives. Assembled for clerical use in the thirteenth century by Genoese archbishop Jacobus de Voragine, the book became the medieval equivalent of a best seller. By 1500, there were more copies of it in circulation than there were of the Bible itself. Priests drew on The Golden Legend for their sermons, the faithful used it for devotion and piety, and artists and writers mined it endlessly in their works. In Search of Sacred Time is the first comprehensive history and interpretation of this crucial book. Jacques Le Goff, one of the world's most renowned medievalists, provides a lucid, compelling, and unparalleled account of why and how The Golden Legend exerted such a profound influence on medieval life. In Search of Sacred Time explains how The Golden Legend—an encyclopedic work that followed the course of the liturgical calendar and recounted the life of the saint for each feast day—worked its way into the fabric of medieval life. Le Goff describes how this ambitious book was carefully crafted to give sense and shape to the Christian year, underscoring its meaning and drama through the stories of saints, miracles, and martyrdoms. Ultimately, Le Goff argues, The Golden Legend influenced how medieval Christians perceived the passage of time, Christianizing time itself and reconciling human and divine temporality. Authoritative, eloquent, and original, In Search of Sacred Time is a major reinterpretation of a book that is central to comprehending the medieval imagination.

Saints and Feasts of the Liturgical Year John Paul Thomas,2023-12-10 If a list were made of the greatest human beings who have ever lived, those reflected upon in this four-volume series would be at the top of that list. Though historians often attempt to judge greatness from their own subjective perspective, there must be an objective criteria by which human greatness is judged. The only Person Who is capable of establishing that criteria is God. The criteria that God has established are the virtues, as identified by Jesus and revealed by Him through the holy Gospels. The goal of this four-volume series is to present each saint found on the Catholic liturgical calendar (as a Solemnity, Feast, or Memorial) in such a way as to identify the Godly virtues that place them on the top of that list. Though their greatness has already been established and their heroic virtues confirmed by the Church, God chose the men and women found in these pages, not only for greatness in their lifetimes but also as models of holiness in ours. These men and women are gifts to you, given by God through the Church. Every saint is unique, but every saint is similar because each one became living witnesses to Christ and living Gospels for a world in need. Some saints were united to God through martyrdom, some through virginity and chastity, some through works of charity, and some through lives of intense prayer. The saints have come from every culture, every socio-economic background, every level of education, and every personality type. Through every saint, God shines forth, radiating His abundant mercy through the diversity of their lives. In the end, it is not their personality, preferences, gifts, or any other unique qualities that unite them as the one communion of saints. It is God and God alone Who floods their souls and forms them into a united song of praise of God's eternal glory. Why read about the saints? Why learn about their lives? Why ponder what they said and did? The answer is simple. You are called to be among their company. You are called to become as holy as they were, transformed by God's grace, and to radiate that grace in the world today. At first, the virtues of the saints might seem to be out of your reach. The saints can appear to be superhuman. The truth is that the saints became fully human by becoming who they were created to be. They rejected the deceptions of the devil, the seductions of the world, and the weaknesses of the flesh. Instead, they discovered the truths of God, sought out the riches of Heaven, and became filled with the strength of every virtue. As you read about the lives of the saints, ponder their words and actions, study their heroic virtues, and learn from their lives of prayer, allow yourself not only to be inspired by them but also to desire to imitate them. Nothing is stopping you from being counted among the saints in Heaven. God promises to lavish every grace upon you that you need to walk down that holy path. Only when you refuse His grace is that mission thwarted.
