**The Game** Jack London, Henry Hutt, T. C. Lawrence, 2020-12-01 “The Game” is a 1905 novel by Jack London that tells the story of Joe, a twenty-year-old man who participates in boxing matches to make some extra money for his family. Engaged to be married, he resolves to give up his pugilistic career, but only after one last match—a match that would be his last whether he wanted it to be or not. The story is told from the point of view of his fiancé, Genevieve. John Griffith London (1876 – 1916), commonly known as Jack London, was an American journalist, social activist, and novelist. He was an early pioneer of commercial magazine fiction, becoming one of the first globally-famous celebrity writers who were able to earn a large amount of money from their writing. London is famous for his contributions to early science fiction and also notably belonged to The Crowd, a literary group in San Francisco known for its radical members and ideas. Other notable works by this author include: “Martin Eden” (1909), “The Kempton-Wace Letters” (1903), and “The Call of the Wild” (1903). Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

Ali Jonathan Eig, 2017-10-03 NEW YORK TIMES BESTSELLER | Winner of the 2018 PEN/ESPN Award for Literary Sports Writing | Winner of The Times Sports Biography of the Year | The definitive biography of an American icon, from a best-selling author with unique access to Ali’s inner circle. “As Muhammad Ali’s life was an epic of a life so Ali: A Life is an epic of a biography . . . for pages in succession its narrative reads like a novel—a suspenseful novel with a cast of vivid characters.” -- Joyce Carol Oates, New York Times Book Review Muhammad Ali was born Cassius Clay in racially segregated Louisville, Kentucky, the son of a sign painter and a housekeeper. He went on to become a heavyweight boxer with a dazzling mix of power and speed, a warrior for racial pride, a comedian, a preacher, a poet, a draft resister, an actor, and a lover. Millions hated him when he changed his religion, changed his name, and refused to fight in the Vietnam War. He fought his way back, winning hearts, but at great cost. Jonathan Eig, hailed by Ken Burns as one of America’s master storytellers, sheds important new light on Ali’s politics, religion, personal life, and neurological condition through unprecedented access to all the key people in Ali’s life, more than 500 interviews and thousands of pages of previously unreleased FBI and Justice Department files and audiotaped interviews from the 1960s. Ali: A Life is a story about America, about race, about a brutal sport, and about a courageous man who shook up the world.

The Black Lights Thomas Hauser, 2000-01-01 Originally published in 1986 (McGraw-Hill), The Black Lights was the first book that fully explored the sport and business of professional boxing. Upon joining the training camp of superlightweight Billy Costello, Thomas Hauser was given unprecedented access to the fighter, his manager, and trainer as well as to the real heavyweights of the boxing world, promoter Don King, and World Boxing Council president Jose Sulaiman. The result, according to Playboy in their review of the original, is a book that explains why fighters fight, what they go through to win, and how they feel when they lose. It is a great book. In this gracefully written, fast-paced narrative, the author slips quietly into the background and gives us a firsthand look at a business that is often cruel and exploitative and a sport that is at once violent and beautiful. As the San Francisco Chronicle points out, The Black Lights provides ammunition for both sides in the debate over boxing: Hauser has written what is clearly the most complete and fairminded work on the subject to date. In an age when the controversy surrounding the evils and merits of boxing still rages, this classic account is more timely than ever.

Viewing Boxing from Ringside Thomas Donelson, 2002-08 I now see Boxing history through a whole new lens. Boxing legends came alive before my eyes and I understood finally what brought them to the levels they attained. Listening to my parents talk about Joe Louis and remembering Cassius Clay/Ali from my own early adult years enhanced the information gleaned from these pages. New names were dangled before me and now I want to know more about them. Where was I when they fought for glory? What kind of lives did they lead? Now I am on a treasure hunt for answers to those questions. This book has whet my appetite for more. Carol Golden-Media Assistant, Marion, IA

The Arc of Boxing Mike Silver,2012-09-21 Are today’s boxers better than their predecessors, or is modern boxing a shadow of its former self? Boxing historians discuss the socioeconomic and demographic changes that have affected the quality, prominence and popularity of the sport over the past century. Among the interviewees are world-renowned scholars, some of the sport’s premier trainers, and former amateur and professional world champions. Chapters cover such topics as the ongoing deterioration of boxers’ skills, their endurance, the decline in the number of fights and the psychological readiness of championship-caliber boxers. The strengths and weaknesses of today’s superstars are analyzed and compared to those of such past greats as Joe Louis, Sugar Ray Robinson, Jack Dempsey and Jake LaMotta.

Falling Hard Chris Jones,2001 In Falling Hard: A Rookie's Year in Boxing, Chris Jones recounts his first year at ringside. He gets dressed down by Don King, gambles his way through Vegas, meets the troubled guy who found Evander Holyfield's ear, goes to Muhammad Ali's birthday party, and witnesses Prince Naseem Hamed explode while Mike Tyson implodes. Like the sport itself, Falling Hard is equal measures of victory and defeat – an intoxicating combination that leaves Jones down for the count more than once. Determined to stay objective, he instead becomes addicted to boxing's special brand of pain, and what begins as a simple curiosity soon escalates into an unhealthy obsession. Jones writes with the rhythm of the sport he covers: hard and fast, with the drama of fiction but the truth of journalism. Sometimes humorous, always suspenseful, Falling Hard is a travelogue for the fight game, boxing distilled to its essence by sportswriting's newest star.

Winks and Daggers Thomas Hauser,2012-01-01 Thomas Hauser's annual collections have been avidly anticipated from the time A Beautiful Sickness was published by the University of Arkansas Press in 2001 until his most recent collection, Boxing Is . . . , was named a 2010 Best Sports Book of the Year by Booklist, which has called Hauser the current champ in boxing literature. Sportswriter Donald McRae recently wrote, Thomas Hauser has become boxing's indispensable writer with a stream of books and internet columns that strip away the layers of intrigue to reveal a seamy but addictive world. Whether writing Muhammad Ali's biography, or shredding boxing's power brokers, Hauser instills passion and gravitas into his work. Winks and Daggers continues that tradition with Hauser's writing from 2010. Hauser brings readers into Manny Pacquiao's intimate circle in the moments before last year's two biggest fights. His award-winning investigative journalism exposes the inner workings of HBO Sports and examines the use of performance-enhancing drugs in boxing. There's a look back in time at Rocky Marciano and Sugar Ray Leonard. And there's much more in this latest collection in the series that has become, according to reviewer Bart Barry, an essential part of boxing's official record and the chronicles of this era most likely to endure.
