**Death Tango** M. Lachi,2023-10-02 In a Utopian twenty-third-century New York City, where corporations have replaced governments, AI dictates culture, and citizens are free to people-watch any other citizen they choose through an app, this horror-laden Sci-Fi Thriller follows four mis-matched coeds as they attempt to solve the murder of an eccentric parascientist. Only someone or some thing able to navigate outside the highest levels of crowd-sourced surveillance could get away with murder in this town. If the team can't work quickly to solve the case, New York will be devoured by a dark plague the eccentric had been working on prior to his death, a plague which, overtime, appears to be developing sentience. ,

*It Takes One to Tango* Winifred M. Reilly,2018-04-03 With a focus on self-empowerment and resilience, this refreshing and witty relationship guide has a reassuring counterintuitive message for unhappy spouses: you only need one partner to initiate far-reaching positive change in a marriage. Conventional wisdom says that “it takes two” to turn a troubled marriage around and that both partners must have a shared commitment to change. So when couples can’t agree on how—or whether—to make their marriage better, many give up or settle for a less-than-satisfying marriage (or think the only way out is divorce). Fortunately, there is an alternative. “What distinguishes Reilly’s book is that she says a warring couple don’t have to agree on the goal of staying together; it takes one person changing, not both, to make a marriage work” (The New York Times). Marriage and family therapist Winifred Reilly has this message for struggling partners: Take the lead. Doing so is effective—and powerful. Through Reilly’s own story of reclaiming her now nearly forty-year marriage, along with anecdotes from many clients she’s worked with, you’ll learn how to: -Focus on your own behaviors and change them in ways that make you feel good about yourself and your marriage -Take a firm stand for what truly matters to you without arguing, cajoling, or resorting to threats -Identify the “big picture” issues at the basis of your repetitive fights—and learn how to unhook from them -Be less reactive, especially in the face of your spouse’s provocations - Develop the strength and stamina to be the sole agent of change Combining psychological theory, practical advice, and personal narrative, *It Takes One to Tango* is a “wise and uplifting” (Dr. Ellyn Bader, Director of The Couples Institute) guide that will empower those who choose to take a bold, proactive approach to creating a loving and lasting marriage.

*Musicians in Transit* Matthew B. Karush,2016-12-02 In *Musicians in Transit* Matthew B. Karush examines the transnational careers of seven of the most influential Argentine musicians of the twentieth century: Afro-Argentine swing guitarist Oscar Alemán, jazz saxophonist Gato Barbieri, composer Lalo Schiffrin, tango innovator Astor Piazzolla, balada singer Sandro, folksinger Mercedes Sosa, and rock musician Gustavo Santaolalla. As active participants in the globalized music business, these artists interacted with musicians and audiences in the United States, Europe, and Latin America and contended with genre distinctions, marketing conventions, and ethnic stereotypes. By responding creatively to these constraints, they made innovative music that provided Argentines with new ways of understanding their nation’s place in the world. Eventually, these musicians produced expressions of Latin identity that reverberated beyond Argentina, including a novel form of pop ballad; an anti-imperialist, revolutionary folk genre; and a style of rock built on a pastiche of Latin American and global genres. A website with links to recordings by each musician accompanies the book.

**Cantoras** Carolina De Robertis,2020-06-02 In defiance of the brutal military government that took power in Uruguay in the 1970s, and under which homosexuality is a dangerous transgression, five women miraculously find one another—and, together, an isolated cape that they claim as their own. Over the next thirty-five years, they travel back and forth from this secret sanctuary, sometimes together, sometimes in pairs, with lovers in tow or alone. Throughout it all, they will be tested repeatedly—by their families, lovers, society, and one another—as they fight to live authentic lives. A groundbreaking, genre-defining work, *Cantoras* is a breathtaking portrait of queer love, community, forgotten history, and the strength of the human spirit.

**Sustainable Logistics and Supply Chains** Meng Lu,Joost De Bock,2015-09-04 This book addresses the main challenges affecting modern logistics and supply chains and is organized according to five main themes: supply chain strategy and management, information and communication technology (ICT) for logistics and related business models, vertical and horizontal collaboration, intelligent hubs (e.g. ports and cities) and policy for sustainable logistics. The

key findings presented are based on both extensive research and on business cases. The book examines logistics from a comprehensive viewpoint embracing the entire supply chain. The overarching advanced logistics and supply chain concept at the heart of this book endeavors to contribute to a sustainable intelligent transport system by making it more efficient, cost-effective, safe, reliable and competitive. Specifically, the book focuses on the need for a variety of supply chain, logistics and transport options, on the potential offered by technological developments, infrastructural and organizational aspects, information flows, the financial and legal domain, harmonization and the complexity of implementation. In closing, the book presents new approaches to the coordination of sound business and governance models.
