Imperative Turns at Talk Marja-Leena Sorjonen,Liisa Raevaara,Elizabeth Couper-Kuhlen,2017-08-15 In middle-class Anglo-speaking circles imperatives are considered impolite forms that command another to do something; etiquette manuals recommend avoiding them. The papers in this collection de-construct such lay beliefs. Through the empirical examination of everyday and institutional interaction across a range of languages, they show that imperatives are routinely used for constructing turns that further sociality in interactional situations. Moreover, they show that for understanding the use of an imperatively formatted turn, its specific design (whether it contains, e.g., an overt subject, object, modal particles, or diminutives), and its sequential and temporal positioning in verbal and embodied activities are crucial. The fact that the same type of imperative turn is appropriate under the same circumstances across linguistically diverse cultures suggests that there are common aspects of imperative turn design and common pragmatic dimensions of situations warranting their use. The volume provides new insights into the resources and processes involved when social actors try to get another to do something.

54 Torah Talks Brian Weinstein,2010-01-21 For Ezra had dedicated himself to study the Teaching of the Lord so as to observe it, and to reach laws and rules to Israel. (Ezra 7:10) The Holy One, blessed be He, says: If a man occupies himself with the study of the Torah and with works of charity and prays with the congregation, I account it to him as if he had redeemed Me and My children from among the nations of the world. (Babylonian Talmud, Berakhot, 8a)

I Have a Theory about That Judy Balan,2019-08-25 Meg likes to plan her life on a spreadsheet. Tania believes in letting the universe take charge. Theirs is an unlikely friendship, to say the least – especially since the two met because they used to date the same guy. At the same time. Now, as older, wiser twenty-nine-year olds (and flatmates, no less), they're determined to enter their thirties with the one thing that's still missing from their halfway happy lives: that elusive long-lasting romance. When a routine conversation ends up with them laying bets on who will find love first, the battle lines are drawn. Now, if only ridiculous first dates, nosey aunties betting on their bet and complicated professional lives would get out of their way for the girls to find their One. And, really, what is the shortest way to finding love – via probability calculations on a-date-a-day week, or just being in the right place at the right time when the planets are all aligned and there are no Venus-Uranus oppositions?

I Talk To Strangers Carole Chandler, 2013-01-22 Anyone can turn their life around. Anyone can significantly transform the way people respond to them. I know they can because I did. I thought it might be fun to share some of my wonderful, wacky, and weird interactions with random people. The Adventures of the Talking Traveling Trunk Colleen Forsyth Percy, 2019-09-06 When ten-year-old June learns she and her mother will be helping her elderly neighbor clean her attic, she thinks it will be a lot of hard work. Soon after she arrives at Mrs. Nichols' house, June happily discovers there is much more than just "junk" within the walls of the neighbor's musty attic. Together with her mother, Janine, who is a local seamstress, June excitedly immerses herself in each memory that Mrs. Nichols unearths from her old dusty attic. As Mrs. Nichols sorts through the boxes filled with old books and clothing, June uncovers a beautiful antique trunk squirreled away in the far corner of the attic and asks Mrs. Nichols about it. In reply, she tells her that her and Mr. Nichols took it with them when they travelled the world. Mrs. Nichols invites June to take it home to explore the many wonderful travel souvenirs that they had collected, now neatly tucked away inside the trunk. It is not long before June, with help from the talking Trunk and souvenirs, embarks on an exciting journey where she learns fun facts about Europe's various countries, customs, and cultures.

We Need to Talk About Inflation Stephen D. King, 2023-04-25 A FINANCIAL TIMES 'BOOK TO READ IN 2023' "Everything you wanted to know about inflation but were afraid to ask."—Mervyn King King's lessons command our attention."—Lawrence H. Summers Maybe you don't think inflation is back for good. That is your right. But you'd be advised to read this book first."—Stephanie Flanders From investors and monetary authorities to governments and policy makers, almost everyone had assumed inflation was dead and buried. But now people the world over are confronting a poisonous new economic reality and, with it, the prospect of vast and increasing wealth inequality. How have we arrived in this situation? And what, if anything, can we do about it? Celebrated economist Stephen D. King—one of the few to warn ahead of time about the latest inflationary upheaval—identifies key lessons from the history of inflation that policy makers chose not to heed. From ancient Rome through the American Civil War and up to the asset bubbles of today, inflation stems from policy error, sovereign greed, and a collective loss of faith in currencies. *We Need to Talk About Inflation* cuts through centuries of bad judgment and misunderstanding, offering a means to intervene now—so we can begin to tackle the political and social upheaval unleashed by inflation.

Cross Talk MR Terrence Allen Gilbert, Terrence Allen Gilbert, 2009-12-22 While working a deal to provide an encrypted communications network to the Mexican government, businessman Derek Price finds himself thrust into the Drug Wars and between a rock and a hard place. The CIA seizes the opportunity and the technology to infiltrate and uncover the cartel leadership while the Drug Tsars, aided by Cuba and a couple of veteran cold warriors, secretly turn the tables - and turn the network into an effective counter-espionage tool. Price is shanghaied and controlled through the implantation of a torturous, pain-inducing microchip in his brain. He is forced to keep the Tsar's secrets, do their bidding and betray all those around him. The secret founder and the leader of La Cofradia, the most blood-thirsty cartel yet to emerge, gains momentum and threatens to take over - everything. Pro-American officials are framed and imprisoned, and the CIA is duped into implementing a plot to assassinate its own hand-picked presidential candidate. Ultimately Price finds a way to protect himself and joins forces with others victimized by the Tsars. They work together to deceive the deceivers and settle the score.

Talk Fiction Irene Kacandes, 2001-01-01 Everywhere you turn today, someone (or something) is talking to you?the television, the radio, cell phones, your computer. If you think some of the novels and stories you read are talking to you too, you're not alone, and you're not mistaken. In this innovative, multidisciplinary work, Irene Kacandes reads contemporary fiction as a form of conversation and as part of the larger conversation that is modern culture. ø Within a framework of talk as interaction, Kacandes considers texts that can be classified as statements, that is, texts that wholly or in part ask for their readers to react? to talk back?to them in certain ways. The works she addresses?from writers as varied as Harriet O. Wilson, Margaret Atwood, William Faulkner, Virginia Woolf, Graham Swift, G_nter Grass, John Barth, Julio Cort¾azar, and Italo Calvino?conduct their interactions in certain modes to accomplish different sorts of cultural work: storytelling, testimony, apostrophe, and interactivity. By focusing on texts within these groupings, Kacandes is able to relate the different modes of talk fiction to extraliterary cultural developments in our oral age?and to show how such interactions, however contrary to the dominant twentieth-century view of literature as art for art's sake, help to keep literature alive and speaking to us.
