Feedback Fundamentals and Evidence-Based Best Practices Brodie Gregory Riordan,2020-09-22 Feedback is an incredibly valuable source of information – it enables us to be more self-aware and understand what we are doing well, and it tells us what we could be doing differently, more of, or less of to improve our performance and achieve our goals. Feedback Fundamentals and Evidence-Based Best Practices: Give It, Ask for It, Use It provides an essential overview of feedback fundamentals, what gets in the way of effective feedback exchanges, and the impact of technology on feedback interactions.
