Potential Causes and Impacts of Dukhan Adhitya Dwipayana Raspati, 2021-09-27 Dukhan is a sign of the beginning of the great apocalypse or the destruction of the world, trusted by all Muslims. The potential for a dukhan disaster can be caused by a series of several cosmic events around Planet Earth that occur almost simultaneously, which will have a negative impact on Planet Earth. The potential impact of dukhan allows it to be global, can disrupt the stability of the Earth's environmental layers or biosphere, which threatens the survival of living things on Planet Earth, especially to humans. Humans who are exposed to dukhan will be divided into two groups, one of the effects of dukhan on humans, that will experience health problems, ranging from mild to the level of genetic mutations. Disaster mitigation approach is needed in dealing with the dukhan disaster event as an effort so that humans can survive.

*Messianic Ideas and Movements in Sunni Islam* Yohanan Friedmann, 2022-06-16 Expectation of a redeemer is a widespread phenomenon across many civilizations. Classical Islamic traditions maintain that the mahdi will transform our world by making Islam the sole religion, and that he will do so in collaboration with Jesus, who will return as a Muslim and play a major role in this apocalyptic endeavour. While the messianic idea has been most often discussed in relation to Shi'i Islam, it is highly important in the Sunni branch as well. In this groundbreaking work, Yohanan Friedmann explores its roots in Sunni Islam, and studies four major mahdi claimants - Ibn Tumart, Sayyid Muhammad Jawnpuri, Muhammad Ahmad and Mirza Ghulam Ahmad - who made a considerable impact in the regions where they emerged. Focusing on their religious thought, and relating it to classical Muslim ideas on the apocalypse, he examines their movements and considers their achievements, failures and legacies - including the ways in which they prefigured some radical Islamic groups of modern times.

Shifting Allegiances: Networks of Kinship and of Faith Isabel Moyra Dale, 2016-07-13 What happens when Muslim women gather together at the mosque to read the Qur'an, learn, and pray? How does family loyalty interact with mosque attendance for women? This book explores the growing Muslim women's piety movement through looking at one women's program in a Syrian suburban mosque. Community models shape individual behavior. The place and power of blessing help define the boundaries between orthodox and popular Islam. Modesty and shame, feasts and fasting, purity and prayer, interact to shape daily life possibilities for women involved in the mosque program. At the same time, the growing accessibility of religious teaching for women allows them to take up new places of authority in the Muslim ummah. Women read the Qur'an not just for blessing, but for what it has to say to issues of daily female and family life. And the words of communal dhikr devotion offer a window into the worshippers' consciousness of God and of Muhammad, Prophet of Islam. This detailed examination of a women's mosque program places it within the wider contemporary movement of piety and da'wa (mission) in Islam, offering an insight into the forces that are shaping communities and countries today.

**In Quest for God and Freedom** Anna Zelkina, 2000-10 Zelkina (Oriental and African studies, U. of London, England) examines the history of the current crisis in the Caucasus, focusing on the Sufi brotherhoods, mainly the Naqshbandiyya, under whose charge the resistance to the Russians was conducted during the first half of the 19th century. She explains the impact of this Muslim mystical order upon the social, religious, and political life of the peoples of Chechnya and Daghestan, with insights on the Islamization of the North Caucasus and on the current role played by the brotherhoods in the region. *The Naqshbandi Sufi Tradition Guidebook of Daily Practices and Devotions* Muhammad Hisham Kabbani, Shaykh Muhammad Hisham Kabbani, 2004 One of the distinguished schools of Islamic spiritual discipline, the Naqshbandi Sufi Order has a long and illustrious history from the first days of Islam. Led by the shaykhs of the Golden Chain-inheritors of spiritual knowledge from Prophet Muhammad-the Naqshbandi Order has always played a central, pivotal role in the life of people in the Muslim world and survived the turmoil and tribulations of the past century to remain one of the few authentic mystical traditions maintaining a living link with its ancient past. The extraordinary vision of the Naqshbandi Saints was manifest in their establishment of fixed devotions and daily practices firmly rooted in the Qur'an and Sunnah of the Prophet. These practices have enabled devout seekers to awaken certainty of belief and to attain stations of nearness to the Divine Presence. The renewed prominence of this order at the turn of the 21st century, due to the indefatigable striving of Mawlana Shaykh Muhammad Nazim al-Haqqani, signals an impending change to our society in which aspirants to Divine Service will be granted to transcend the bounds of the physical senses in order to fulfill the unexplored potential in each human heart. The Naqshbandi Devotions are a source of light and energy, an oasis in a worldly desert. Through the manifestations of Divine Blessings bestowed on the practitioners of these magnificent rites, they will be granted the power of magnanimous healing, by which they seek to cure the hearts of mankind darkened by the gloom of spiritual poverty and materialism. We pray that each person who picks up this book of devotions with sincere intention to observe any of its efficacious practices will receive a portion of the blessings and manifestations bestowed on the greatest saints of earlier times.

**Key Terms of the Qur'an** Nicolai Sinai, 2023-07-11 An essential single-volume companion to the critical interpretation of Islamic scripture This book provides detailed and multidisciplinary coverage of a wealth of key Qur'anic terms, with incisive entries on crucial expressions ranging from the divine names *allāh* ("God") and *al-rahmān* ("the Merciful") to the Qur'anic understanding of belief and self-surrender to God. It examines what the terms mean in Qur'anic usage, discusses how to translate them into English, and delineates the role they play in expressing the Qur'an's distinctive understanding of God, humans, and the cosmos. It offers a comprehensive but nonreductionist investigation of the relationship of Qur'anic terms to earlier traditions such as Jewish and Christian literature, pre-Islamic Arabic poetry, and Arabian epigraphy. While the dictionary is primarily engaged

in ascertaining what the Qur'an would have meant to its original recipients in late antique Arabia, it makes selective and critical use of later Muslim scholarship alongside an extensive body of secondary research in English, German, and French from the nineteenth century to today. The most authoritative historical-critical reference work on key Qur'anic terms Features a host of entries ranging from concise overviews to substantial essays Draws on comparative material such as Jewish and Christian literature, pre-Islamic Arabic poetry, and Arabian epigraphy Discusses how to best translate Qur'anic terms into English Explores the Qur'an's vision of God, humans, and the cosmos through an analysis of fundamental and recurrent Qur'anic expressions Accessible to readers with little or no Arabic

*The Sufi Saint of Jam* Shivan Mahendrarajah, 2021-04-08 The Sunni saint cult and shrine of Ahmad-i Jam has endured for 900 years. The shrine and its Sufi shaykhs secured patronage from Mongols, Kartids, Tamerlane, and Timurids. The cult and shrine-complex started sliding into decline when Iran's shahs took the Shi'i path in 1501, but are today enjoying a renaissance under the (Shi'i) Islamic Republic of Iran. The shrine's eclectic architectural ensemble has been renovated with private and public funds, and expertise from Iran's Cultural Heritage Organization. Two seminaries (madrassa) that teach Sunni curricula to males and females were added. Sunni and Shi'i pilgrims visit to venerate their saint. Jami mystics still practice 'irfan ('gnosticism'). Analyzed are Ahmad-i Jam's biography and hagiography; marketing to sultans of Ahmad as the 'Guardian of Kings'; history and politics of the shrine's catchment area; acquisition of patronage by shrine and shaykhs; Sufi doctrines and practices of Jami mystics, including its Timurid-era Naqshbandi Sufis.

Dhikr of Allah Hasina J Hai-Hasan, 2023-10-18 The remembrance of Allah is a form of charity that can take us one step closer to Allah and the Gardens of Paradise! We must praise Allah. We must beg Him for forgiveness of our sins. We must ask Him for success in this life and in the Hereafter. And we must increase our remembrance of Him and keep our tongues moist with His remembrance. The successful Muslim is one who truly knows in their hearts that their ultimate return is to Allah. And as such, they prepare themselves by doing those things that will make their scales heavy with goodness on the Day of Reckoning. It is these Believers who attain the pleasure of Allah and it is these Believers who Allah allows them to see Him on that ultimate day of days. Sometimes we think that Paradise is not possible. We think of what we've done and feel doomed. But we must remember that Allah knows of our shortcomings. He knows of the trials we must face each and every day of our lives for He is the All Knowing. Allah is also the All Merciful and He gives us a way to redeem ourselves, even at our weakest moments. It is through the remembrance of Allah and our acts of kindness and charity, that we can help ourselves and improve our standing for

that final judgement day, Inshallah. What have we got to lose? For every second we waste not remembering Allah, the further away we get from Jannat. The more time we spend in remembering Allah, the further we get from the punishment of Hell. A person should never lose hope in Allah's mercy for there is no limit to His mercy. This book is an attempt to compile the most commonly used Islamic prayers from Quran and Sunnah that one can use for the daily prayers, Umrah, Hajj, Ramadan and any time that one wishes to supplicate, in one book. This book is not a compilation of the daily prayers one should learn for daily life activities like how to give Salam or what to say when one eats or goes to sleep or goes out on a journey. This book is a compilation of prayers and dhikr that one can use for Salat and for performing Dhikr of Allah. This book is divided into sections to make it easier for the reader to use while praying or simply when they want to praise Allah or ask Him for forgiveness. There is a section on the different types of Dhikr that one can recite for a given purpose but most are for the praise of Allah and asking Him for forgiveness, for Paradise and success in this life and in the Hereafter. This book does not contain all the Arabic versions for the prayers but concentrates on transliterating and translating the prayers for non-Arabic readers or for those who find it easier to read the transliteration much more quickly than the Arabic text. Allahummagh-firlee, warhamnee, wahdinee, w'afinee, warzuqnee - O' my Lord! Forgive me, have mercy upon me, guide me, keep me safe [from afflictions], and provide for me! Rabbana la tuzigh quloobana ba'da iz hadaytana wa hablana milladunka rahmahtan, innaka antal-wah'hab - Our Lord! Let not our hearts deviate now after You have guided us, and Grant us mercy from Your presence for you are the grantor of bounties without measure. Rabbana atina fid-duniya hasanatan wafil akhirati hasanatan wa qina a'zabannar. - Our Lord! Grant us good in this world and good in the hereafter, and save us from the chastisement of the fire! And all that is good comes from Allah and all that I have made mistakes or said in error come only from me, and may Allah forgive me for my mistakes. Ameen.

*The Quṣṣās of Early Islam* Lyall R. Armstrong, 2016-10-11 In *The Quṣṣās of Early Islam* Lyall Armstrong analyzes the roles and reputations of the Islamic qāṣṣ from the rise of Islam through the end of the Umayyad period.

The Language of the Taj Mahal Michael D. Calabria, 2021-10-21 The Taj Mahal, built by the Mughal emperor Shah Jahan (1592-1666 CE) as a mausoleum for his wife Mumtaz Mahal (1593-1631 CE), is considered exceptional in the history of world architecture. This book provides a deeper understanding of the Taj Mahal and its builder by examining its inscriptions within their architectural, historical and biographical contexts. The texts adorning the Taj Mahal comprise verses from twenty-two different chapters of the Qur'an but their meaning and significance escapes most non-Muslim visitors or those unable to read them. This book will be the first dedicated solely to the inscriptions in the monument, providing translations, commentary and interpretation of the texts. As well as offering a unique approach to the study of the building, the book uses the inscriptions to expound the foundational elements of Islam, the faith of Shah Jahan and also what the Taj Mahal still means today.

Music that works Roland Haas, Vera Brandes, 2010-01-08 Many different disciplines are analyzing the impact of music today. How and why this ancient cultural asset molds, empowers and makes use of us can only become apparent in a synopsis and exchange involving scientific research. With this perspective as its foundation, the conference Mozart and Science extended invitations to the first interdisciplinary and international dialogue between the social and physical sciences about the effects of music. This book is based on the results of that congress. It contains contributions penned by leading scientists from around the world belonging to diverse music science disciplines and in particular covers psycho-physiological, neuro-developmental and cognitive aspects associated with the experience of music. Additional essays provide insights into research conducted about how music is applied in therapy and medicine.

Turkic Soundscapes Razia Sultanova, Megan Rancier, 2018-01-19 The Turkic soundscape is both geographically huge and culturally diverse (twenty-eight countries, republics and districts extending from Eastern Europe through the Caucasus and throughout Central Asia). Although the Turkic peoples of the world can trace their linguistic and genetic ancestries to common sources, their extensive geographical dispersion and widely varying historical and political experiences have generated a range of different expressive music forms. In addition, the break-up of the Soviet Union and increasing globalization have resulted in the emergence of new viewpoints on classical and folk traditions, Turkic versions of globalized popular culture, and re-workings of folk and religious practices to fit new social needs. In line with the opening up of many Turkic regions in the post-Soviet era, awareness of scholarship from these regions has also increased. Consisting of twelve individual contributions that reflect the geographical breadth of the area under study, the collection addresses animist and Islamic religious songs; the historical development of Turkic musical instruments; ethnography and analysis of classical court music traditions; cross-cultural influences throughout the Turkic world; music and mass media; and popular music in traditional contexts. The result is a well-balanced survey of music in the Turkic-speaking world, representing folk, popular and classical traditions equally, as well as discussing how these traditions have changed in response to growing modernity and cosmopolitanism in Europe and Central Asia.
