Working Hard, Hardly Working Grace Beverley,2022-04-14 'Excellent' The Times 'Offers a fresh take on how to create your own balance, be more productive and feel fulfilled in the high-pressure social media age' Cosmopolitan, 12 BEST NEW BOOKS TO READ 'Serves some serious inspiration for the business-minded' Bustle, TOP DEBUT BOOKS OF 2021 In *Working Hard, Hardly Working*, entrepreneur Grace Beverley reflects on our new working world - where every hobby can be a hustle and social media is the lens through which we view ourselves and others - and offers a fresh take on how to create your own balance, be more productive and feel fulfilled. Insightful, curious and refreshingly honest, this book will open your eyes to what you want from your life and work - and then help you chart a path to get there.

Ronnie Ronnie O'Sullivan,2019-11-14 Ronnie is snooker's most written and talked about player, and its greatest showman. His supreme talent and style have made him the People's Champion and, as one commentator put it, 'the question is not how much does Ronnie O'Sullivan need snooker, but how much does snooker need Ronnie O'Sullivan?' A honest and candid account of his extraordinary life, Ronnie tells of the infant who was introduced to legendary snooker clubs at an impossibly early age; of the boy who frightened off the bookies aged just 12; of the teenager whose life was decimated when his father and mentor was sent to prison for life; and of the man dubbed the 'genius' of the modern game who regularly threatened to quit the sport to pursue other interests at the grand old age of 28. 'A fine autobiography ... compelling' - Independent 'O'Sullivan is as frank about his spell in the Priory clinic as he is about his father's murder conviction. His accounts of snooker tournaments and sketches of the sport's personalities will fascinate fans, but even snooker haters will be rooting for Ronnie in the game of life' - OK!

Billiards, Revised and Updated Billiards Congress of America,2005-05-01 Here in a single, compact handbook are all the rules for the myriad forms of pocket billiards. Billiards: The Official Rules and Records Book is complete with detailed instructions on how to play everything from Basic Pocket Billiards to Cut-Throat, together with the rules for tournament games such as Nine Ball and Rotation, and Snooker and Carom games. These are the official rules of billiards from the Billiard Congress of America, the governing body of professional billiards in the United States. A very helpful chapter for the beginner includes professional tips on basic techniques and strategies. Also included are a glossary of billiard terms and a summary of BCA billiards champions.

Applied Mathematics by Example: Exercises ,

Counterterrorism and Cybersecurity Newton Lee,2015-04-07 From 9/11 to Charlie Hebdo along with Sony-pocalypse and DARPA's \$2 million Cyber Grand Challenge, this book examines counterterrorism and cyber security history, strategies and technologies from a thought-provoking approach that encompasses personal experiences, investigative journalism, historical and current events, ideas from thought leaders and the make-believe of Hollywood such as 24, Homeland and The Americans. President Barack Obama also said in his 2015 State of the Union address, We are making sure our government integrates intelligence to combat cyber threats, just as we have done to combat terrorism. In this new edition, there are seven completely new chapters, including three new contributed chapters by healthcare chief information security officer Ray Balut and Jean C. Stanford, DEF CON speaker Philip Polstra and security engineer and Black Hat speaker Darren Manners, as well as new commentaries by communications expert Andy Marken and DEF CON speaker Emily Peed. The book offers practical advice for businesses, governments and individuals to better secure the world and protect cyberspace.

Hopper Mark Strand,2011-11-29 Now in rich color, thirty of American painter Edward Hopper’s masterpieces with critiques from acclaimed poet Mark Strand. Strand deftly illuminates the work of the frequently misunderstood American painter, whose enigmatic paintings—of gas stations, storefronts, cafeterias, and hotel rooms—number among the most powerful of our time. In brief but wonderfully compelling comments accompanying each painting, the elegant expressiveness of Strand’s language is put to the service of Hopper’s visual world. The result is a singularly illuminating presentation of the work of one of America’s best-known artists. Strand shows us how the formal elements of the paintings—geometrical shapes pointing beyond the canvas, light from unseen sources—locate the viewer, as he says, “in a virtual space where the influence and availability of feeling predominate.” An unforgettable combination of prose and painting in their highest forms, this book is a must for poetry and art lovers alike.

Game Coding Complete Mike McShaffry,2005 Game Coding Complete, Second Edition is the essential hands-on guide to developing commercial quality games written by master game programmer, Mike McShaffry. This must-have second edition has been expanded from the bestselling first edition to include the absolute latest in exciting new techniques in game interface design programming, game audio programming, game scripting, 3D programming, network game programming and gam engine technology. All of the code in the book has been completely updated to work with all of the latest compiler technology.

The Taking of Others Augustin B. DaCosta,2019-04-11 Detective Inspector Eleanora Sanderson is given the baffling case of six prisoners confined in one prison, all dying within minutes of each other, and now she is ordered to assist the new Superintendent Thomas Speedwell with his ongoing investigations of the viciously efficient and deadly assassin known as ‘The Ghost’ Sutaki Oshiro, a young ex- kamikaze pilot didn’t want to commit enforced suicide, so on his first mission, he deserts. Sixty odd years later, he’s in a waterfront bar in Turkey where he has been staring at something for the past three years.... What and why? Sam Masters the I.T. Manager at Police Headquarters is on holiday, and he witnesses this bizarre scene in that bar. The result of his observation was momentous and life changing to him, and his crucial mistake changed the lives of many others.

Good Friday on the Rez David Hugh Bunnell,2017-04-25 Good Friday on the Rez follows the author on a one-day, 280-mile round-trip from his boyhood Nebraska hometown of Alliance to the Pine Ridge Indian Reservation in South Dakota, where he reconnects with his longtime friend and blood brother, Vernell White Thunder. In a compelling mix of personal memoir and recent American Indian history, David Hugh Bunnell debunks the prevalent myth that all is hopeless for these descendants of Crazy Horse, Red Cloud, and Sitting Bull and shows how the Lakota people have recovered their pride and dignity and

why they will ultimately triumph. What makes this narrative special is Bunnell's own personal experience of close to forty years of friendships and connections on the Rez, as well as his firsthand exposure to some of the historic events. When he lived on Pine Ridge at the same time of the American Indian Movement's seventy-one-day siege at Wounded Knee in 1973, he met Russell Means and got a glimpse behind the barricades. Bunnell has also seen the more recent cultural resurgence firsthand, attending powwows and celebrations, and even getting into the business of raising a herd of bison. Substantive and raw, Good Friday on the Rez is for readers who care about the historical struggles and the ongoing plight of Native Americans, and in particular, that of the Lakota Sioux, who defeated the U.S. Army twice, and whose leaders have become recognized as among America's greatest historical figures. Good Friday on the Rez is a dramatic page-turner, an incredible true story that tracks the torment and miraculous resurrection of Native American pride, spirituality, and culture—how things got to be the way they are, where they are going, and why we should care.

Pirate Cinema Cory Doctorow,2012-10-02 From the New York Times bestselling author of Little Brother, Cory Doctorow, comes Pirate Cinema, a new tale of a brilliant hacker runaway who finds himself standing up to tyranny. Trent McCauley is sixteen, brilliant, and obsessed with one thing: making movies on his computer by reassembling footage from popular films he downloads from the net. In the dystopian near-future Britain where Trent is growing up, this is more illegal than ever; the punishment for being caught three times is that your entire household's access to the internet is cut off for a year, with no appeal. Trent's too clever for that too happen. Except it does, and it nearly destroys his family. Shamed and shattered, Trent runs away to London, where he slowly learns the ways of staying alive on the streets. This brings him in touch with a demimonde of artists and activists who are trying to fight a new bill that will criminalize even more harmless internet creativity, making felons of millions of British citizens at a stroke. Things look bad. Parliament is in power of a few wealthy media conglomerates. But the powers-that-be haven't entirely reckoned with the power of a gripping movie to change people's minds.... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Athletico Mince Bob Mortimer,Andy Dawson,2017 For the first book inspired by their popular podcast, Bob Mortimer and Andy Dawson considered producing an authoritative guide to the past, present and future world of football. But, as in the podcast, they got a bit side-tracked. As well as bringing you some (more or less) completely genuine football facts, Bob and Andy speculate about the lifestyle of baked bean-loving, yellow snake-owning ex-England boss Steve McClaren, and investigate the 'Gangs of the EPL', where football meets infantile bullying. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro - and the lyrics from some of Bob's most memorable Scottish songs, so that you can sing them to your children, elderly relatives or, indeed, yourself, should you need to be soothed after learning about Robson Green's Extreme Bangers. In summary, it's a bit of a mess - but - it's a beautiful, glorious, hilarious mess and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you.

White Walls Judy Batalion,2016-01-05 A memoir of mothers and daughters, hoarding, and healing. Judy Batalion grew up in a house filled with endless piles of junk and layers of crumbs and dust; suffocated by tuna fish cans, old papers and magazines, swivel chairs, tea bags, clocks, cameras, printers, VHS tapes, ballpoint pens...obsessively gathered and stored by her hoarder mother. The first chance she had, she escaped the clutter to create a new identity—one made of order, regimen, and clean white walls. Until, one day, she found herself enmeshed in life’s biggest chaos: motherhood. Confronted with the daunting task of raising a daughter after her own dysfunctional childhood, Judy reflected on not only her own upbringing but the lives of her mother and grandmother, Jewish Polish immigrants who had escaped the Holocaust. What she discovered astonished her. The women in her family, despite their differences, were even more closely connected than she ever knew—from her grandmother Zelda to her daughter of the same name. And, despite the hardships of her own mother-daughter relationship, it was that bond that was slowly healing her old wounds. Told with heartbreaking honesty and humor, this is Judy’s poignant account of her trials negotiating the messiness of motherhood and the indelible marks that mothers and daughters make on each other’s lives.

Total Snooker Iphone Book Review: Unveiling the Magic of Language

In an electronic digital era where connections and knowledge reign supreme, the enchanting power of language has be more apparent than ever. Its capability to stir emotions, provoke thought, and instigate transformation is actually remarkable.
