**Shocking Celebrity Murders** Jack Smith,2021-11-11 Hollywood is the place where dreams are made. Yet, it can also be the source of many nightmares as well. Many are surprised to learn of all of the tragic deaths that have been inflicted upon Hollywood celebrities. In this book are some of the most shocking stories. Download FREE with Kindle Unlimited! Hollywood has long fascinated the masses. Not just with blockbuster films, but also by way of the Hollywood lifestyle. The lives of the rich and famous stars who strut down Sunset Boulevard hold us mesmerized. One can't help but wonder about what being a celebrity must really be like. And the same goes for Hollywood tragedy. When tragedy occurs, people can't help but find themselves drawn to the spectacle. Cases of celebrities being murdered in particular are bound to get attention. Some of the cases mentioned in this book are rather clear-cut instances of murder, while others still remain a complete mystery to this very day. It was quite obvious for example, who the culprits were in the deaths of aspiring actresses Rebecca Schaeffer and Dominique Dunne, since the killers of these two aspiring actresses, readily admitted to doing the killing. These tragic instances have shown that even the rich and famous are just as vulnerable as the rest of us. Then again, for Hollywood screenwriter Gary Devore, there was no such luck. In fact, when the celebrated writer was found with his hands cut off, no one seemed to have a clue as to what had happened to him. Here in this book, we will highlight some of the most infamous Hollywood murders, along with a few that you might not have heard much about, including: George Reeves Bruce Lee Desmond Taylor Selena Lana Clarkson Kristi Johnson Bob Crane And many more! **Accused** Amber Hunt,Amanda Rossmann,2018-09-18 Transcripts from the popular true-crime podcast tell the story of one of Ohio's infamous cold cases: the fatal stabbing of a Miami University graduate. When Elizabeth Andes was found bound, stabbed, and strangled in her Ohio apartment in 1978, police and prosecutors decided within hours it was an open-and-shut case. Within days, Bob Young, a 23-year-old football player who'd found his college sweetheart's lifeless body on their bedroom floor, was charged with her murder. To this day, police and prosecutors still say they had the right guy—even though two juries, one criminal and one civil, disagreed, and Young walked away a free man. Beth's case went cold. Nearly four decades later, two Cincinnati reporters re-examined the murder and discovered that law enforcement ignored leads that might have uncovered who really killed Beth Andes. It wasn't that there weren't other people to look at. There were plenty. But no one bothered . . . until now. "A must-read for true crime fans, as well as people with even just a passing interest in the machinations of the legal system."—The True Crime Files

**TRUE CRIME USA - Real Crime Cases From The United States - Adrian Langenscheid** Adrian Langenscheid,2019-12-17 TRUE CRIME USA: Real Crime Cases From The United States - 14 Shocking Short Stories Taken From Real Life Adrian's unsparing short stories are like the tragic storm that unexpectedly strikes. Before you know it, all he left behind is destruction. What remains are strong emotions, many questions and the feeling of being thrown back on what really matters in life. Langenscheid's cool, clear short stories don't seem to aim for emotion, but precisely because of their brutal, matter-of-fact, neutral portrayal they are so incredibly shocking. TRUE CRIME USA - REAL CRIME CASES FROM THE UNITED STATES Cold blooded murders, fatal family dramas, and a spectacular robbery. It's no secret that True Crime is not for the faint-of-heart. These true and authentic criminal cases tell the stories of people known to us - friendly neighbours, devoted parents and/or loving partners. This book is about the people behind their bourgeois façade, where unspeakably deep human abysses exist that nobody, not even those closest to them, would have thought was possible. In his second book TRUE CRIME USA, one of Germany's bestselling true crime authors, Adrian Langenscheid once again documents the real crimes from real neighbourhoods. This time, the tales originate from the United States of America. Crimes that actually happened - you will be captivated and shocked, amazed and moved to tears. Shaken to the core, you will question everything you think you know about human nature. Even investigators, judges, defense lawyers and public prosecutors are not immune to the fact that these defendants are on trial for particularly horrific acts. The heartbreaking fates of the victims and their relatives are gradually exposed. In an ideal world, the final verdict ensures the just punishment of the perpetrators - but what punishment is truly-just in the face of such cruel reality? In fourteen true crime short stories, you will get to know some of the most-spectacular American true crime cases of the last few decades. The well-known German crime podcast, Wahre Verbrechen, features two additional, spectacular cases. Crimes such as murder, manslaughter, kidnapping, abuse, fraud, treason and robbery often involve people like you and me whose lives have suddenly and completely changed from one day to the next due to tragic circumstances. Was it greed, the lust for murder, a perverse sexual inclination or a blackout, that made the serial killer act so ruthlessly? Does the perpetrator hide his true motive? Does he suffer from a psychological anomaly, like bipolar disorder or the Münchhausen deputy syndrome? How is it possible for such a small motive to erase the life of a child? What distinguishes us from those who take others' lives? Which criminalistic methods and procedures of modern psychology help to identify the most terrible murderers of our time? Each chapter of True Crime USA details a real criminal case, factually, truthfully and free of any greed for sensationalism. This poignant book gets under your skin. Heinous acts like the cold-blooded murder of five siblings by their own mother or the tearful death of an unjustly-condemned, coloured-boy who was never allowed to grow up. Every story in this book is an authentic portrayal of a serious crime. Life writes the most horrific stories and this book sums them up. Immerse yourself in the shocking world of true crime cases and real crimes! True Crime USA.

**Failure of Justice** John Ferak,2016-05-19 “A chilling piece of journalism” from the bestselling author of Wrecking Crew: Demolishing the Case Against Steven Avery (Ron Franscell , author of Alice & Gerald). In this thrilling true crime book, bestselling and award-winning author John Ferak explores the murder, investigation, trial, conviction and eventual exoneration—the largest such ever in the United States—of the Beatrice 6. On February 5, 1985, one of the coldest nights on record, Beatrice, Nebraska widow Helen Wilson was murdered inside her second-floor apartment. The news of six arrests was absolutely stunning to the locals in this easy-going, blue-collar community of 12,000 residents. But why were six loosely connected misfits who lived as far away as Alabama, Colorado and North Carolina being linked to the rape and murder of a beloved small-town widow? After all six of the condemned were convicted of murder and sent away to prison for the ghastly crime, the town moved on, convinced that justice was served. For more than twenty-five years, the Beatrice 6 rotted in prison, until the unthinkable occurred in 2008 . . . In Failure of Justice, John Ferak delivers a “riveting account . . . [of] an overzealous police investigation that generated false confessions and false evidence. The unbelievable story of the Beatrice 6 provides a wake-up call at a time when serious wrongful convictions continue to come to light with disturbing frequency” (Brandon L. Garrett, Justice Thurgood Marshall Distinguished Professor of Law, University of Virginia School of Law). “One of the most bizarre stories I’ve ever heard of.”—Burl Barer, Edgar Award-winning true-crime author, host of Outlaw radio’s True Crime Uncensored

But behind closed doors, her husband led a destructive double life. On August 16, 1996, Janet had an appointment to finally file for divorce. But she never arrived. On the night of August 15, she vanished. Janet’s disappearance incited a massive search and media frenzy that revealed her husband Perry’s seedy dealings. When he absconded with his children to a new life in Mexico, Janet’s parents began a decade-long, international custody battle that culminated in Perry’s dramatic extradition to Tennessee. Meanwhile, the Nashville Police Department never found Janet’s body. **True Crime Stories** H. J. Tidy,2022-12-09 No one ever truly disappears. In every unsolved case, at least one person knows the truth. True crime is one of the most popular genres on the bookshelves--new docuseries and podcasts entice an audience millions strong. But why are we so drawn to real-life horror? What does it say about us? True crime is about humanity. We are hardwired to pay attention to things that could harm us, and that's why so many of us are captivated by the genre. It's not a reflection of something dark within us--it's a reflection of human nature. True crime has become more than a source of entertainment, and it plays a critical role in giving forgotten victims a voice they never had the chance to share. Indeed, reading and sharing true crime stories is an act of social responsibility. When true crime is done well, it teaches us how to be vigilant. It teaches us compassion, and it keeps the memories of victims alive. True crime writers have the responsibility to provide a balanced narrative and tell the stories of both perpetrator and victim without sensationalism. It is through this careful attention to detail that the victim is honored, and innocent bystanders are protected from the crossfire. Having lived through the traumatic disappearance of a loved one herself, H.J. Tidy understands the weight of this responsibility and expertly guides you through some of the most disturbing true crime stories of all time. In True Crime Stories: Murders, Disappearances, and Serial Killers: Twisted Tales of True Crime, you'll be led through a series of the darkest cases the world has ever seen. You'll discover: Critical red flags missed by police in a number of chilling cases The horrific story of Jordan Turpin and her 12 siblings A demystification of the vanishing children of Bowraville Why DNA testing was historically underused and how the tables have turned The infamous case of Fred and Rose West unraveled A puzzling story of a seemingly innocuous note Excerpts from real interviews with some of the most deadly criminals of all time How an unexpected discovery linked 3 separate disappearances Clues as to how some of the world's most notorious criminals became cold-blooded killers A series of dead ends and a multitude of cases that raise more questions than answers Beautiful illustrations highlighting the humanity in every case And much more. If you've ever worried about your interest in true crime, relax. Your interest is natural, and it shows your empathy, your compassion, and your humanity. Ethically handled true crime stories play a vital role in bringing a voice to the victims and protecting innocent people from being wrongfully accused. When we let these stories sit untold, we let the perpetrators win. By sharing true crime stories, we're making the world a better place, one story at a time. To learn more about the facts behind some of the darkest cases in history.
