Terry O'Neill

Anomaly Daniel Coumbe,2022 Anomaly: A Scientific Exploration of the UFO Phenomenon reveals new results derived from radar, optical sensors, and scientific instruments, rather than speculating on unreliable eyewitness testimony. This scientific approach provides the reader with clear and reliable answers, something that is desperately needed in the murky field of UFOs--

The UFO Evidence National Investigations Committee on Aerial Phenomena,1964

UFOs Raymond Fowler,2001-05-29 Exciting, fully documented on-site personal investigations of UFOs.

The Report on Unidentified Flying Objects Edward J. Ruppelt,2022-11-13 The Report on Unidentified Flying Objects is a book by Edward J. Ruppelt which described the study of UFOs by United States Air Force from 1947 to 1955. Ruppelt was a United States Air Force officer best known for his involvement in Project Blue Book, a formal governmental study of unidentified flying objects. He is generally credited with coining the term unidentified flying object. Because Ruppelt was the central axis of the government's investigation the book provides a unique insider look at how the government's efforts functioned.

UFO Cover-up Bill Fawcett,Lawrence Fawcett,Barry J. Greenwood,1990-07 Using recently declassified government files, the authors present a compelling argument that the government knows a great deal more about UFOs than it has shared with the public, and has in fact deliberately concealed the findings of more than 30 years of investigations. Photographs.

Dark Object Don Ledger,Chris Styles,2008-12-10 The facts confirm the UFO crash happened. Officials deny it. What don't they want us to know? In 1965 a massive wave of UFO sightings occurs worldwide. In 1967 residents of Shag Harbor, Canada, witness a huge UFO crash into the bay. Three Royal Canadian Mounties watch it float before sinking. Navy divers mount an extensive search. Now officials say nothing ever happened. Why? Researchers Don Ledger and Chris Styles—Styles himself an eyewitness to the Shag Harbor crash—have tackled one of the best documented and most top-secret incidents in the annals of UFO sightings. What they have found out will astound—and outrage—readers. From mysterious surveillance twenty-five years after the crash to the sudden disappearance of written records, someone wanted the investigation stopped. But Ledger and Styles now file their stunning report—and reach a chilling conclusion about the Dark Object, what really happened, and what remains hidden today. . . .

Searching for UFOs Janet Stirling,Dillon H. Richards,2011-08-15 Looks at the phenomena of UFO sightings, examining historic sightings and the place of UFOs in popular culture.

UFO Hunters William J. Birnes,2013-09-10 UFO Hunters® follows the team of bestselling author William J. Birnes, former NASA physicist Dr. Ted Acworth, and former US Army engineer Pat Uskert as they investigate UFO cases around the world. The team's access to UFO evidence is unparalleled—and their expertise allows them to quickly identify bogus claims. Together, they use eyewitness accounts, scientific experimentation, documents recently released through the Freedom of Information Act, and footage that has never been seen on television to piece together compelling—and sometimes chilling—evidence of UFO phenomena. This book is the companion to the popular HISTORY® series and contains previously unseen documentary evidence and case details. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Aliens in the Skies United States. Congress. House. Committee on Science and Astronautics,1969 Are UFOs fantasy ... or hard fact? The government-sponsored Condon Committee's report was SUPPOSED to settle the flying saucer question for good: UFO reports were based on stars, weather balloons, planes, hallucinations, and fraud. But -- What were the shining objects the Gemini astronauts saw? What makes cars stop when saucers approach? What kind of hallucination shows up visually AND on radar? What about the HUNDREDS of UFO sightings by astronomers, pilots, policemen, and other trained observers?

11 of the 50 Scariest UFO Incidents Worldwide Rafael Reyes Granger,2017-11-14 There are 50,000 out of 1 million sightings every year that are deemed credible by ufology researchers and experts. This mini-book is a compendium of scary UFO Incidents (in this author's opinion) around the world that were either observed by or recorded by credible witnesses {except for the 1897 Aurora, Texas and the 1961 Betty & Barney Hill incidents}...such as competent radar operators or experienced air force/airplane pilots or experienced ICBM Launch Control Officers or all of the above. Examination of all the evidence from the alien bodies and materials of construction from several UFO crash recoveries collectively demonstrate categorically that these items were not of this earth. Yet personnel in government agencies still today insist that UFOs and their flight personnel don't exist. Starting with the balloon fiasco cover up story for famous Roswell, N.M. UFO crash in July 1947, the government has deterred all government and civilian personnel from telling the truth about UFO incidents, which, in the future, resulted in job loss threats and ridicule from fellow workers, friends, and their relatives. And by so doing, their intelligence has been egregiously insulted. Hopefully the Youth of America will recognize the fact the UFOs are real, and persuade the emerging 2017 government to go about correcting the ignorant and wrongful policies and procedures of the previous governments concerning UFOs. Rafael Reyes Granger was born in Allentown, Pa. and graduated from the University of Virginia (BA-1959) and Drexel University(BS-1967) majoring in chemical engineering. Until retiring in 2004, he worked in the chemical and petrochemical USA facilities as a chemical plant project/design engineer. While working on a du Pont Titanium Dioxide Project in DeLisle, Miss, in 1988 his interest in UFOs was kindled by hearing, in person, the incredible story of a neighbor friend, Charles Hickson. Mr. Hickson {43 at the Incident time) and his coworker and fishing buddy, Calvin Parker(19), were abducted, while they were fishing, by creatures exiting a SpaceCraft(Charles and Calvin were petrified by fear at that moment) that landed along the Pascagoula River Bank [near the bridge over US 90] one October early evening in 1973. This news {when revealed in the next couple of days} created national media hysteria at the time. It was only the 2nd or 3rd time that "TIME" magazine's employee-reporters ever covered a bonafide UFO story. More recently, their story was featured on Destination America's "Unsealed UFO Files" (on National TV) in November 2015 as the "Pascagoula Affair".

Aids to Identification of Flying Objects United States. Air Force,1968

Explaining the Unexplained Stephen Ellis,2011-08-16 Stephen Ellis search for answers to unexplained things began in 1979. While visiting San Francisco, one night an image of a girl appeared before him in his room a girl he later found out had been murdered in that room one month earlier. Shaking-off the natural tendency to disbelieve what he saw, Ellis began to research material on ghosts. He found that many people had ghostly experiences, but none had logical explanations for them. Ellis began to find that valid explanations existed, but had often been concealed by those seeking personal gain or distorted by some religious dogma. Explaining the Unexplained offers a no nonsense look at questions concerning reincarnation to ESP to ghosts. Ellis offers realistic answers to questions and events that, until now, have lacked rational explanation. Explaining the Unexplained investigates the worlds most captivating mysteries and supports its views with strong, empirical and circumstantial evidence. If youre looking for answers, this book is a must read.

Aliens and UFO's Volume 3 Jon Peniel,2002

Night Siege Joseph Allen Hynek,Philip J. Imbrogno,Bob Pratt,1998 In 1983, a few miles north of New York City, hundreds of people were startled to see a UFO - a series of flashing lights that formed a V as big as a football field, moving slowly and silently. This text explores all the evidence and over 7000 sightings, including those recorded up to 1995.

The UFO Files David Clarke,2013-03-30 'What does all this stuff about flying saucers amount to? What can it mean? What is the truth?' Winston Churchill, prime minister's personal minute, 28th July 1952 The UFO Files tells the story of over 100 years of UFO sightings, drawing on formerly secret government documents at the National Archives in London. Alongside extraordinary reports by ordinary people, it reveals details of official interest and investigations stretching back more than 80 years. In this remarkable book, fully updated for this second edition, David Clarke reveals an array of startling stories from possible UFO reports hidden among Met Office investigations of aerial phenomena in the 1920s to the conclusions of Project Condign, the secret British Intelligence UFO study completed in 2000. As well as covering Roswell and Britain's own Rendlesham Forest mystery, Clarke raids the records for dramatic stories of abductions and close encounters, ghost aircraft and crop circles, and UFO reports by both civilian aircrew and military personnel. Dramatic witness statements and interviews combine with rarely seen photographs, drawings and newly available documents to offer a unique guide to one of our most intriguing mysteries.

UFOs Terry O'Neill,2003 Explores both sides of the question of whether or not spaceships have visited Earth, looking at issues related to sightings, validity of evidence, government conspiracies, and media hype.
