**Moe Safy Elmahdi**

Girl from Ganymede Moe Safy Elmahdi, 2023-01-04 Xelena Xutu's family are moon people who fled Ganymede when she was young. From a young age, her dream was to design spaceships. As she grows up in the palace of Galactic X, the planetary superpower Ganymede orbits, her traditionalist mother tries to teach her Ganymedeni cultural values. While the king of Galactic X is fond of Xelena and her family, the other royals see moon people as lesser beings that threaten the planet's security. When Xelena is thirteen years old, she is kidnapped by Ganymede's ruler and subjected to a ritual that fuses her soul with the spirit of an ancient Ganymedeni overlord known only to her as the Voice. After this tragic incident and increased hatred from Galactic X's royals, Xelena's father smuggles the family to Divercity, a rival planetary superpower known for its advanced technology and acceptance of different races, so that she may live out her dreams. Eight years later, Xelena has abandoned her dream of shipbuilding in order to provide for her aging, sickly mother while living up to her cultural expectations in Divercity's fast-paced climate. She attracts the lustful eye of Romeo Caesarean, a powerful member of Divercity's elites whose advances drag her into Divercity's political sphere. As Xelena navigates Divercity's social classes in search of medical treatment for her mother, she discovers that Divercity isn't as welcoming as it seems. A moon girl from Ganymede struggles to succeed in Divercity. Making matters worse, the Voice has manifested as a split personality disorder within Xelena, causing a mental tug-of-war on who she is. Now Xelena must decide how far she is willing to push the limits of her own identity, culture, and dreams to save her mother's life.

**The Georgetown Papers** Richard Segal,2019-09-23 As Kipling wrote: Show now if ye can ride. In response to a mysterious kidnapping in the East of England, a stumped police force drafts in the recently retired Australian detective Andrew Bomfi, fresh off seven career years in New York. Will he be able to unwind their riddle, or will he merely discover two mountains with no top, in which not even the lawyers will make any money out of it? If clues exist, they are hidden in Algeria and Egypt, where he is dispatched in the mistaken belief that he holds the green mamba. Across the tides, a secretive but effective cabal was busy at work levelling the political playing field. If they succeeded, the long power drift away from the silent underrepresented majority will have been reversed. An unplanned trip to another A&E was but a short and temporary obstacle in their path. I, a former charter member of the New Movement, had my own agenda, as I waited for my famous meeting of destiny, sports bottle in hand.

Seal-Binding Society Neville M. R. LeQuant,2022-05-06 Five centuries ago, the elemental artform of seal-binding was introduced to a world once devastated by senseless conflict. Seal binders—those with the ability to bestow seals—used their powers to bring order to the continents of Armos and Omallia. These lands prospered under the watchful eyes of the seal binders, and with the help of seal wielders—those with the ability to harness the powers of seals—the laws of the Seal-Binding Society were guarded for the years to come. Things changed, however, due to a sudden shift in the monarchy within the last 100 years. By order of a new king, the seal-binding practice was banned, and subsequently, it was decreed that the seal binders were to be executed on sight. With the widespread extermination of the seal binders came a radical increase in poverty everywhere across Armos and Omallia. In this world's current eye, there is but one seal binder left, living in the capital city of Hitomi and serving—unwillingly—under the new royal family known as Ra. Can the integrity of the Seal-Binding Society be restored? Or will it completely deteriorate back to the ways of chaos and suffering?
