**The Tapping Solution** Nick Ortner, 2013-04-02 Nick Ortner, founder of the Tapping World Summit and best-selling filmmaker of *The Tapping Solution*, is at the forefront of a new healing movement. In his upcoming book, *The Tapping Solution*, he gives readers everything they need to successfully start using the powerful practice of tapping – or Emotional Freedom Techniques (EFT). Tapping is one of the fastest and easiest ways to address both the emotional and physical problems that tend to hamper our lives. Using the energy meridians of the body, practitioners tap on specific points while focusing on particular negative emotions or physical sensations. The tapping helps calm the nervous system to restore the balance of energy in the body, and in turn rewire the brain to respond in healthy ways. This kind of conditioning can help rid practitioners of everything from chronic pain to phobias to addictions. Because of tapping's proven success in healing such a variety of problems, Ortner recommends to try it on any challenging issue. In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. Throughout the book, readers will see real-life stories of healing ranging from easing the pain of fibromyalgia to overcoming a fear of flying. The simple strategies Ortner outlines will help readers release their fears and clear the limiting beliefs that hold them back from creating the life they want.

A positive and uplifting book about what it is to be a mother and all things mum and baby by Celebrity Mum of the Year and phenomenally popular vlogger, author, TV presenter and actress Giovanna Fletcher. Being a mum is an incredible journey, a remarkable experience that changes how we look, how we feel, who we are. As mothers we are strong, protective, proud. We feel a love like no other. But being a parent can be hard too. It challenges us physically, mentally, emotionally. There are the days where just managing to fit a shower in amidst the endless feeding, entertaining young children and surviving on a lack of sleep feels like an achievement. With so many people ready to offer 'advice' on the best way to parent, it

can feel like you are getting it all wrong. Since Giovanna and her husband Tom Fletcher have had their sons Buzz and Buddy, they have been sharing glimpses of their family life. With an infectious positive outlook and happy take on all things mum-related, Giovanna has developed a following of fellow parents and mums-to-be. This is not a book about how to have the perfect family experience - Gi would be the first to admit she is winging it just as much as the rest of us - instead it is an honest, upbeat and incredibly personal account of her own experience of having a family. In *Happy Mum, Happy Baby* Giovanna shares her own journey through parenthood and in doing so, she looks at what it is to be a mother today, encourages you to be confident in yourself as a parent and celebrates how putting a focus on being a happy and confident mum can really make for a happy baby.

Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.
