*The Last Thing He Told Me* Laura Dave, 2021-05-04 Don't miss the #1 New York Times bestselling blockbuster and Reese Witherspoon Book Club Pick that's sold 3 million copies strong—now an Apple TV+ limited series starring Jennifer Garner! The “page-turning, exhilarating” (PopSugar) and “heartfelt thriller” (Real Simple) about a woman who thinks she's found the love of her life—until he disappears. Before Owen Michaels disappears, he smuggles a note to his beloved wife of one year: Protect her. Despite her confusion and fear, Hannah Hall knows exactly to whom the note refers—Owen's sixteen-year-old daughter, Bailey. Bailey, who lost her mother tragically as a child. Bailey, who wants absolutely nothing to do with her new stepmother. As Hannah's increasingly desperate calls to Owen go unanswered, as the FBI arrests Owen's boss, as a US marshal and federal agents arrive at her Sausalito home unannounced, Hannah quickly realizes her husband isn't who he said he was. And that Bailey just may hold the key to figuring out Owen's true identity—and why he really disappeared. Hannah and Bailey set out to discover the truth. But as they start putting together the pieces of Owen's past, they soon realize they're also building a new future—one neither of them could have anticipated. With its breakneck pacing, dizzying plot twists, and evocative family drama, *The Last Thing He Told Me* is a “page-turning, exhilarating, and unforgettable” (PopSugar) suspense novel.

**Whispers Underground** Ben Aaronovitch, 2022-11-28 'This fast, engrossing novel is enjoyable, cheerful, and accessible to new readers.' — Publishers Weekly My name is Peter Grant, police officer, apprentice wizard and well dressed man about town. I work for ECD9, otherwise known as the Folly, and to the Murder Investigation Team as 'oh god not them again.' But even their governor, the arch sceptic and professional northerner DCI Seawoll, knows that sometimes, when things go bump in the night, they have to call us in. Which was why I found myself in an underground station at five o'clock, looking at the body of James Gallagher, US citizen and Arts Student. How did he avoid the underground's ubiquitous CCTV to reach his final destination, and why is the ceramic shard he was stabbed with so strongly magical? As the case took me into the labyrinth of conduits, tunnels and abandoned bomb shelters that lay beneath the streets I realised that London below might just be as complicated and inhabited as London above. And worse, James Gallagher's father is a US senator, so the next thing I know, I've got Special Agent Kimberley Reynolds of the FBI "liaising" with the investigation and asking awkward questions. Such as 'just what are you guys hiding down here' and 'how did you conjure that light out thin air?' LOCUS AWARD FINALIST FOR BEST FANTASY NOVEL Reviews for Whispers Underground 'One of the most refreshing things about former Doctor Who writer Aaronovitch's Rivers of London series of magical procedurals is that they are blessedly free of manufactured rivalries.... This fast, engrossing novel is enjoyable, cheerful, and accessible to new readers.' — Publishers Weekly 'Ben Aaronovitch writes some of the funniest prose in current fantasy. These books are extremely entertaining, mainly because narrator Peter

Grant has a hilarious voice and a sly sense of humor... quirkily effective prose and dry humor, making it a pure pleasure to read.' — Tor.com 'The prose is witty, the plot clever and the characters incredibly likeable...' — Time Out

**Light, Bright and Polite** Josh Ochs, 2015-01-03 Here's what you'll learn in this book: Ch 1 How social media can hurt your kid's future Ch 2 Common social media mistakes made Ch 3 What social media posts and strategies impress colleges Ch 4 What social media posts and strategies impress future employers Ch 5 Social networks that help you shine online Ch 6 How and when to privatize your image Ch 7 How to talk to your kids Ch 8 How to make a plan together Ch 9 Case studies from successful students making a difference Over the past several years, I have had the great opportunity to work with some of the world's best brands. My staff and I developed and implemented techniques to help these companies shine online. And they have! By employing a few social media strategies, these great companies are finding the customers they want and deserve. It quickly came to my attention that my techniques would be valuable to families who are preparing their kids for college. Many kids have no idea how their digital footprint might be viewed by others and how others' perceptions can hold them back. During a 2013 Kaplan telephone questionnaire, 31% of college admissions officers said that they did visit applicants Facebook and other social media pages to gain more information on the student. 30% said that they had encountered information on social media that had a negative influence on an applicant's chance of being accepted. This goes to show that anything we put online, no matter how long ago, can be brought up on the first page of Google results and we need to be vigilant on what we allow others to see.<sup>1</sup> In this book, you will receive the same strategies I've used to help many successful companies, but tailored to students and future leaders, to help them impress colleges and future employers. As I've traveled the country for the

past year and spoken to over 20,000 students, the feedback has been clear: these methods work, helping kids convey their best selves online. These methods employed keep their online images and communications Light, Bright and Polite(r), which allows colleges and employers find the best people to represent their campus upon graduation. Your kid can be among them. It's a competitive market out there, so let's not be disqualified from something to which you're aspiring without ever having a real chance at interviewing for the opportunity! It is never too early to start planning ahead. Your kids may not be thinking about it, but certainly you understand from experience that what you do now can have lasting effects. At the very least, what you do now lays the foundation for the habits that you will have years from now. Even if your children are not on social media yet, their reputation online starts as soon as their friends are online and posting photos of them, tagging them. So, there's a lot to consider! Since parents have limited time, this book isn't designed to teach everything about social media. I'm not here to give you a list of 100 things not to do on social media. Instead, my goal is to have students and parents skim through this book and be able to pick up one or two helpful tips that can make all the difference. What accomplishments does your kid want to have in the next five years? Getting into college Full ride scholarship Varsity sports team Study abroad opportunity Leadership award Community service Getting into a prestigious private high school Getting the perfect internship that launches their career If any of these apply, then you need to pay attention to all of the messages that your child sends out on social media. There's a good chance that 50% of their tweets might not be helping them to reach their goals. They need to be vigilant. Josh Ochs @JoshOchs

Managing Media Creating Character Kelly Newcom, 2017-12-28 Technology, smartphones and social media are changing how we live but are these advancements changing who we are? In our

globally-connected, instantly-accessible world, is it possible for parents to be more influential on their children's character than the internet? Parents everywhere are struggling to find a standard they can maintain while keeping their children protected online and connected with friends. In the absence of any such standard, many children have free reign with the technology they own and the media they consume. The result has been an unsettling amount of cyberbullying, self-harm, and suicides along with increased rates of adolescent depression and anxiety. In *Managing Media Creating Character*, you will learn how to use the technology and media your child craves in order to develop patience, respect, kindness, honesty, self-control, modesty, humility, and self-worth. Each chapter presents a character trait along with a practical and applicable media standard in order to teach responsible use and good character. These character traits are honed and polished through the use of digital media and screens and become the foundation and standard for how your child will engage with technology forever. This book helps establish a technology and media standard for families with: Babies & Toddlers who are incredibly drawn to the glow of your phone. Elementary age children when the school-issued tablet or a second grader with a smartphone brings up questions sooner than you are ready to answer. Middle School age children when smartphones, sexting, and depression begins. High School age teens who can either solidify or shatter their reputation by what is posted and shared online. Additionally, this book is a valuable guide for grandparents, teachers, caretakers, and pastors who are involved in children's lives and want to help curb obsession and promote character. There has never been a better time to unite on a standard for technology and media.

The Hardest Fall Ella Maise,2022-10-27 In the game of love you can't afford to drop the ball... Zoe's always been shy. At college, to try to help her, her friend dares her to do the craziest thing she can think of... kiss a random guy. She follows Dylan into a room she thinks is a classroom and ends up seeing a little too much of him. She can hardly kiss him now... not when after their embarrassing encounter and certainly not after he tells her he has a girlfriend. But when he finds out about the dare, the two make a pact... if they ever cross paths again - and they're both single - they'll kiss. Two years later, fate intervenes, and they end up as accidental roommates. Now Zoe's seeing a lot more of Dylan than she bargained for and it's even harder to resist peeking the second time round.

*Privacy in Social Networks* Elena Zheleva,Evimaria Terzi,Lise Getoor,2022-05-31 This synthesis

lecture provides a survey of work on privacy in online social networks (OSNs). This work encompasses concerns of users as well as service providers and third parties. Our goal is to approach such concerns from a computer-science perspective, and building upon existing work on privacy, security, statistical modeling and databases to provide an overview of the technical and algorithmic issues related to privacy in OSNs. We start our survey by introducing a simple OSN data model and describe common statistical-inference techniques that can be used to infer potentially sensitive information. Next, we describe some privacy definitions and privacy mechanisms for data publishing. Finally, we describe a set of recent techniques for modeling, evaluating, and managing individual users' privacy risk within the context of OSNs. **Before We Were Strangers** Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist “missed connection” post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn’t stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I

came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

Poems of Healing Karl Kirchwey, 2021-03-30 A remarkable Pocket Poets anthology of poems from around the world and across the centuries about illness and healing, both physical and spiritual. From ancient Greece and Rome up to the present moment, poets have responded with sensitivity and insight to the troubles of the human body and mind. *Poems of Healing* gathers a treasury of such poems, tracing the many possible journeys of physical and spiritual illness, injury, and recovery, from John Donne's "Hymne to God My God, In My Sickness" and Emily Dickinson's "The Soul has Bandaged moments" to Eavan Boland's "Anorexic," from W.H. Auden's "Miss Gee" to Lucille Clifton's "Cancer," and from D.H. Lawrence's "The Ship of Death" to Rafael Campo's "Antidote" and Seamus Heaney's "Miracle." Here are poems from around the world, by Sappho, Milton, Baudelaire, Longfellow, Cavafy, and Omar Khayyam; by Stevens, Lowell, and Plath; by Zbigniew Herbert, Louise Bogan, Yehuda Amichai, Mark Strand, and Natalia Toledo. Messages of hope in the midst of pain—in such moving poems as Adam Zagajewski's "Try to Praise the Mutilated World," George Herbert's "The Flower," Wisława Szymborska's "The End and the Beginning," Gwendolyn Brooks' "when you

have forgotten Sunday: the love story” and Stevie Smith’s “Away, Melancholy”—make this the perfect gift to accompany anyone on a journey of healing. Everyman's Library pursues the highest production standards, printing on acid-free cream-colored paper, with full-cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket.

A New York Times bestseller! JOSEF is a Jewish boy living in 1930s Nazi Germany. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe... All three kids go on harrowing journeys in search of refuge. All will face unimaginable dangers -- from drownings to bombings to betrayals. But there is always the hope of tomorrow. And although Josef, Isabel, and Mahmoud are separated by continents and decades, shocking connections will tie their stories together in the end. As powerful and poignant as it is action-packed and page-turning, this highly acclaimed novel has been on the New York Times bestseller list for more than four years and continues to change readers' lives with its meaningful takes on survival, courage, and the quest for home.

**Brave Parenting** Krissy Pozatek, 2014-04-01 How do we build resilient children who can handle life's challenges? As parents today, we often feel that our role is to protect our children from the world: to cushion them when they fall, to lift them over obstacles, and to remove sharp rocks from

their path. But controlling a child's entire environment and keeping all pain at bay isn't feasible—we can't prepare the world for our children, so instead we should focus on preparing our children for the world. "The solution is not removing impediments from our children's lives," writes Krissy Pozatek, "it is compassionately encouraging them to be brave." We need to show our kids how to navigate their own terrain. If our kids face small hurdles, small pains, at a young age and learn to overcome these obstacles, they will be much better equipped to face larger trouble later in life. Early lessons in problem solving teach self-confidence and self-reliance—and show us that our kids are tougher than we think. Krissy draws her lessons from her experience guiding children in wilderness therapy and from her Buddhist practice—showing us that all life is as unpredictable as mountain weather, that impermanence is the only constant, and that the most loving act a parent can do is fearlessly ready their child to face the wilderness. For parents of children of all ages.
