Monster Nation David Wellington, 2014-04-01 The second entry in this “inventive and exciting” zombie series that began with *Monster Island* (Publishers Weekly). This is where it begins. This is where the end of the world begins? She wakes up alone and feeling like she's half-dead. She can't

remember her name. She staggers outside, looking for help—and that's when she sees that the dead have returned to life, that zombies are running in the streets and devouring the living. And she's one of them. She isn't breathing. The zombies leave her alone. Because they know she's one of their kind. And yet she differs from the brainless ghouls around her in some crucial ways. Somehow she's kept her intelligence intact, if not her memory. And being dead has certain compensations. She has developed strange powers. She calls herself Nilla, and all she knows is that staying alive only gets harder after you die? Meanwhile the National Guard has its hands full with the worst epidemic ever to strike the American west. From California to Colorado every town, every city is being overrun. Captain Bannerman Clark isn't prepared for this. He's semi-retired and he hasn't fired a gun in years, not since the Vietnam war. Yet it seems there's no one else around to take charge. As the world we know collapses he must find in himself the brains, the guts, and the moral courage to lead the survivors to safety, if there's any to be had. Meanwhile, behind the scenes, shadowy players are just beginning to show their hands. There's more going on here than meets the eye, and Clark and Nilla both have parts to play in a game they can't comprehend?

Zombie, Ohio Scott Kenemore, 2011-02-10 When rural Ohio college professor Peter Mellor dies in an automobile accident during a zombie outbreak, he is

reborn as a highly intelligent (yet somewhat amnesiac) member of the living dead. With society crumbling around him and violence escalating into daily life, Peter quickly learns that being a zombie isn't all fun and brains. Humans—unsympathetic, generally, to his new proclivities—try to kill him at nearly every opportunity. His old friends are loath to associate with him. And he finds himself inconveniently addicted to the gooey stuff inside of people's heads. As if all this weren't bad enough, Peter soon learns that his automobile accident was no accident at all. Faced with the harrowing mystery of his death, Peter resolves to use his strange zombie "afterlife" to solve his own murder. Skillfully combining the genres of horror, humor, and film noir, *Zombie, Ohio* weaves an enthralling and innovative tale that any fan of the current zombie craze is sure to relish. Followers of detective and horror fiction alike will find something to love about *Zombie, Ohio*—a tale of murder, mystery, and the walking dead.

Warning: Mild violence. For mature teens and young adults. Quotes The zombie apocalypse has swept in like a violent storm, and every day is a fight to survive. Yes, it's scary, and we have no guarantees that we'll live to see the next sunrise. But there's nothing we can do to stop it. We just have to let it run its course and pray that the zombies rot out soon. I'm not Rambo, Supergirl, or Xena, but I can't let worry consume me either. Just because I'm not made out of titanium, that doesn't mean I won't make it to the finish line. I've gotta stay brave and keep fighting as hard as I can and never, ever give up hope. – Val Bennett – zombie fighter & survivor I have to keep my footing, catch my breath, and keep walking the twisting path ahead. There

are many huge hurdles to face. I don't know what life holds for me, but I will survive as long as I can, and I won't go down without a fight. – Sammy Evans – survivor & zombie fighter Humans are a rare and endangered species. Swallowing down our fear, we must fight to protect humanity at all costs. Protecting the human race must be our number one priority. We need to fight for the future we want, not the one that's been delivered to us. Taking back our world is a fight I will never give up on. And in my opinion, that makes every zombie hunter a very special breed of warrior. – Dean Walters - survivor & zombie hunter

The Zombie Autopsies Steven C. Schlozman, 2011-03-25 As the walking dead rise up throughout the world, a few brave doctors attempt to find a cure by applying forensic techniques to captured zombies. On a remote island a crack medical team has been sent to explore a radical theory that could uncover a cure for the epidemic. Based on the team's research and the observations of renowned zombie expert Dr. Stanley Blum, *The Zombie Autopsies* documents for the first time the unique biology of zombie organisms. Detailed drawings of the internal organs of actual zombies provide an accurate anatomy of these horrifying creatures. Zombie brains, hearts, lungs, skin, and digestive system are shown, while Dr. Blum's notes reveal shocking insights into how they function--even as Blum and his colleagues themselves begin to succumb to the plague. No one knows the ultimate fate of Dr. Blum or his researchers. But now that his notebook, *The Zombie Autopsies*, has been made available to

the UN, the World Health Organization, and the general public, his scientific discoveries may be the last hope for humans on earth.
