Goodnight iPad Ann Droyd,2011-10-27 A parody of the children's classic and a hilarious gift for anyone that finds modern life funny and absurd. In a bright buzzing room, in the glow of the moon-and iPhones and Androids and Blackberries too-it is time to say goodnight... Modern life is abuzz. There are huge LCD WiFi HD TVs and Facebook requests and thumbs tapping texts and new viral clips of cats doing flips. Wouldn't it be nice to say goodnight to all that? Like the rest of us who cannot resist just a few more scrolls and clicks, you may find yourself ready for bed while still clinging to your electronics long after dark. This book, which is made of paper, is a reminder for the child in all of us to power down at the end of the day. This hilarious parody not only pokes loving fun at the bygone quiet of the original classic, but also at our modern plugged-in lives. It will make you laugh, and it will also help you put yourself and your machines to sleep. Don't worry, though. Your gadgets will be waiting for you, fully charged, in the morning.

The Heart and the Bottle Oliver Jeffers,2010-03-04 From #1 New York Times bestseller Oliver Jeffers, comes a poignant and beautiful story about finding joy after loss. There is a wonder and magic to childhood. We don't realize it at the time, of course . . . yet the adults in our lives do. They encourage us to see things in the stars, to find joy in colors and laughter as we play. But what happens when that special someone who encourages such wonder and magic is no longer around? We can hide, we can place our heart in a bottle and grow up . . . or we can find another special someone who understands the magic. And we can encourage them to see things in the stars, find joy among colors and laughter as they play. Oliver Jeffers delivers a remarkable book, a touching and resonant tale reminiscent of *The Giving Tree* that will speak to the hearts of children and parents alike.

Let Me Come Out Keshi Gupta, 2022-01-03 A child soul is so pure that he /she does not know the hypocrisy of the so-called social world. When I was a kid I always revolted about things which I don't like, as customary to please others. My mom used to support me and had so much belief in me that she used to see me as a miracle girl or superwoman. She always encouraged me to follow my own voice and path. Today people know me as a writer, poetess and social activities. However I started writing at my childhood somewhere when I was in 5th standard. My mum was teacher and during festival and special occasions she used to write speech of few lines to greet the assembly. So I got inspired from her. I started pen down my views emotions on paper in the form of poetry. In growing age you have lot of questions and different emotions. So my diary filled with my soul voice and emotions of life different faces. I've always wanted to see the word in harmony and full of love. Though I am regular Hindi writer but on demand of international friends and readers I do write sometime in English. Till now 5 of my Hindi books got published and my articles, short stories, poetry got published in many different local newspapers of different cities of India. By god grace Got awarded many times at different platforms. This is my first ebook of English Poetry named let me come out I hope my readers will like it and shower their love and blessings on me. Indistractable Nir Eyal,2019-09-10 Indistractable provides a framework that will deliver the focus you need to get results. —James Clear, author of Atomic Habits If you value your time, your focus, or your relationships, this book is essential reading. I'm putting these ideas into practice. —Jonathan Haidt, author of The Righteous Mind National Bestseller Winner of the Outstanding Works of Literature (OWL) Award Included in the Top 5 Best Personal Development Books of the Year by Audible Included in the Top 20 Best Business and Leadership Books of the Year by Amazon Featured in The Amazon Book Review Newsletter, January 2020 Goodreads Best Science & Technology of 2019 Finalist You sit down at your desk to work on an important project, but a notification on your phone interrupts your morning. Later, as you're about to get back to work, a colleague taps you on the shoulder to chat. At home, screens get in the way of quality time with your family. Another day goes by, and once again, your most important personal and professional goals are put on hold. What would be possible if you followed through on your best intentions? What could you accomplish if you could stay focused? What if you had the power to become indistractable? International bestselling author, former Stanford lecturer, and behavioral design expert, Nir Eyal, wrote Silicon Valley's handbook for making technology habit-forming. Five years after publishing Hooked, Eyal reveals distraction's Achilles' heel in his groundbreaking new book. In Indistractable, Eyal reveals the hidden psychology driving us to distraction. He describes why solving the problem is not as simple as swearing off our devices: Abstinence is impractical and often makes us want more. Eyal lays bare the secret of finally doing what you say you will do with a four-step, research-backed model. Indistractable reveals the key to getting the best out of technology, without letting it get the best of us. Inside, Eyal overturns conventional wisdom and reveals: • Why distraction at work is a symptom of a dysfunctional company culture—and how to fix it • What really drives human behavior and why time management is pain management • Why your relationships (and your sex life) depend on you becoming indistractable • How to raise indistractable children in an increasingly distracting world Empowering and optimistic, Indistractable provides practical, novel techniques to control your time and attention—helping you live the life you really want.

Best iPad Apps Peter Meyers,2010-12-08 What really wows iPad fans is when their touchscreen does what's impossible on other gadgets: the finger-painting app that turns a cross-country flight into a moving art class, the mini music studio (two-dozen instruments strong, each with motion-induced warble effects), and the portable fireworks display that you sculpt by swiping. Problem is, with tens of thousands of apps available for your iPad, who knows what to download? You can try to sort through a gazillion customer reviews with a mix of 5- and 1-star ratings, but that's a head-hurting time-waster. The stakes are getting higher, too: instead of freebies and 99-cent trinkets, the price of iPad apps is steadily creeping up and beyond their iPhone predecessors. Best iPad Apps guides you to the hidden treasures in the App Store's crowded aisles. Author Peter Meyers stress-tested thousands of options to put together this irresistible, page-turner of a catalog. Inside these pages, you'll find apps as magical as the iPad itself. Flip through the book for app suggestions, or head directly to one of several categories we've loaded up with best of selections to help you: Get work done Manipulate photos Make movies Create comics Browse the Web better Take notes Outline ideas Track your health Explore the world No matter how you use your iPad, Best iPad Apps will help you find the real gems among the rubble -- so you make the most of your glossy gadget.
