**Goodnight iPad** Ann Droyd,2011-10-27 A parody of the children's classic and a hilarious gift for anyone that finds modern life funny and absurd. In a bright buzzing room, in the glow of the moon-and iPhones and Androids and Blackberries too-it is time to say goodnight... Modern life is abuzz. There are huge LCD WiFi HD TVs and Facebook requests and thumbs tapping texts and new viral clips of cats doing flips. Wouldn't it be nice to say goodnight to all that? Like the rest of us who cannot resist just a few more scrolls and clicks, you may find yourself ready for bed while still clinging to your electronics long after dark. This book, which is made of paper, is a reminder for the child in all of us to power down at the end of the day. This hilarious parody not only pokes loving fun at the bygone quiet of the original classic, but also at our modern plugged-in lives. It will make you laugh, and it will also help you put yourself and your machines to sleep. Don't worry, though. Your gadgets will be waiting for you, fully charged, in the morning.

**iPhone and iPad Apps for Absolute Beginners** Rory Lewis,2011-01-27 The iPhone is the hottest gadget of our generation, and much of its success has been fueled by the App Store, Apple's online marketplace for iPhone applications. Over 1 billion apps have been downloaded in the 9 months the App Store has been open, ranging from the simplest games to the most complex business apps. Everyone has an idea for the next best-selling iPhone app—presumably that's why you're reading this now. And with the release of the iPad, this demand will just continue to grow. So how do you build an application for the iPhone and iPad? Don't you need to spend years learning complicated programming languages? What about Objective-C, Cocoa Touch, and the software development kit (SDK)? The answer is that you don't need to know any of those things. Anybody can start building simple applications for the iPhone and iPad, and this book will show you how. This book takes you to getting your first applications up and running using plain English and practical examples. It cuts through the fog of jargon and misinformation that surrounds iPhone and iPad application development, and gives you simple, step-by-step instructions to get you started. Teaches iPhone and iPad application development in language anyone can understand Provides simple, step-by-step examples that make learning easy Offers videos that enable you to follow along with the author—it's like your own private classroom

**My iPad 2** Gary Rosenzweig,2011 The iPad is a unique and totally revolutionary device in many ways. The iPad is a tablet computer featuring multi-touch interaction with print, video, photo, and audio multimedia, internet browsing, and runs most iPhone OS apps. The device has an LED-backlit 9.7-inch (25 cm) color LCD display and uses a virtual keyboard for text input. The iPad like the iTouch uses a Multi-touch interface that enables users to easily control the device and type with their fingers. It also includes sensors that automatically re-orient the screen display to match the orientation of the iPad, such as switching to landscape view when the user rotates the iPad 90 degrees when watching video. All iPad models include the applications Music, iWork, Videos, Photos, iTunes, iBook (providing access to the Wi-Fi Music Store and book store), Safari, YouTube, Calendar, Contacts, Clock, Calculator, and Settings. My iPad, 3/e, will include necessary coverage of iTunes and iBook to enable readers to manage the content on their iPad as well as purchase applications and customizing settings. In addition, readers will learn how to use every feature of their iPad and receive expert advice on topics like customizing, running apps, using peripheral devices and more. This edition has been updated to include coverage on the main new features of iOS 5, including the revolutionary new iCloud, which allows users to update their iPads without having to sync up with their computer.

Let Me Come Out Keshi Gupta,2022-01-03 A child soul is so pure that he /she does not know the hypocrisy of the so-called social world. When I was a kid I always revolted about things which I don't like ,as customary to please others . My mom used to support me and had so much believe in me that she used to see me as a miracle girl or superwoman. She always encourage me to follow my own voice and paath. Today people know me as a writer ,poetess and social activities. However I started writing at my childhood somewhere when I was in 5th standard. My mum was teacher and during festival and special occasions she used to write speech of few lines to greet the assembly. So I got inspired from her. I started pen down my views emotions on paper in the form of poetry. In growing age you have lot of questions and different emotions. So my diary filled with my soul voice and emotions of life different faces. I've always wanted to see the word in harmony and full of love. Though I am regular Hindi writer but on demand of international friends and readers I do write sometime in English. Till now 5 of my Hindi books got published and my articles , short stories ,poetry got published in many different local newspapers of different cities of India. By god grace Got awarded many times at different platforms. This is my first ebook of English Poetry named let me come out I hope my readers will like it and shower their love and blessings on me.
