Mansoor Bin Tahnoon Al Nehayan

Jihad and Dawah Samina Yasmeen, 2017-10-01 This book provides a detailed account of the emergence and metamorphoses of Lashkar-e-Taiba (LeT) and its political arm, Jamat ud Dawah, since the early 1990s. Linking the group's narratives to the process of Islamization in Pakistan and divergent views on the country's Islamic identity, it is the first systematic analysis of how the organization, globally reviled as the perpetrator of the 2008 Mumbai Bombings, has developed its conception of da'wah (proselytizing) and jihad in response to regional and global developments. Samina Yasmeen makes extensive use of Urdu materials (pamphlets, books, ephemera) by Markaz Da'wah wal Irshad, the parent organization of LeT, to examine the 'insider's vision' of the dominant threats to Pakistan and the Muslim ummah, as well as strategies for countering these threats. She argues that while adopting an oppositional narrative vis-à-vis India and the West, LeT has increasingly turned its attention to da'wah narratives within Pakistan engaging with broader spectrums of society. Women have increasingly been assigned significant agency in this narrative, and JuD's activism in education and social welfare has helped it acquire social capital. This, in turn, prompts a re-imagining of the movement's relationship with the Pakistani military.

Kashmir Dispute Shabir Choudhry, 2013-09 Kashmir dispute has to be seen as human issue, and not as a territorial gain, or a strategic advantage. Like anyone else, I have no solution to this dispute that could be acceptable to all concerned, but I know what is not workable and what will not provide much desired peace and stability in the region: and that is division of the State or its accession to any country. Kashmir dispute should not be used to settle score of the past tragedies or past adventures, for example, to avenge problems of 1965, 1971, 1980s, proxy war or Kargil adventure. Also Kashmir should not be used as a battleground for competing political and religious ideologies, as it is happening on both sides of the divide. Jammu and Kashmir is a multi-religious and multi ethnic former Princely State. All citizens of Jammu and Kashmir - Pundits, Sikhs, Buddhists, Shias, Ismahilies, pro Pakistan, pro India and pro- independence, and others must have equal rights; and we must not target any community for their beliefs. We must put the past behind us and make a new start by inviting pundits and others who were uprooted from their homes because of political, communal and armed conflict back in to their homes and compensate their losses. We must build bridges of confidence and make sincere endeavours to eradicate extremism, violence, religious intolerance and hatred. However, if these war mongers and fanatics are not brought under control then my fear is that they will endanger peace, stability and future of the entire region. So time is running out, and those in position to take appropriate action, must act and act soon.

Let There Be Justice B. J. Sadiq, 2017-09-09 Pakistan has been labelled as one of the most controversial countries in the world. A country tainted with military dictatorships, tormented by religious extremists and fleeced by years of corrupt democratic rule. It is a place where an endemic culture of nepotism blooms with impunity. The biggest casualty of this political and social homicide are the ordinary citizens who are left to struggle with appalling economic conditions and a system sorely in need of repair. In a climate as unsettling as that, one noise exploded onto the scene with an unyielding aggression. Imran Khan, former cricket celebrity, philanthropist and turned politician, seems to have changed the decorum of Pakistan's botched-up political landscape. An irreverent iconoclast, Khan established his Movement for Justice party back in 1996 and has doggedly moved up the ranks. Brazenly accusing his opponents with unprecedented levels of corruption, Imran's party has gone from being a novice presence to one of the most defiant voices in the parliament's opposition benches. Let There Be Justice: The Political Journey of Imran Khan is an intriguing story of Imran Khan's populist politics, his verve and unfettered commitment which may eventually swing him into power at the next general elections in 2018.

Media Authorship Cynthia Chris, David A. Gerstner, 2013-02-15 Contemporary media authorship is frequently collaborative, participatory, non-site specific, or quite simply goes unrecognized. In this volume, media and film scholars explore the theoretical debates around authorship, intention, and identity within the rapidly transforming and globalized culture industry of new media. Defining media broadly, across a range of creative artifacts and production cultures—from visual arts to videogames, from textiles to television—contributors consider authoring practices of artists, designers, do-it-yourselfers, media professionals, scholars, and others. Specifically, they ask: What constitutes media and authorship in a technologically converged, globally conglomerated, multiplatform environment for the production and distribution of content? What can we learn from cinematic and literary models of authorship—and critiques of those models—with regard to authorship not only in television and recorded music, but also interactive media such as videogames and the Internet? How do we conceive of authorship through practices in which users generate content collaboratively or via appropriation? What institutional prerogatives and legal debates around intellectual property rights, fair use, and copyright bear on concepts of authorship in new media? By addressing these issues, Media Authorship demonstrates that the concept of authorship as formulated in literary and film studies is reinvigorated, contested, remade—even, reauthored—by new practices in the digital media environment.

Karachi in the Twenty-First Century Mansoor Bin Tahnoon Al Nehayan, 2016-02-22 The forces of globalisation are indiscriminate – they enable those who pursue good and those who pursue evil. The changes brought about by globalisation affect all segments of society, all walks of life, all political parties, all religions, all ethnic groups, and all countries. Sometimes they occur in the most unexpected ways and yield complex results that appear to be mystifying and intractable, at least on the surface. This book describes how the forces of globalisation have descended upon Karachi and exacerbated local and regional problems to the point where the city is teetering on the brink of chaos. Karachi is geographically, politically, and culturally situated in the context of modern Pakistan, but is a global city affected by global forces, many of which challenge the state's power and authority. The lessons of Karachi are important for both its present and its future, and they can serve as a cautionary tale for other global cities. Karachi is vitally important to Pakistan. While Islamabad is the country's capital, Karachi is the most important financial centre in the country. It is the centre of banking, industry, economic activity and trade. Many of Pakistan's largest corporations are based in Karachi, including entertainment, arts, fashion, medical research, the automotive industry, shipping, textiles, advertising, publishing, and software development. Karachi is also home to Pakistan's main seaport and two of the largest ports in the region, the Port of Karachi and Port Bin Qasim.

L'entr'aide Lucy Schmidt, 1909

Der Krieg gegen den Terrorismus: Pakistans Rolle im "war on terror" und die bilateralen Beziehungen zu den USA Asim Zaheer, 2012-08 Das unilaterale Vorgehen der USA bei der Tötung Osama Bin Laddens in Pakistan im Mai 2011 und der NATO-ISAF Angriff auf pakistanische Militärrposten an der Grenze zu Afghanistan im November des Jahres verdeutlichen die Divergenz in den pakistanisch-amerikanischen Beziehungen. Als Reaktion darauf blockierte Pakistan die Nachschubrouten für westliche Truppen in Afghanistan und dutzende amerikanische Berater wurden des Landes verwiesen. Die bilateralen Beziehungen scheinen historisch betrachtet ihren vorläufigen Tiefpunkt in der Allianz im "war on terror" erreicht zu haben. Dabei sind die Beziehungen Pakistans zu den USA und der westlichen Welt von zentraler Bedeutung für die internationale Politik im 21. Jahrhundert. Die bilateralen Beziehungen sind seit jeher durch Misstrauen und "double game" von beiden Seiten geprägt. Während die USA nach Partnern in einer strategisch günstigen Region suchten, war Pakistan hauptsächlich an einem Machtgleichgewicht gegenüber Indien interessiert. Vom Anfang der 1990er bis zu den Terroranschlägen vom 11. September 2001 wurde Pakistan aufgrund des Atomprogramms und Demokratiedefizit in der amerikanischen Außenpolitik als ein "Pariastaat" angesehen. Die Ausrufung des "war on terror" durch George W. Bush brachte beide Staaten wieder näher, um eine Allianz im Krieg gegen den Terrorismus zu bilden. Die Allianz, wie hier ausgearbeitet, war keine freiwillige Selbstverpflichtung Pakistans, sondern wurde als die einzige Option empfunden, um die Sicherheitsinteressen Pakistans zu wahren. Im Krieg gegen den Terrorismus wurden US-Leistungen in Milliardenhöhe an Pakistan transferiert, die meisten davon waren für das pakistanische Militär bestimmt. Der Schwerpunkt im Krieg gegen den Terrorismus verschob sich aus verschiedenen Gründen von Afghanistan nach Pakistan. Für die Perspektiven pakistanisch-amerikanischer Beziehungen erwartet der Autor eine Normalisierung der Beziehungen in den nächsten Jahren. Der Abzug der NATO-ISAF aus Afghanistan in 2014 und die Beziehungen Pakistans zu anderen Staaten machen eine Reaktivierung der pakistanisch-amerikanischen Beziehungen dringend notwendig. Die amerikanische Vorherrschaft in Asien wird zwar noch einige Jahre aufrechtzuerhalten sein, jedoch mit enormen Kosten für die USA. Für die "post-USA"-Ära in Afghanistan hat Pakistan bisher keine neue Strategie verkündet. Es kann davon ausgegangen werden, dass Pakistan wie in den 1990er Afghanistan als seine Einflusszone ansieht und versuchen wird dem zunehmenden Einfluss Indiens entgegenzuwirken. Eine Intensivierung der pakistanisch-chinesischen Beziehungen wird zwar als wichtig angesehen, hat aber kaum Einfluss auf die pakistanisch-amerikanischen Beziehungen. Damit bleibt Pakistan auch in Zukunft ein wichtiger

Dreh- und Angelpunkt in der Region und für die wissenschaftliche Analyse interessant.

Reimagining Pakistan Husain Haqqani, 2018-04-09 Salman Rushdie once described Pakistan as a 'poorly imagined country'. Indeed, Pakistan has meant different things to different people since its birth seventy years ago. Armed with nuclear weapons and dominated by the military and militants, it is variously described around the world as 'dangerous', 'unstable', 'a terrorist incubator' and 'the land of the intolerant'. Much of Pakistan's dysfunction is attributable to an ideology tied to religion and to hostility with the country out of which it was carved out -- India. But 95 per cent of Pakistan's 210 million people were born after Partition, as Pakistanis, and cannot easily give up on their home. In his new book, Husain Haqqani, one of the most important commentators on Pakistan in the world today, calls for a bold re-conceptualization of the country. Reimagining Pakistan offers a candid discussion of Pakistan's origins and its current failings, with suggestions for reconsidering its ideology, and identifies a national purpose greater than the rivalry with India.

Like It Happened Yesterday Ravinder Singh, 2013-06-15 Has anyone ever asked you—What were the best days of your life? That one period of your life you always wanted to go back to? And live that life . . . one more time? When asked this, I closed my eyes and went back in my own past. And I thought of the days, when life's most complex choices had a simple solution of Akkad Bakkad Bambey Bo! . . . of the seasons when rains were celebrated by making paper boats. . . . of the times when waiting at the railway crossing meant counting the bogies of the train passing by. When I opened my eyes, it seems Like it Happened Yesterday! Like it was yesterday that I broke my first tooth and fell in love for the first time. Like it was yesterday, when I was about to lose my friend, and suddenly he became my best friend. I look back and it becomes a journey full of adventure. It makes me laugh, it makes me cry and I know I'm here because I was . . . Come, hold my hand, and take this trip with me. It will be yesterday for you, once again!

Climbing Self-rescue Andy Tyson, Molly Loomis, 2006 * Climbing self-rescue procedures for teams of two - the most common climbing party size * Techniques equally effective on rock, snow, and ice * Utilizes gear climbers already carry in their rack* Includes 40 one-page rescue scenarios and solutions for climbing accident analysis The rope is stuck, or too short. A crucial piece of gear is MIA. You've wandered off route into dicey terrain. An injury leaves you or your partner in need of help. Climb long enough and finding yourself in a jam far from help is inevitable. In Climbing: Self Rescue, two long-time climbing instructors and guides teach how to improvise your own solutions, calling for outside help only when necessary. Because few climbers carry fancy (and expensive) search and rescue gear, all skills taught in this book use the items typically found on a climbing rack: rope, carabiners, slings, and cord. Text, illustrations, and photos explain knots, belaying and hauling systems, rappelling, ascension, passing knots, how to safely assist and rig an injured climber, and more. Roughly half of the book is devoted to real-life climbing scenarios and solutions ranging from moderate to severe. Because real-life situations rarely unfold as they do in practice, Climbing Self-Rescue teaches how to analyze and improvise your way out of a crisis.

Hilo Book 6: All the Pieces Fit Judd Winick, 2020-02-04 An action-packed page turner with heart!--Dav Pilkey, author of DOG MAN For five books, Razorwark has chased Hilo through the Universe. Now the chase is over. Find out how the epic war between Razorwark and Hilo ends and get ready to start the next adventure with the New York Times bestselling graphic novel series that kids and critics love! Being a hero isn't easy. But Hilo had no idea it would be this hard. Hilo came to earth because he was running from Razorwark. But he's done running. Razorwark has come to earth. And the time has come for one final face to face showdown. What happens will decide the fate of the robot world . . . and Hilo's future. The sacrifice will be great. But with Izzy's help, Hilo finally knows what he has to do. Because THIS is how all the pieces fit. Here's what people (and robots!) are saying about Hilo! More giant robotic ants and people going 'Aaaah!' than in the complete works of Jane Austen--Neil Gaiman, bestselling author Every kid would love a pal like HILO, and every kid will love this book! --Lincoln Peirce, bestselling author of the Big Nate series A perfect book for any kid who ever needed a friend and then had one with superpowers fall from space. --Seth Meyers, actor, comedian and writer A story that can be enjoyed by the entire family.--The New York Times A Total BLAST. --Miami Herald * A wholeheartedly weird and wonderful tale of friendship, acceptance, and robots.--Kirkus Reviews, Starred Review * A must-have.--School Library Journal, Starred Review

The Strategy Trap Lt Gen Prakash Menon, 2020-02-05 India's emergence as a nuclear weapon state gave birth to the concept of limited war and therefore, the feasibility of conventional war under the nuclear shadow informs India's military preparations. But is achievement of substantial political objectives possible through war? What are the dangers of escalation caused by what Clausewitz described as the friction and fog of war? In the context of Indo-Pak conflict, can force application by India provide an answer to resolving the contentious issue of Pakistan supported terrorism? Or would it only lead to a temporary change of status quo? This incisive analysis, made by one of the most distinguished military thinkers of India, doesn't just raise these pertinent questions but also brings great clarity to the strategic options available to India. For the Indian military, the author recommends a doctrinal shift from capture of territory to stand off destruction with a concurrent rebalance from west to north which must be accompanied by political leadership understanding that alerting nuclear weapons is a red line which once crossed, has potential for conflict to spiral beyond their control. Nuclear deterrence stands on the loose sands of nuclear strategy that has not been able to answer the query, 'What happens when nuclear deterrence fails?'. A must read not just for defense professionals, strategists and political decision-makers across the globe, this illuminating book would be of great value even to the students of statecraft and the uninitiated.

Magic: The Gathering: Planes of the Multiverse Wizards of the Coast, Jay Anelli, 2021-08-24 An official visual guide to the fantastical worlds and legendary characters of Magic: The Gathering The various realms of Magic: The Gathering's storied Multiverse have served as host to countless epic battles and dramatic cataclysms—and each plane is richly and uniquely populated with its own fantastical creatures, iconic characters, and legendary Planeswalkers. In Magic: The Gathering: Planes of the Multiverse, author Jay Anelli presents a visual guide to the history behind lore-defining events from the Phyrexian Invasion to the War of the Spark, as well as character profiles for Karn, Narset, Vraska, Sorin Markov, and other fan-favorite Planeswalkers. Planes of the Multiverse pairs original artwork—in many instances reproduced for the first time outside of the card frame—with detailed primers on each plane. This collection offers exclusive insight into the art and mythology of some of Magic: The Gathering's most popular and enduring locales—and the characters that inhabit them.

Your Body Speaks Your Mind Deb Shapiro, 2012-12-20 What are your symptoms and illnesses telling you about yourself? In Your Body Speaks Your Mind, renowned teacher and bestselling author Deb Shapiro shows how understanding your body's 'language of symptoms' can increase your potential for healing. She explains the interconnectedness between your physical state and your emotional, psychological and spiritual health, and reveals: How unresolved emotional and psychological issues can affect your physical health; How feelings and thoughts are linked to specific parts of the body; How you can take steps to heal your body with your mind, and your mind with your body. Your Body Speaks Your Mind shows you how to initiate communication between body and mind, and decode the priceless information your body is giving you, in order to achieve better health and a greater sense of wellbeing.

Games for Actors and Non-Actors Augusto Boal, 2005-06-29 Games for Actors and Non-Actors is the classic and best selling book by the founder of Theatre of the Oppressed, Augusto Boal. Life After Iqbal Sabeena Khan, 2016-04-04 An insight into what happened to Iqbal's vision after his death in 1938 up till today, through the eyes of Javid Iqbal and Muneera Iqbal. This book celebrates and explores what life was like for the children of Muhammed Iqbal living with the legacy he left

Be the One David Robinson, 2012-07-05 Presumptions? or Facts! The State operates on presumptions. Courts operate on presumptions. But what binds me to their presumptions? Where's the contract? What obligations in the contract am I allegedly bound to perform? Did I agree to it? Was the contract valid? Was mutual consideration exchanged? What type of consideration was exchanged? What is in the contract that I am supposed to perform? Was I aware of the contract? Was the contract fully disclosed? Did I sign the contract with my autograph in ink? Statutory laws are public

servant codes for society's slaves; for agents of government. We're all presumed to be employees and servants of the state. But, we're servants of God instead; students of the earth, charged with its cultivation and care.

Radical Equality Aishwary Kumar, 2015-06-17 B.R. Ambedkar, the architect of India's constitution, and M.K. Gandhi, the Indian nationalist, two figures whose thought and legacies have most strongly shaped the contours of Indian democracy, are typically considered antagonists who held irreconcilable views on empire, politics, and society. As such, they are rarely studied together. This book reassesses their complex relationship, focusing on their shared commitment to equality and justice, which for them was inseparable from anticolonial struggles for sovereignty. Both men inherited the concept of equality from Western humanism, but their ideas mark a radical turn in humanist conceptions of politics. This study recovers the philosophical foundations of their thought in Indian and Western traditions, religious and secular alike. Attending to moments of difficulty in their conceptions of justice and their languages of nonviolence, it probes the nature of risk that radical democracy's desire for inclusion opens within modern political thought. In excavating Ambedkar and Gandhi's intellectual kinship, *Radical Equality* allows them to shed light on each other, even as it places them within a global constellation of moral and political visions. The story of their struggle against inequality, violence, and empire thus transcends national boundaries and unfolds within a universal history of citizenship and dissent.

Conquest of Self Mahatma Gandhi, R. K. Prabhu, U. R. Rao, 2021-06-28 This book contains Mahatma Gandhi's 1943 work, *Conquest Of Self*. This inspiring text would make for a worthy addition to any personal library, and will be of special interest to fans and collectors of Mahatma Gandhi's seminal work. Mohandas Karamchand Gandhi (1869 - 1948) was the most significant leader in the Indian independence movement in British-ruled India. He championed non-violent civil disobedience, civil rights, and personal freedom for all people. Many vintage texts such as this are increasingly scarce and expensive, and it is with this in mind that we are republishing this volume now, in an affordable, high-quality, modern edition. It comes complete with a specially commissioned biography of the author.

Songs Of Blood And Sword Fatima Bhutto, 2010 About the Book : In September 1996 a fourteen-year-old Fatima Bhutto hid in a windowless dressing room shielding her baby brother while shots rang out in the streets outside the family home in Karachi. This was the evening that her father, Murtaza, was murdered along with six of his associates. In December 2007 Benazir Bhutto, Fatima's aunt, and the woman she had publicly accused of ordering her father's murder, was assassinated in Rawalpindi. It was the latest in a long line of tragedies for one of the world's best known political dynasties. *Songs of Blood and Sword* tells the story of the Bhuttos, a family of rich feudal landlords who became powerbrokers in the newly created state of Pakistan; the epic tale of four generations of a family and the political violence that would destroy them. It is the history of a family and nation riven by murder, corruption, conspiracy and division, written by one who has lived it, in the heart of the storm. The history of this extraordinary family mirrors the tumultuous events of Pakistan itself, and the quest to find the truth behind her father's murder has led Fatima to the heart of her country's volatile political establishment. Finally *Songs of Blood and Sword* is about a daughter's love for her father and her search to uncover, and to understand, the truth of his life and death. About the Author : - Fatima Bhutto was born in Afghanistan in 1982. She studied at Columbia University and the School of Oriental and African Studies at the University of London. She currently writes columns for *The Daily Beast*, *New Statesman* and other publications. She lives in Karachi, Pakistan.
