Side Man Warren Leight,2000 THE STORY: Set in 1953 and traveling to 1985, this lovely and poignant memory play unfolds through the eyes of Clifford, the only son of Gene, a jazz trumpet player, and Terry, an alcoholic mother. Alternating between their New York City apartment

Top of the Pops 50th Anniversary Patrick Humphries,2013-11-28 'It's Number One... it's Top Of The Pops', for every generation from 1964, until the show ended in 2006, that was the sentence every young television viewer sat down to hear. At its peak, a quarter of the UK's entire population was watching. 'Top Of The Pops' was the pivotal pop television programme over its 2,000 weekly episodes, the programme gave peak airtime to every act, from The Beatles to Beyonce... from Cream to Coldplay... from Pink Floyd to Pink! From its humble beginnings in 1964 from a disused church through to the programme's pan-global appeal in the 1990s, 'Top Of The Pops' became synonymous with the best in pop television. This book tells the incredible story of 'Top of the Pops'. It is not just the story of a long-running television programme. The story of 'Top of the Pops' is the story of British popular music. It is a shadow history of British rock & roll, and beyond. It is the story of how a 6-week show turned into a pan-global phenomenon and how for 40 years, 'Top of the Pops' was a British institution. With a span of nearly half a century, there are so many highlights: The Beatles only live appearance, in 1966, promoting Paperback Writer... the Who getting banned... the first colour edition in 1969... David Bowie's breakthrough performance of Starman in 1972... Nirvana's chaotic 1991 appearance promoting Smells Like Teen Spirit... the Blur versus Oasis battle...

Justin Timberlake playing bass with the Flaming Lips in 2003... 'Top Of The Pops II' was launched in 1994, bringing the programme to a whole new audience. Around the same time, the BBC licensed the 'Top Of The Pops' brand to over 90 countries, with an estimated audience of 100 million. Though it ceased broadcasting in 2006, thanks to the internet, compilation CDs; and repeated viewing on BBC4... 'Top Of The Pops' lives on.

Billboard ,1996-12-28 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. The Wire Rafael Alvarez,David Simon,2009-10-01 '. . . All in the game.' West Baltimore Traditional THE WIRE has been widely hailed as the greatest television series of all time. It portrays the war of attrition between Baltimore's hardened police force and its drug dealers, and the blurring of good and evil, justice and injustice, right and wrong that happens every day as men and women struggle against the institutions they are bound up in. Over its five series it has built up a detailed, rich and layered portrait of

Baltimore: from its corner boys touting dope and its dock workers facing extinction, through the strained education system and tainted halls of power, to the crumbling media establishment. Rafael Alvarez - a reporter, essayist and staff writer for the show - brings the reader inside this world, detailing many of the real-life incidents and personalities that have inspired the show's storylines and characters. Packed with photographs and featuring an introduction by series creator and executive producer David Simon, as well as essays by acclaimed authors George Pelecanos, Ed Burns, Richard Price, Laura Lippman and Denis Lehane, it covers all five series in glorious detail.

Psychedelic Renegades Mick Rock, 2007 When he passed permanently into the next dimension in 2006, Syd Barretts life had developed into something far more significant than he could ever have imagined. The man who turned his back on probable fame, fortune and the entire rock music scene over thirty years ago had become an involuntary legend. Was he a genius or just a madman? The definitive answer to this question will never be known. But *Psychedelic Renegades* goes a long way towards unraveling the enigma that was Syds personality. Mick Rocks extraordinary images and frank text expose a man with enormous natural charisma, whose moods could be dark and brooding as well as buoyant with madcap laughter. This superbly produced book covers the period 1969-71, and features the photo session in and around Syd's London flat that produced the cover for his first solo album, *The Madcap Laughs*; it also features images Mick shot for the now famous Rolling Stone interview in 1971, which became the last photos Syd ever posed for.
