A&S Krzysztof Spadło, 2020-12-14 Na kartach powieści A & S Krzysztof Spadło snuje historię o losach bohaterki, która jest znana miłośnikom więziennej epopei Skazaniec. Autor zabiera czytelników w podróż, wiodącą przez gąszcz ludzkich emocji i uczuć. W dobitny sposób przedstawia również zmagania i trudy emigracyjnej egzystencji oraz rodzinne relacje, które czasami bywają bardzo skomplikowane. A & S to pełna wzruszeń opowieść. Lektura momentami chwyta za serce i zmusza odbiorcę do głębszych refleksji nad sensem życia, które nieuchronnie zmierza w ramiona śmierci.

Abraham and Straus Michael J. Lisicky, 2017-11-06 Along with the Dodgers and Prospect Park, the Abraham & Straus department store was a legendary piece of Brooklyn's history and identity. From Abraham's modest store of 1865, A&S developed into one of America's largest department stores, eventually becoming a charter member of the powerful Federated Department Stores Corporation in 1929. Known for unparalleled customer and employee loyalty, the stores rode a wave of demographic and economic changes. Today, the former Fulton Street Abraham & Straus operates as a Macy's and remains one of America's last downtown department stores. Author, historian and lecturer Michael J. Lisicky chronicles the rise and fall of Brooklyn's iconic store.

Essentials of WISC-V Assessment Dawn P. Flanagan, Vincent C. Alfonso, 2017-02-14 The comprehensive reference for informative WISC-V assessment *Essentials of WISC-V Assessment* provides step-by-step guidance for administering, scoring, and interpreting the Wechsler Intelligence Scale for Children (WISC-V). Packed with practical tips for more accurate assessment, this informative guide includes numerous case studies that illustrate a range of real-world issues. Special attention is devoted to the assessment of individuals who have significant learning difficulties, such as learning disabilities, and who speak English as a second language. The WISC-V is a valuable assessment tool, but it must be administered and scored appropriately to gain meaning from score interpretation. This book gives you an in-depth understanding of the WISC-V assessment and interpretive process to assist practitioners in: Conducting efficient and informative WISC-V assessments Utilizing WISC-V in cross-battery and neuropsychological assessment Applying WISC-V in the identification of specific learning disabilities Utilizing WISC-V in nondiscriminatory assessment of English language learners Writing theory-based WISC-V reports Linking WISC-V findings to interventions based on individual performance As the world's most widely-used intelligence test for children, the WISC-V is useful in diagnosing intellectual disabilities and specific learning disabilities, as well as in identifying giftedness. In this volume, sample reports demonstrate how WISC-V assessment results may be linked to interventions, accommodations, modifications, and compensatory strategies that facilitate positive outcomes for children. *Essentials of WISC-V Assessment* is the all-in-one practical resource for both students and practitioners. The book can be used on its own or with companion software (purchased separately) that provides a user-friendly tool for producing psychometrically and theoretically defensible interpretations of WISC-V performance, and may be used to develop interventions based on each child's strengths and weaknesses.

Oneonta Gene Milener, 2021-01-27 Oneonta is the only city in the large Central New York counties of Otsego, Delaware, and Schoharie. The earliest settlers in 1780 knew the place as a “dammed hemlock swamp.” By 1930, it had become an established regional metropolis towering over all area localities. Oneonta is an exciting story, and this comprehensive book is a unique treasure. The big stories are all there, such as the turnpikes, Albany and Susquehanna Railroad, D&H, cigar rolling, normal school, Hartwick College, and more. Yet so are accounts of sidewalks, cemeteries, boardinghouses, Barn Hill, charity, piano manufacturer, and many others. Maybe more important still was the predominant thought about business affairs. There is much on that too. With rich detail and over 350 heavily annotated pictures, those 150 years to the Great Depression are described as never before and, most likely, never again.

Dark Genius of Wall Street Edward J. Renehan, Jr., 2008-07-31 Though reviled for more than a century as Wall Street's greatest villain, Jay Gould was in fact its most original creative genius. Gould was the robber baron's robber baron, the most astute financial and business strategist of his time and also the most widely hated. In *Dark Genius of Wall Street*, acclaimed biographer Edward J. Renehan, Jr., combines lively anecdotes with the rich social tapestry of the Gilded Age to paint the portrait of the most talented financial buccaneer of his generation-- and one of the inventors of modern business.

Manuals Combined: U.S. Marine Corps Special Operations Command MARSOC Prep Guides, Training Guides And Example Gear Lists , Well over 500 total pages ... Today's dynamic and persistent operating environment has placed unprecedented demands on our military personnel. At no other time have the potential threats been more varied, requiring individuals who are highly intelligent, agile, ethical, tenacious, and physically fit to succeed in any climate or terrain. The Marine Corps Forces Special Operations Command (MARSOC) is preparing professional combat athletes who are ready to execute missions in the largely unstructured battlefields of today and the future. MARSOC's Performance and Resiliency (PERRES) ideology is integral to that preparation. By focusing on mind, body, and spirit, PERRES ensures that Marines not only are physically strong but also possess the mental focus and unconquerable spirit necessary to persevere under the extreme stress of a high operational tempo and through the unknowns of asymmetric warfare. PERRES trains with renewal in mind, focusing on the resilience of the individual, unit, and family. PERRES is unique in integrating high-level athletic training and nutrition with a focus on warrior values, including dedication to family, country, unit, and mission. This approach ensures that Marines are not only ready for combat missions, but also are resilient for life. Spoken Word in the UK Lucy English, Jack McGowan, 2021-04-28 Spoken Word in the UK is a comprehensive and in-depth introduction to spoken word performance in the UK - its origins and development, its performers and audiences, and the vast array of different styles and characteristics that make it unique. Drawing together a wide range of authors including scholars, critics, and practitioners, each chapter gives a new perspective on performance poetics. The six sections of the book cover the essential elements of understanding the form and discuss how this key aspect of contemporary performance can be analysed stylistically, how its development fits into the context of performance in the UK, the ways in which its performers reach and engage with their audiences, and its place in the education system. Each chapter is a case study of one key aspect, example, or context of spoken word performance, combining to make the most wide-ranging account of this form of performance currently available. This is a crucial and ground-breaking companion for those studying or teaching spoken word performance, as well as scholars and researchers across the fields of theatre and performance studies, literary studies, and cultural studies.

Intelligent Optimization Modelling in Energy Forecasting Wei-Chiang Hong, 2020-04-01 Accurate energy forecasting is important to facilitate the decision-making process in order to achieve higher efficiency and reliability in power system operation and security, economic energy use, contingency scheduling, the planning and maintenance of energy supply systems, and so on. In recent decades, many energy forecasting models have been continuously proposed to improve forecasting accuracy, including traditional statistical models (e.g., ARIMA, SARIMA, ARMAX, multi-variate regression, exponential smoothing models, Kalman filtering, Bayesian estimation models, etc.) and artificial intelligence models (e.g., artificial neural networks (ANNs), knowledge-based expert systems, evolutionary computation models, support vector regression, etc.). Recently, due to the great development of optimization modeling methods (e.g., quadratic programming method, differential empirical mode method, evolutionary algorithms, meta-heuristic algorithms, etc.) and

intelligent computing mechanisms (e.g., quantum computing, chaotic mapping, cloud mapping, seasonal mechanism, etc.), many novel hybrid models or models combined with the above-mentioned intelligent-optimization-based models have also been proposed to achieve satisfactory forecasting accuracy levels. It is important to explore the tendency and development of intelligent-optimization-based modeling methodologies and to enrich their practical performances, particularly for marine renewable energy forecasting.

Always Faithful, Always Forward Dick Couch, 2014-06-03 Established in 1986, the U.S. Special Operations Command was set up to bring the special operational disciplines of all branches of the military under a single, unified command to act on missions involving unconventional warfare, special reconnaissance, foreign internal defense, and direct action... The Marine Special Operations Command ("MARSOC") is the newest component of the military's shift toward a fully integrated Special Operations Command structure. At first, the Marines were strongly against any Marines serving under anyone other than another Marine. Then 9/11 happened. In the years following, Marine forces found themselves growing more agreeable to inter-branch operational command, finally forming the Marine Special Operations Command in 2006. Always Faithful, Always Forward follows the journey of a class of Marine candidates from their recruitment, through assessment and selection, to their qualification as Marines Special Operators. The assessment, selection, and training regimes are a combination of psychological testing and intense military training as well as being a physical and professional rite of passage. MARSOC Marines must be efficient, agile, independent, and prepared to live hard in the field. They are warriors trained in the full range of military skills, as well as teachers who can train locals to defend their communities and lead them in battle. But above all, they are Marines. Their ability to leverage their numbers by embedding with the locals and to live in remote locations has, in their short history, made them a valuable force and one with great utility in remote reaches of the world. Retired Navy Captain Dick Couch has been given unprecedented access to this new command and to the individual Marines of this exceptional special-operations unit, allowing him to chronicle the history and development of the Marine Special Operations Command and how they find, recruit, and train their special operators. Making War, Making Women Melissa A. McEuen, 2011-02-15 Drawing on war propaganda, popular advertising, voluminous government records, and hundreds of letters and other accounts written by women in the 1940s, Melissa A. McEuen examines how extensively women's bodies and minds became battlegrounds in the U.S. fight for victory in World War II. Women were led to believe that the nation's success depended on their efforts--not just on factory floors, but at their dressing tables, bathroom sinks, and laundry rooms. They were to fill their arsenals with lipstick, nail polish,

creams, and cleansers in their battles to meet the standards of ideal womanhood touted in magazines, newspapers, billboards, posters, pamphlets and in the rapidly expanding pinup genre. Scrutinized and sexualized in new ways, women understood that their faces, clothes, and comportment would indicate how seriously they took their responsibilities as citizens. McEuen also shows that the wartime rhetoric of freedom, democracy, and postwar opportunity coexisted uneasily with the realities of a racially stratified society. The context of war created and reinforced whiteness, and McEuen explores how African Americans grappled with whiteness as representing the true American identity. Using perspectives of cultural studies and feminist theory, *Making War, Making Women* offers a broad look at how women on the American home front grappled with a political culture that used their bodies in service of the war effort.
