Luke Skywalker and Lando Calrissian return in this essential novel set between Return of the Jedi and The Force Awakens. The Empire is dead. Nearly two decades after the Battle of Endor, the tattered remnants of Palpatine's forces have fled to the farthest reaches of the galaxy. But for the heroes of the New Republic, danger and loss are ever-present companions, even in this newly forged era of peace. Jedi Master Luke Skywalker is haunted by visions of the dark side, foretelling an ominous secret growing somewhere in the depths of space, on a dead world called Exegol. The disturbance in the Force is undeniable . . . and Luke's worst fears are confirmed when his old friend Lando Calrissian comes to him with reports of a new Sith menace. After Lando's daughter was stolen from his arms, he searched the stars for any trace of his lost child. But every new rumor leads only to dead ends and fading hopes—until he crosses paths with Ochi of Bestoon, a Sith assassin tasked with kidnapping a young girl. Ochi's true motives remain shrouded to Luke and Lando. For on a junkyard moon, a mysterious envoy of the Sith Eternal has bequeathed a sacred blade to the assassin, promising that it will answer the questions that have haunted him since the Empire fell. In exchange, he must complete a final mission: Return to Exegol with the key to the Sith's glorious rebirth—Rey, the granddaughter of Darth Sidious himself. As Ochi hunts Rey and her parents to the edge of the galaxy, Luke and Lando race into the mystery of the Sith's lingering shadow and aid a young family running for their lives.

Jack London: Novels and Social Writings (LOA #7) Jack London,1982-11-01 By turns an impoverished laborer, a renegade adventurer, a war correspondent in Mexico, a declared socialist, and a writer of enormous popularity the world over, Jack London was the author of brilliant works that reflect his ideas about twentieth-century capitalist societies while dramatizing them through incidents of adventure, romance, and brutal violence. His prose, always brisk and vigorous, rises in *The People of the Abyss* to italicized horror over the human degradations he saw in the slums of East London. It also accommodates the dazzling oratory of the hero of *The Iron Heel*, an American revolutionary named Ernest Everhard, whose speeches have the accents of some of London's own political essays, like the piece (reprinted in this volume) entitled "Revolution." London's prophetic political vision was recalled by Leon Trotsky, who observed that when *The Iron Heel* first appeared, in 1907, not one of the revolutionary Marxists had yet fully imagined "the ominous perspective of the alliance between finance capitalism and labor aristocracy." Whether he is recollecting, in *The Road*, the exhilarating camaraderie of hobo gangs, or dramatizing, in *Martin Eden*, a life like his own, even to the foreshadowing of his own death at age forty, or confessing his struggles with alcoholism in the memoir *John Barleycorn*, London displays a genius for giving marginal life the aura of romance. Violence and brutality flash into life everywhere in his work, both as a condition of modern urban existence and as the inevitable reaction to it. Though he is outraged in *The People of the Abyss* by the condition of the poor in capitalist societies, London is even more appalled by their submission, and in the novel he wrote immediately afterward, *The Call of the Wild* (in the companion volume, *Novels and Stories*), he constructed an animal fable about the necessary reversion to savagery. *The Iron Heel*, with its panoramic scenes of urban warfare in Chicago, envisions the United States taken over by fascists who perpetuate their regime for three hundred years. It constitutes London's warning to his fellow socialists that mere persuasion is insufficient to combat a system that ultimately relies on force. **LIBRARY OF AMERICA** is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing.
