Action Movies Harvey O'Brien,2012-11-20 Action Movies: The Cinema of Striking Back is a study of action cinema, exploring the ethics and aesthetics of the genre with reference to its relatively short history. It moves from seminal classics like Bullitt (1968) and Dirty Harry (1971) through epoch-defining films like Rambo: First Blood Part II (1985) and Die Hard (1988) to revisions, reboots, and renewals in films like Kill Bill Vol. 1 (2003), Taken (2008), and The Expendables (2010). The action genre is a fusion of form and content: a cinema of action about action. It is a cinema of the will, configured as a decisive reaction to untenable circumstances. Action heroes take up arms against the sea of troubles that beset them, safe in the knowledge that if they don't do it, nobody will. Though this makes the action movie profoundly disturbing as an embodiment of moral ideology, its enduring appeal proves the appetite for assurance remains undiminished, even in the wake of 9/11.

Action Figures M. Gallagher,2006-02-04 What accounts for the massive global popularity of action films and adventure literature? How do men and women respond to iconic screen stars such as Jackie Chan, Arnold Schwarzenegger, Steve McQueen, and Charlton Heston? Action genres have been Hollywood's most profitable global exports for most of its history, their male heroes the subject of much fascination and derision. Bestselling literary thrillers, from The Hunt for Red October to Into Thin Air , have also contributed markedly to popular understandings of male activity. Action Figures takes stock of action narratives' many appeals and recognizes how contemporary crises of gender identity manifest themselves in popular commercial texts.

Born To Be Bad: Talking to the Greatest Villains in Action Cinema Timon Singh,2018-07-11 While 1980s action cinema may have been a time of shaggy mullets, big biceps, and one-liners for the heroes, it was always the villains that stuck in our minds once the credits rolled. Whether they were smuggling cocaine, bearer bonds, Krugerrands, attempting world domination or some good old-fashioned kidnapping, the villains were always the best part of the film! In this book, action film fan, Timon Singh, sets out to talk to the actors behind the greatest villains of his adolescence to discover the stories behind their infamous film roles, the impact they had on their career and, most importantly, whether bad guys have all the fun. Speaking to everyone from body builders to kickboxing champions to experienced stage thespians, Timon interviews the actors behind some of the greatest villains and henchmen in action cinema including former Bond baddies, corrupt CEOs, global terrorists and intergalactic bounty hunters. Featuring interviews with the likes of Vernon Wells (Commando), Ronny Cox (Total Recall, Robocop), Martin Kove (The Karate Kid), David Patrick Kelly (The Warriors), Bob Wall (Enter The Dragon), Steven Berkoff (Rambo: First Blood Part II) and many others, this is an essential read for all fans of action movies! Includes an introduction from Steven E. de Souza, the

screenwriter behind action classics such as *The Running Man*, *Commando* and *Die Hard*.

101 Action Movies Steven Jay Schneider, 2010-09-01 Action movies made actors such as Bruce Willis into household names for their death-defying onscreen escapades. From Sean Connery's Bond to Sylvester Stallone's Rambo, these larger-than-life heroes have kept us on the edge of our cinema seats. Arnie told us he'd be back, and brought new life to the phrase *hasta la vista*. Harrison Ford made archeologists cool, while Angelina Jolie brought a video game to life. And the battles are ongoing--our appetite for derring-do remains unabated as we watch the Dark Knight battle with evil villains straight out of our nightmares. With insight from critics, film historians and academics, *101 Action Movies You Must See Before You Die* brings knowledge, insight, and passion to a world where tough men sip martinis, wear tights and capes, and sometimes even turn green--but can still get the girl, save the world, and crush cyborgs, psychopaths, jokers, and aliens along the way. So hold on to your seats for the crazily impossible mission ahead.

Contemporary Action Cinema Lisa Purse, 2011-04-25 This book is an authoritative account of post-1990s US action cinema.

'80s Action Movies on the Cheap Daniel R. Budnik, 2017-03-24 The 1980s was the decade when the action film as it's now known came into being. Nonstop, big-budget excitement became the standard as epic adventures like *Raiders of the Lost Ark* and *The Road Warrior* set the tone for the summer blockbusters of Sylvester Stallone, Arnold Schwarzenegger and Chuck Norris. Homages (and ripoffs) made with lesser budgets followed every hit, especially with the advent of direct-to-video releases. Providing detailed commentary on 284 films, this book explores the excitement, audacity and sheer weirdness of '80s low budget action cinema, from the American Ninja series to dime-a-dozen barbarian pictures to such bargain-basement productions as *The Courier of Death*, *Kill Squad* and *Samurai Cop*.

Fuzzy Data Warehousing for Performance Measurement Daniel Fasel, 2014-07-08 The numeric values retrieved from a data warehouse may be difficult for business users to interpret, and may even be interpreted incorrectly. Therefore, in order to better understand numeric values, business users may require an interpretation in meaningful, non-numeric terms. However, if the transition between non-numeric terms is crisp, true values cannot be measured and a smooth transition between classes may no longer be possible. This book addresses this problem by presenting a fuzzy classification-based approach for a data warehouses. Moreover, it introduces a modeling approach for fuzzy data warehouses that makes it possible to integrate fuzzy linguistic variables in a meta-table structure. The essence of this structure is that fuzzy concepts can be integrated into the dimensions and facts of an existing classical data warehouse without affecting its core. This allows a simultaneous analysis, both fuzzy and crisp. A case study of a movie rental company underlines and exemplifies the proposed approach.

New Korean Cinema Chi-Yun Shin, Julian Stringer, 2005-09 Korean film has been heralded as the "newest tiger" of Asian cinema. In the past year, South Korea became one of the only countries in the world in which local films outsold Hollywood films, and Korean director Park Chan-wook was awarded the Grand Prix at Cannes. *New Korean Cinema* provides a comprehensive overview of the production, circulation, and reception of this vibrant cinema, which has begun to flourish again in the past decade, following the lifting of repressive government policies. In addition to providing a cultural, historical, and social context for understanding this burgeoning cinema, the book considers the political economy of South Korea's film industry, strategies of domestic and international distribution and marketing, and the consumption of Korean films throughout the world. The volume also includes a glossary of key terms and a bibliography of works on Korean cinema. *New Korean Cinema* gathers prominent critics from North America, Asia, and Europe to make sense of this exploding film industry. This book is essential reading for anyone seeking to understand the complex roles played by national and regional cinemas in a global age.

100 Road Movies Jason Wood, 2019-07-25 In '100 Road Movies', each entry will offer an insightful critique in terms of aesthetics, plot structure and defining formal and thematic features, whilst also considering the title in the wider context and understanding of by what criteria a film may be considered a road movie. Full credits, including year of production, principal cast and technical crew and country of origin will also be included at the foot of each entry. There will be a selection of illustrative stills, approximately twenty-five in total. The scope is broad, a consideration of the elements that gave rise to the road movie sub-genre, how this sub-genre corresponds to other traditional genres (the thriller, the western etc) and how various international countries have adopted the road movie to reflect their cultural, social, political and geographical identities.

Bakhtin and the Movies M. Flanagan, 2009-05-29 Martin Flanagan uses Bakhtin's notions of dialogism, chronotope and polyphony to address fundamental questions about film form and reception, focussing particularly on the way cinematic narrative utilises time and space in its very construction.
