Enter the Animal Teya Brooks Pribac,2021-02-01 Historically, grief and spirituality have been jealously guarded as uniquely human experiences. Although non-human animal grief has been acknowledged in recent times, its potency has not been recognised as equal to human grief. Anthropocentric philosophical questions still underpin both academic and popular discussions. In *Enter the Animal*, Teya Brooks Pribac examines what we do and don't know about grief and spirituality. She explores the growing body of knowledge about attachment and loss and how they shape the lives of both human and non-human animals. A valuable addition to the vibrant interdisciplinary conversation about animal subjectivity, *Enter the Animal* identifies conceptual and methodological approaches that have contributed to the prejudice against nonhuman animals. It offers a compelling theoretical base for the consideration of grief and spirituality across species and highlights important ethical implications for how humans treat other animals.

Ultimate Guide to Mastering Command Blocks! Triumph Books,2016-06-01 The Command Block is without question the most powerful tool in Minecraft, and it's also one of the least understood by most players. This is because the Command Block cannot be crafted without using console commands—the systems that Command Blocks use are entirely script and coding based. That being said, the quickest, most powerful, and most thorough way to activate many special features in Minecraft is to use Command Blocks. With *The Ultimate Guide to Mastering Command Blocks*, you'll learn to send messages to an entire server, change the time of day or weather, teleport a person, and automate processes. Remembering Recipes Irene Palescandolo,2004-01-01 My recollections of the first time I entered the spacious, bustling kitchen of Villa Joe's restaurant brings me back a long stretch of years. I was twenty years old when I stepped into the dynamic heart of the restaurant. I was simply dazzled by the abundance of food, cooked and uncooked, in escalating stages of preparation, all being assembled, concocted, confected into forms creatively visual and delectable. As a promising fashion designer I was enthralled by the scene so artistic in my eyes. I saw a palette of colors, the modeling of textures and contours as if designed and draped at a couturier's studio. I had a sixth sense I would like to be a part of this activity. My husband Frank's mother was busy at the antipasto table sorting salad greens, chicory and arugula. Frank introduced me to her. I said, Hello, may I help you? You may find yourself matching recipes with the lighthearted fables in my husband's memoir, A Remembrance of a Restaurant; A Decameron of Dining, or his other works, Under Blue Skies of Naples, Chez Dogs, and Naples of Salvatore DiGiacomo, which might grant a realized recipe added piquancy. For your convenience I have charted correspondences on the last page.
