Modern Afaan Oromo Grammar Taha M. Roba,2017-03-16 This publication is the second edition of the Oromo Textbook. It is designed to teach the Oromo language to those who can speak the language but are unable to read it; for those children who were born and live outside their homeland; and for those who are interested in learning one of the major languages of Africa. The Oromo language is spoken by close to 40 million people in Ethiopia and northern Kenya and is the second or third largest language in Africa. It is a testament to the resilience of the Oromo language and how it survived over a century of Abyssinian onslaught and suppression. By reading this handbook one can grasp aspects of Oromo culture, systems of thought the principle of social organization and the art of communication. Rare among Oromo educational material, this volume reads smoothly; from learning the sounds of Oromo alphabets also known as qubee, to reading, and understanding the Oromo language. This work is distinct because it brings out the Oromo oral tradition. It is loaded with specific ways Oromos learned, thought, and preserved their language and culture, the essence of their Orommumma (Oromomness). This book strives to fill the void of Oromo educational material not only in North- America, but also in Oromia (Ethiopia), where teaching and learning the Oromo language outlawed by successive Ethiopian regimes and not sufficiently developed under the current government. This book will undoubtedly emerge as a conversation and discussion piece in the learning and teaching of the Oromo language, Oromo history and tradition of the Oromo people.

Afaan Oromo As Second Language Ibsaa Guutama,2013-08-05 The earliest registered civilization is probably the civilization of Cushitic speaking peoples spearheaded by ancient Egypt. The Oromo are of the Cushitic speaking stock. Missing links of that civilization are hoped to be found in the language and culture of the Oromo nation of East Africa. It is not too late for researchers of ancient civilizations to turn their attention towards East Africa, specifically Oromia. The first step towards this may be learning their language. This little book will offer you that opportunity. It is presented in a possible easy but sure way to help you understand its basics.

Being and Becoming Oromo Paul Trevor William Baxter, Jan Hultin, Alessandro Triulzi, 1996 The Oromo people are one of the most numerous in Africa. Census data are not reliable but there are probably twenty million people whose first language is Oromo and who recognize themselves as Oromo. In the older literature they are often called Galla. Except for a relatively small number of arid land pastoralists who live in Kenya, all homelands lie in Ethiopia, where they probably make up around 40 percent of the total population. Geographically their territories, though they are not always contiguous, extend from the highlands of Ethiopia in the north, to the Ogaden and Somalia in the east, to the Sudan border in the west, and across the Kenyan border to the Tana River in the south. Though different Oromo groups vary considerably in their modes of subsistence and in their local organizations, they share similar cultures and ways of thought.

Tradition and Transformation Abebe Kifleyesus, 2006 The Argobba are an ethnic and religious minority in southeastern Wallo and northeastern Sawa. Despite living in harsh environments and menace from more dominant ethnic groups, they have for centuries maintained their agricultural activity, trader and weaver identity, and

religious unity. At present they are undergoing rapid cultural change, and are caught up in a tension between encapsulation and the struggle for the survival of Argobba cultural tradition and political position in what once was a strategic location. This book presents a perceptive historical and cultural analysis of change and continuity, looks at how the Argobba define and redefine their agricultural and commercial ways of living as a response to threats from Oromo migration, Amhara settler penetration and Adal aggression, and examines the past and present condition of Argobba social and economic transformation in north-central Ethiopia.

Hidhaa Seexaa I Ibsaa Guutama, 2021 This was first published in English as Prison of Conscience. It is now presented in Afaan Oromo with some addition and expansion. For the Oromo nation the more than a hundred years of Amaaraa Ethiopian occupation had been a hell. Killings, tortures and disappearances were common place. Their land was grabbed, their culture erased, their language suppressed, they were turned to serfs and their identity was denied, their freedom deprived. Relentless struggle was waged to reverse the situation and much had been achieved towards it. This book is about experience of a prisoner who went under the most inhuman treatment in torture rooms and isolated from the world for about ten years. And also, about empire Ethiopia that knows no human rights and even human conscience was kept under suppression. All about the empire and Darg prison are contained in two volumes of this book in brief. The said prisoner had a chance to revisit Maa'ikalaawii under EPRDF government that replaced the Darg. List of prisoners of the previous detention is also given as appendix. Read it and there are more to discover.
