Ensemble Studios Official Guide Bruce C. Shelley,1999 In this sequel to one of the most celebrated strategy games of all time, your choices are simple: expand or be conquered. Spanning a thousand years, from the fall of Rome through the Middle Ages, Age of Empires II: The Age of Kings is an epic adventure that puts you in command of one of thirteen mighty civilizations. World domination is within your grasp as you build your empire, push back your borders, and crush all opposing forces. Book jacket.

Age of Empires Strategies and Secrets Jason Rich,1997 Age of Empires, a history-based real-time strategy game, is likened to popular games such as Civilization and Command and Conquer. Comprehensive coverage in this unofficial guide includes complete strategies for all 12 cultures in the game. The secrets and tips have been researched with the help of the designers and programmers.

Games of Empire Nick Dyer-Witheford,Greig de Peuter,2013-11-30 In the first decade of the twenty-first century, video games are an integral part of global media culture, rivaling Hollywood in revenue and influence. No longer confined to a subculture of adolescent males, video games today are played by adults around the world. At the same time, video games have become major sites of corporate exploitation and military recruitment. In Games of Empire, Nick Dyer-Witheford and Greig de Peuter offer a radical political critique of such video games and virtual environments as Second Life, World of Warcraft, and Grand Theft Auto, analyzing them as the exemplary media of Empire, the twenty-first-century hypercapitalist complex theorized by Michael Hardt and Antonio Negri. The authors trace the ascent of virtual gaming, assess its impact on creators and players alike, and delineate the relationships between games and reality, body and avatar, screen and street. Games of Empire forcefully connects video games to real-world concerns about globalization, militarism, and exploitation, from the horrors of African mines and Indian e-waste sites that underlie the entire industry, the role of labor in commercial game development, and the synergy between military simulation software and the battlefields of Iraq and Afghanistan exemplified by Full Spectrum Warrior to the substantial virtual economies surrounding World of Warcraft, the urban neoliberalism made playable in Grand Theft Auto, and the emergence of an alternative game culture through activist games and open-source game development. Rejecting both moral panic and glib enthusiasm, Games of Empire demonstrates how virtual games crystallize the cultural, political, and economic forces of global capital, while also providing a means of resisting them.

NieR: Automata World Guide Volume 1 Square Enix,2019-05-07 Step into the boots of a YoRHa combat android and discover the world of NieR: Automata from a firsthand perspective! 192 pages of art, lore, and exploration collected into a fantastic full-color hardcover volume in English for the very first time! Comprehensive breakdowns of all Tribes, Ages, technologies, and buildings Unbeatable resource gathering, movement, exploration, and combat tips Tactics for Empire advancement and ways to win through economic, diplomatic, or militaristic means Detailed multiplayer strategies Complete walkthroughs of all scenarios and campaign gamesWith Age of Empires: Unauthorized Game Secrets, you will build not just any Empire but an Empire to last through the Ages.

The Web of Empire Alison Games,2009-11-12 In this work, Alison Games explores the period when England challenged dominion over the American continents, established new long-distance trade routes in the eastern Mediterranean and the East Indies, and emerged in the 17th century as an empire to reckon with.

The Age of Empires Robert Aldrich,2020-06-23 The critical story of thirteen empires, showing their key role in the foundation of today’s global civilization. For over five hundred years, empires have been a feature of the political landscape, and today, many contemporary conflicts resonate with issues tied to colonial conquest and the uneasy situations they produced. Empires evoke potent images: Henry Morton Stanley, David Livingstone, and the gallery of colonial explorers; the Spanish conquistadors’ quest for gold and silver; and the Dutch heritage of trade in the East Indies. These legacies still pose major issues for historians who study their key role in the foundation of today’s global civilization. The Age of Empires frames the era of empires with maps of explorations, chronologies of voyages, records of settlers and administrators, the balance sheets of commerce, and other records that made up the Age of Empires. This account incorporates research from across the globe and vivid illustrations to tell a story full of conflict, cruelty, great journeys, and influence.

Age of Empires III Doug Radcliffe,Michael Rymaszewski,2005-10-21 This exclusive, official strategy guide, written with the full cooperation and support of Ensemble Studios and Microsoft Game Studios, features: Strategies and tips straight from the game's creators Expert analysis of each civilization's strengths and weaknesses Detailed military and economic strategies In-depth statistics for everything in the game Step-by-step walkthrough of the single-player campaign Hardcore multiplayer tactics for every game mode

Age of Empires III: the Warchiefs Brad Anthony,2006 Detailed walkthroughs will aid you through the 15 new single-player campaign missions. Enjoy rich historical background to compliment the cast of characters that interact with real historic figures and events. With three proud Native American civilizations, learn to master the powerful WarChiefs of each tribe. Learn when to improve unit speed, how to convert treasure guardians to allies, or what troops benefit most from an added hit point bonus. Tips from the test team and detailed multiplayer strategy will teach you the fundamentals of a strong offense and defense. Master town building, proper troop movement, and grow to understand the strengths and weaknesses of each side.

Microsoft Age of Empires II Paul Schuytema,Duncan McPherson,Scott McCabe,2000 This is the definitive, official guide to creating original, world-class Age II maps, scenarios, and campaigns using the game's built-in Map Editor. With more than a million copies of the game already sold, this one-of-a-kind book is sure to find an enormous audience. Written by a team of professional game developers, it also features a fully loaded CD complete with maps, templates, example files, and utilities.

Postmortems from Game Developer Austin Grossman,2013-04-02 The popular Postmortem column in Game Developer magazine features firsthand accounts of how some of the most important and successful games of recent years have been made. This book offers the opportunity to harvest this expertise with one volume. The editor has organized the articles by theme and added previously unpublished analysis to reveal successful management techniques. Readers learn how superstars of the game industry like Peter Molyneux and Warren Spector have dealt with the development challenges such as managing complexity, software and game design issues, schedule challenges, and changing staff needs.

Edge of the Empire Daniel Lovat Clark,Chris Gerber,2012

Star Wars Edge of the Empire Roleplaying Game ,2017

Raising Germans in the Age of Empire Jeff Bowersox,2013-05-09 Raising Germans in the Age of Empire is a cultural history of the German colonial imagination around the turn of the twentieth century. Looking beyond the colonialist movement, it focuses on young Germans who grew up during this era and the various commercial and educational media through which they daily encountered the wider world. Using their imaginary colonial encounters, Jeff Bowersox explores how Germans young and old came to terms with a globalizing world. Chapters on toys, school instruction, popular literature, and the Boy Scouts (or Pfadfinder) reveal how Germans, through mass consumer culture and mass education, built a definitive association between colonial hierarchies and Germany's place in the modern age. By 1914 this colonial sensibility had been accepted as common sense, but it always remained flexible and vague. It could be adapted to serve competing and contradictory purposes, ranging from profit and pedagogical reform to nationalist mobilization and international socialist solidarity. Thus, as young Germans used images of imperialism to construct their own fantastical adventures, adults tried to use those same images to ward off the worst excesses of industrial modernity and to mold young people into capable and productive citizens. The result was a chaotic multitude of imagined empires vying for space in the public arena as Germans debated how best to raise the next generation of children. Raising Germans in the Age of Empire explains how colonial visions not only shaped Germans' engagement with globalization but also determined how they understood themselves as a modern nation.

Microsoft Age of Empires II Mark H. Walker,1999-07 This latest edition to the Inside Moves series shows readers all the strategy gambits and tricks for winning Microsoft Age of Empires II. A historical real-time strategy game, Age of Empires shows gamers how to not only survive but thrive in the Middle Ages.

Age of Empires III - The asian dynasties (Add-on) ,2007
