**Sufi Teachings** Hidayat Khan, 1994 Sufi Teachings delves deep into modern Western Sufi philosophy to chart a path for the seeker after Truth. Seldom has the seeker's path been so accessible or clearly defined as in this collection of lectures gleaned from inspiring moments at an annual Sufi retreat high in the Canadian Rockies.

The Universal Islamic Education Methodology  
Roohi A. Ahmad, 2023-08-28 Have we ever wondered why Allah swt uses His name as Allah some places and Rabb in the others? Have we ever wondered what the difference between momin and muslim is? Can we make an argument to prove their meanings from within the Quran? Have we ever wondered why Allah swt uses the word zikar so extensively throughout the Quran; or what the meaning of the word zikar is; or how the meaning of zikar is different from talu, qara, and ratal; and even why there are talu, qara, and ratal, the three different words for reading the Quran? Or have we ever wondered why we are plagued by all kinds of catastrophes? Or why is there so much chaos and conflict in the world, and how can we solve these problems? If we have not wondered about such questions, the reason is that we have not read the Qur'an in its true sense. Today's Muslims have two main objectives for their children: success in this world and triumph in the life hereafter. Muslim children need natural and social knowledge, but to fully enrich their minds, they also need to learn about the Quran and Islamic traditions. Many Islamic schools in North America are pursuing both of these objectives, but educators often feel that

merging these two goals is too difficult. Having spent years teaching in Islamic schools and conducting a wealth of research, Roohi A. Ahmad has observed firsthand how complex the enterprise of Islamic education is. She has also witnessed the void of learning outcomes, teaching goals, and, most importantly, a clear vision and methodology for Islamic education. She has sought to remedy that situation in this book. It provides a practical methodology designed to help Muslim educators create a state-of-the-art Islamic education system that will lead to fully formed students who can function well in this world and ensure a positive outcome in the world to come.

*The Ahmadis* Antonio R. Gualtieri, 2004 Following on the work he began in *Conscience and Coercion: Ahmadi Muslims and Orthodoxy in Pakistan*, Antonio Gualtieri returned to Pakistan to continue his conversations with devotees of the Ahmadi community. He reveals how this traditional society deals with conflicts arising from contact with the non-Ahmadi and shows how the Ahmadi survive in a country that is generally hostile to them. Dedicated to supernatural revelation and the divine governance of society, Pakistan's Ahmadi community has endured mob violence and penal sanctions for refusing to embrace the beliefs of the Sunni majority. They disagree with fundamentalist ideas of exclusiveness and consider themselves a reformed version of Islam. Although they have adopted Enlightenment ideas about the pursuit of scientific knowledge and produced a notable number of technicians, doctors, and scientists, women continue to live under a strict

definition of purdah and the community remains conservative. The Ahmadi reveals a society strictly grounded in divinely prescribed patterns - including parental authority, close family ties, a disposition towards gender-specific roles, and separation of the sexes - but at odds with fanatical Muslim fundamentalism, whose wrath has spread beyond the Ahmadi minority to include the West.

*Outright Assassination* Adel Beshara,2012 Since the trial and execution of Antun Sa'adeh was held, many complex issues have been raised: Why the secrecy and haste? Was it a fair trial? Was the offence political and, if so, why did the Lebanese State refuse to treat it as such? What did the Khoury regime hope to achieve from the trial? This book answers these and many more questions.

*Arif Al-Sa'idi: Selected Poems* Haitham Kamil al-Zubbaidi, 2018-10-26 Arif Al-Sa'idi is a contemporary Iraqi poet who connects us to an ancient past. Through his poems, we may experience a mystical realm that is suspended in time. We may travel through desert sands to the heart of the Middle East -- to a place as timeless as life itself -- to catch a glimpse of the spirit of our distant ancestors. From the anguish of a restless soul residing in purgatory, to a father's love for his four-year-old son, Al-Sa'idi invites us to ponder the most fundamental aspects of our existence, both the earthly and the ethereal. He speaks to our ultimate quest for peace and fulfillment. Where did we come from, and where are we going? Straight from the Cradle of Civilization, Arif Al-Sa'idi brings us a rich and profound expression of the human experience.
