**The Italians of New York** Maurizio Molinari,2012-08-20 An overview of generations of Italians in the Big Apple, weaving together numerous stories from different epochs and different backgrounds. "If you want to learn something about Italian creativity, come to New York. Here, you will find the pride of flying the Italian colors at the Fifth Avenue Columbus Day Parade, the American patriotism of those who perished at Ground Zero, the courage of firefighters and marines on the frontline of the war against terrorism, the babel of dialects at the Arthur Avenue market, portrayals of social change in the writings of Gay Talese, stories of successful business ventures on the TV shows of Maria Bartiromo and Charles Gasparino, political passion in the battles of Mario Cuomo and Rudy Giuliani, creative imagination in the works of Gaetano Pesce, Renzo Piano and Matteo Pericoli, and provocation in the attire of Lady Gaga . . . The Midtown top managers, who arrived in the past twenty years, operate in the XXI century, while on Fresh Pond Road in Ridgewood the panelle are still prepared according to the Sicilian recipes transmitted from one generation to the next." -From the Introduction

*Television Opera* Jennifer Barnes,2003 This book contrasts the buoyant initial intentions of television's policy makers and creative advisers with the subsequent inability (for various reasons) to deliver as intended. The decline in the relationship between television and its commissioned operas is charted through three case studies: Menotti's Amahl and the Night Visitors (NBC), Britten's Owen Wingrave (BBC), and Gerald Barry's The Triumph of Beauty and Deceit (Channel 4) - the first a live broadcast, the second a video recording, and the third a filmed opera made for television.--Jacket.

La ützwäch? R. McKenna Brown,Judith M. Maxwell,Walter E. Little,2010-06-28 Kaqchikel is one of approximately thirty Mayan languages spoken in Belize, Guatemala, Mexico, and, increasingly, the United States. Of the twenty-two Mayan languages spoken in Guatemala, Kaqchikel is one of the four mayoritarios, those with the largest number of speakers. About half a million people living in the central highlands between Guatemala City and Lake Atitlán speak Kaqchikel. And because native Kaqchikel speakers are prominent in the field of Mayan linguistics, as well as in Mayan cultural activism generally, Kaqchikel has been adopted as a Mayan lingua franca in some circles. This innovative language-learning guide is designed to help students, scholars, and professionals in many fields who work with Kaqchikel speakers, in both Guatemala and the United States, quickly develop basic communication skills. The book will familiarize learners with the words, phrases, and structures used in daily communications, presented in as natural a way as possible, and in a logical sequence. Six chapters introduce the language in context (greetings, the classroom, people, the family, food, and life) followed by exercises and short essays on aspects of Kaqchikel life. A grammar summary provides in-depth linguistic analysis of Kaqchikel, and a glossary supports vocabulary learning from both Kaqchikel to English and English to Kaqchikel. These resources, along with sound files and other media on the Internet at ekaq.stonecenter.tulane.edu, will allow learners to develop proficiency in all five major language skills—listening comprehension, speaking, reading, writing, and sociocultural understanding.
