God, Angels, Aliens, D. L. Little,2015-01-17 How would your life be different if you found out you chose the life you are living? Yes, even the hardships, heartbreaks, trials and tribulations you are going through. Yes, whether you are disabled, blind, mentally challenged, or even very young and dying from some terrible disease. Would you live differently? Would you be more able to accept the things you are going through and would it make it easier to find the solutions to the situation? Would you see it more like a challenge that you put upon yourself in this life? Would you see it as your personal marathon, to be the best you can be without feeling like you are competing with the rest of the world? Think about it for a minute or two. How different would you see things if you knew you chose how you look, act, feel, your handicap, the stress in your life, the hardships, and yes even the illnesses or molestation or rape? Even with the death of your child or spouse. The answers I have found to these questions just may surprise you. Read On...

Aliens and Us Are We Prepared Yet? Vikas Gupta,2010-04-23 The subject of aliens is not a new one and has been around for a really long time now. We talk about it all the time. News and articles about the possibility of alien visits or attacks are everywhere. Perhaps this has become so common that people have started to shrug it off, thinking this is just one of those science fiction topics that media loves to sensationalize. If all of a sudden we have an alien encounter one day, are we psychologically prepared for this? Like many of you even I think we are not. In fact we might be in a state of shock as they might turn out to be completely different from any of our imaginations about them. But if we are prepared for anything, then such an alien encounter might not be shocking. The objective of this book is to prepare its readers psychologically to deal with the subject of aliens and the first alien encounter. In other words aiming to prepare humanity with the cope of a possible shock upon an impending alien encounter. There are a lot of mysteries in this world that might have some paranormal behavior associated to them, but they are kind of scattered and appear here and there. In other words although these mysteries have been documented well enough by a lot of people from time to time, but they do not appear related. This book attempts to bring together these mysteries and relate them with one possible explanation that is common, the alien connection. Also it is trying to bring this subject out from the confines of a circle of scientists, subject experts and enthusiasts to a common person. So this book is for a common man by a common man.

Extraterrestrial Avi Loeb, 2021 Harvard's top astronomer lays out his controversial theory that our solar system was recently visited by advanced alien technology from a distant star

The Alien Connection Gregory Harold, 2009-02 This will undoubtedly be one of the most unusual and unbelievable true stories you will ever read during your entire life time. From the fall of 1974 to 1980, events took place in Florida in the Village of Palm Springs that could ultimately change the way you think about life on earth. What started out to be a search to identify vandals led to the discovery of what appeared to be Alien beings three feet tall that changed in appearance as they moved from one place to another. A theory will be offered that will explain what the images are, how they function, what they look like, and what they appear to be doing here.

The Ufo-Christianity Connection Fred R. David, 2010-11-15 For many centuries, science and religion have remained staunchly independent. Whenever issues have developed that simultaneously touched on both areas, debate often ensued for example, when scientists first proposed that the earth revolved around the sun, or when the theory of evolution was proposed. There has always been a cultural disconnect between science and religion that has caused dissention and distrust. Research conducted by author Fred R. David, however, reveals that the missing link between science and religion may be UFOs or, more specifically, the beings inside those crafts. The UFO Christianity Connection: Fact or Fiction reveals that UFOs played a significant role in how ancient civilizations built megalithic structures and predicted celestial events perfectly; brings to life the close association that ancient civilizations had with ancient astronauts whom they called gods or sky people; reveals that many events described in ancient writings, including the Bible, involved UFO encounters; gives readers a unique perspective to engage others in discussing angels, God, UFOs, Bigfoot, Satan, giants, the underworld, the flood, Atlantis, and Jesus. The scientific information presented here is vital for people of all faiths on all continents. Explore the missing link that bridges the gap between science and religion.

The Messengers Mike Clelland, 2020-08-19 Without question, this is a classic by one of the most exciting new

authors in the UFO field today. After reading it, your view of reality will never be the same. The owl has held a place of reverence and mystique throughout history. And as strange as this might seem, owls are also showing up in conjunction with the UFO experience. Mike Clelland has collected a wealth of first-hand accounts in which owls manifest in the highly charged moments that surround alien contact. There is a strangeness to these accounts that defy simple explanations. This book explores implications that go far beyond what more conservative researchers would dare consider. But the owl connection encompasses more than the UFO experience. It also includes profound synchronicities, ancient archetypes, dreams, shamanistic experiences, personal transformation, and death. From the mythic legends of our ancient past to the first-hand accounts of the UFO abductee, owls are playing some vital role. This is also a deeply personal story. It is an odyssey of self-discovery as the author grapples with his own owl and UFO encounters. What plays out is a story of transformation with the owl at the heart of this journey.

WHEN the GODS DESCENDED on EARTH: the Phoenicians-Extraterrestrials Link Maximillien De Lafayette, 2011-06-04 Part 1 from a set of 2, including hundreds of photos and illustrations. An exposé based upon the history, geography, religion, theology, languages, epistemology, etymology, archeology, time-table and chronology, philosophy, sociology of the Phoenicians and ancient civilizations of the Near East, Middle East, Anatolia, the Bible, and Kira'at of the Anunnaki Ulema to prove that the Extraterrestrial Gods descended on Phoenicia and how the Anunnaki shaped our history, destiny and future. The author discusses these topics in the book, and provides solid evidence pertaining to the early Phoenicians' link to the Extraterrestrial Gods and Ancient Aliens who descended first on Phoenicia, as well as the primordial influence the early Phoenicians had on the creation of the concept of God, Judaism, and Christianity.

Alien Intrusion Gary Bates, 2004 Most people at one time or another have probably been curious to know, What could account for all of those strange objects in the sky that many credible witnesses see? Or, what about the modern mystery of alien abductions and stories of visitations by beings claiming to be from other planets or star systems? Are aliens really making contact with human beings? Is it important anyway? At last, an easy-to-understand book traces the history of this strange phenomenon utilizing the research of many of the heavyweights of UFOlogy -- and it's been making sense to a lot of people. This is a book for everyone. The author's research and conclusions will surprise you and challenge your thinking, not just about UFOs, but about the nature of life itself. This is a landmark volume that brings together the most important evidences, coming to conclusions far more sinister -- yet profound -- than most could imagine. - Publisher.

A Visit from the Greys (Aliens) Drac Von Stoller, 2011-12-05 Billy was always curious about the lights in the sky, but he didn't think much about them until June 14, 1963. One night, on his dad's farm, he saw the lights behind the barn. Billy, being the curious type, put on his cowboy boots, hat, and lone ranger holster, ready to take the outlaws in. Billy was only ten years old and didn't realize that the lights he saw were something he should have told his parents about. "I'm not afraid of any varmint! I'll capture those varmints and take them to my daddy! Then I'll be a hero!" Billy opened his bedroom window and climbed down the tree. He softly called for his dog, Trigger, to come along in case these varmints were hostile. "Now, Trigger, be very quiet. We want to sneak up behind these varmints, tie them up with my lasso, and bring them to my dad alive!" Billy and Trigger made their way to the side of the barn unnoticed. All of a sudden, Trigger ran behind the barn and began barking at the intruders. Billy ran after him, calling out his name. When he reached the back of the barn, Billy froze. He heard Trigger yelp and a beam of light came down from the sky. In a blink of an eye, Trigger was gone. "What have you done to Trigger?!" Billy cried desperately. "Who are you, and where are you from?!" There was no answer. Billy realized that the lights he saw behind the barn were more than just lights. It was a silver disk that was being flown by grey-colored creatures about four and a half feet tall. "You just wait until my daddy finds out about this!" Billy yelled to the creatures. He tried to move, but he couldn't. There was some sort of force field around his body that kept him in place. The two aliens got out of the craft and approached Billy. They escorted him to their ship with plans to experiment on him.
