Souvik Naha, Dominic Malcolm

All Played Out Pete Davies, 1998 Italia '90 - Gazza cried and football changed forever. Once you could ignore football, avoid the back pages, turn the telly over, leave the pub. Now that's not possible because on 4 July 1990 in Turin's Stadium of the Alps gazza cried, England lost and football changed forever. Pete Davies witnessed all of this first hand. The players, the hooligans, the agents, the journalists, the fans - the full cast of football's rowdy circus. For nine months he had access to the England squad and their manager, Bobby Robson, talking to them freely about their hopes, their fears, their methods and their lives. So this is the real story, the unedited version. All Played Out - the first and last book to give the inside story of the greatest show on Earth. 'Pete Davies is incapable of writing a dull sentence...one of the most outrageously entertaining books of the year' Daily Post.

All the Queen's Players Jane Feather, 2011-01-18 New York Times bestselling author Feather conspires with history to tell this dazzling story about two queens--Queen Elizabeth I and Mary Stuart, the imprisoned Queen of Scots--and one impassioned woman whose life they change forever.

Hold'em Wisdom For All Players Daniel Negreanu, 2013-09-01 table { }td { padding-top: 1px; padding-right: 1px; padding-left: 1px; color: black; font-size: 12pt; font-weight: 400; font-style: normal; text-decoration: none; font-family: Calibri,sans-serif; vertical-align: bottom; border: medium none; white-space: nowrap; }.xl72 { color: windowtext; font-family: Times New Roman; } For beginning and novice players who want to play and win at Texas hold'em 95% of the card-playing market this is the perfect antidote. The book is designed for those players who want to learn 'right now' and enjoy instant success at the tables. Fifty quick sections focus on key winning concepts, making learning both easy and fast.

Cricket in the 21st Century Souvik Naha, Dominic Malcolm, 2023-12-11 This book examines the

ways in which cricket has reflected and reproduced some of the social and political tensions of the twenty-first century. Cricket's struggle for global recognition and the shifting concerns about cricket's perceived 'character' provide two of the most significant meta-narratives to shape the game's historical and future development. However, in contrast to the degree of continuity these narratives appear to support, the game is currently undergoing a particularly rapid and radical phase of change. This book illustrates some of these dominant processes, that can be broadly categorized as the changing political economy of the game, the nation-specific manifestations of cricket's political-economic landscape, and the intro- and retrospection within the English game. Cricket is not only thriving across the world, its global spread reveals narratives of migration, national and international politics, astute governance, empowerment of people, and cultural practices of everyday life. New ethical, political, and identity-related concerns have arisen with the reworking of the objectives and methods of playing and watching cricket. The chapters in this volume employ cricket as a useful conceptual tool to analyse the dynamics underwriting interactions between races, sexes, classes, and polities. Cricket in the 21st Century will be a fascinating read for students, scholars as well as general readers with an interest in the sociology and history of sport and global political economy. The chapters in this book were originally published as a special issue of Sport in Society.

UnderWorld Cup Atul Kumar, 2016-10-26 Atul Kumar's amazing insight and candid narration is at its very best in this eye-opener for all cricket lovers in the world. An explosive account of how matches in the 2016 T20 World Cup were fixed for the benefit of betting syndicates. Could two no-balls be the cause for India's ouster from the Cup as widely propagated? Or were those scripted for a specific purpose? "Dropped catches, brilliant catches, brilliant run outs, missing easy run out chances, brilliant fielding, and misfielding, all can be scripted and fixed... And these are incorporated to create thrill and better dramatic effects in order to attract viewers and sell the game." "It is for cricket betting that fixing is done and it is through cricket betting that fixing can be proved" "The political implications of India Pakistan cricket matches being fixed are rather very serious. It could not be that leaders in these countries were not aware of these matches being fixed"..... "The least the government or media could do was to inform the masses that Cricket was like WWE wrestling, and let Dawood's interests be hit by this simple action." The time tested Truth to shake India and the world

from the author of *All Cricket Matches are Fixed*, *Cricket sabse bada fraud aur moorkh bante log*, and *Phakeland*.

Management of the Cricketing Ecosystem Subhasis Ray,2022-11-04 This book is a culmination of sustained research work on the evaluation of cricket and its management to imbibe a balance between its various formats by using data and analytics. The book has identified three primary stakeholders—administrators, players and spectators—each having their own ambitions. In order for convergence of these ambitions, it has prescribed the networked governance in place of hierarchic governance for the International Cricket Council (ICC), the cricket's apex body. This book aims at creating a balance between formats that each country should play. There is as much dearth of

academic research on this topic, as there is abundance of individual viewpoints from professionals related to the game. Hence at the outset, the book has created a action points and has underlined the lack of convergence with present way of governance. This book has created a meta-metric framework for formative assessment of influence across cricket formats. In order to assess the influence of T20 on test matches and on India's performance, a comparison between pre-IPL period (1998–2007) and post-IPL period (2008–2017) by using this framework has been done.

Wisden India Almanack 2017 Suresh Menon,2017-02-23 The fifth edition of Wisden India Almanack has essays from the best writers, and those from other fields who are passionate about the sport, like the CEO of Microsoft, Satya Nadella. The coverage of domestic cricket is both extensive and original. The Almanack is actually four books in one: a volume of essays, a book of records, an annual of matches played, and a miscellany of unusual occurrences, all of which make for a great read. It is a treat for the cricket fanatic, and for those interested in fine writing and intriguing stories.
