*The Young Alchemists and the Vatican's Legion of Evil.* Norma Pastor,2013-10-14 The Young Alchemists and the Vatican's Legion of Evil is a great adventure of action, mystery, intrigue, romance and hilarity about a group of extraordinary teenagers who willingly and for the good of humanity decide to become the younger members of the Alchemists the most powerful secret organization in the world. From the moment they first meet at the Roseford Academy, a prestigious yet very mysterious private school located in Bromptonville, New York, the group of six become inseparable, their curiosity, mischievousness and spirited love for adventure is an open invitation for the wildly unpredictable series of escapades that ensue. As they become deeply enmeshed in a world of mystery and intrigue, they are confronted with a series of seemingly impossible challenges—much more than they would bargained for had they known in advance what was in store for them. On March 6/2013 in one of the abandoned chambers of an ancient monastery in the Vatican, the newly indoctrinated Young Alchemists Pippa Steinberg, Allie McKay, Quan Sun, Cristian Gomez and their school friends Pepper Douglas and Pony McBride, find a letter hidden in an ancient leather book. At once they realize that the contents of the letter if ever publicly disclosed would permanently stain the reputation of the Holy Mother Church of Rome and endanger the lives of almost every inhabitant on planet earth. The letter written in 1774 by a 75 year old Italian priest Father Alberto Giacalone, describes in

detail the global plot of the Nonplus the most evil secret organization in the world with an evil agenda to corrupt all earthlings, dismantle all world religions and seize control of the planet.

**Prominent Dutch American Entrepreneurs** C. Carl Pegels,2011-08-01 The book presents the stories of the more successful Dutch American entrepreneurs, active in the United States, with some going back as far as 400 years. The majority of the entrepreneurs covered in the book were active during the past 150 years. Each of the individuals covered represent an enterprise that was well known during its respective era. In some of the cases the individuals were better known than the enterprises they represented, and some became historic figures. Some of the more famous Dutch American entrepreneurs are Cornelius Vanderbilt, and his son William Vanderbilt, transportation entrepreneurs in the nineteenth century. Also famous during the early nineteenth century was DeWitt Clinton, the driving force behind the building of the Erie Canal. During the twentieth century, there were such famous Dutch American entrepreneurs as Cecil B. DeMille, Darryl Zanuck, and others in the entertainment industry. The most successful entrepreneurs, still alive today, are the billionaire businessmen, the Koch brothers, who own the multibillion dollar Koch Industries, an oil and chemical industry firm. The book's audience consists of academics, the public, and specifically the Dutch American public, numbering from 6 to 10 million people. The book is also an important source book and reader for college courses in Entrepreneurship, American History, Culture, Society and Economy.
