**Robb Wallace**

**Smartphone Smart Marketing** Robb Wallace, 2021-01-01 It is time to become the content creator and marketer you always dreamed of being? If you have a smartphone, then you are ready to create and build an audience for your brand or business. You have the technology and this book will give you the knowledge and practical skills to use it. Smartphone Smart Marketing is the follow-up book to the successful title Smartphone Media Production. It is written by award-winning filmmaker, professional digital marketer and content creator Robb Wallace. Robb has over sixteen years of experience in the field as well as an award-winning degree in Broadcast Production. In 2016 Smartphone Media Production showed its readers how to plan, capture, edit and distribute content (branded photography, audio, video and live streams) with only their phones. In this updated and fully revised version, Robb is back with even more great content including chapters on content marketing, social media channels and social media strategies. Who is this book for? It is for people who; Don't know how to create content to market their brand. Don't have the funds for a marketing manager but are willing to put in the hard work and learn the skills. Don't have a big budget for expensive things like promo videos, marketing images, social media campaigns. Don't know where to start when launching a new business or product. Have tried and failed to create engaging content for social media and are looking for a guide. Aspire to be a social media influencer. Wish to enter employment as a marketing professional. Interested in digital marketing. Need real-world digital skills to grow their business. Are interested in entrepreneurial skills. Are looking to create better images, videos or live streams. So if you want a solid, no-nonsense, practical overview to content marketing and media production, using only your smartphone, Smartphone Smart Marketing is the book for you. The book includes cheat guides, best apps, worked examples and more. Let's get to work, buy your copy, grab your phone, it's time to leave the competition behind. Acclaim for Smartphone Media Production from 2016 "Received! Dove in - Liked what I saw! Really useful stuff". Peter Shankman "This book is fantastic and would highly recommend it for anyone starting to get into making videos on their phone." Stewart Richardson professional photographer. "This book has helped me increase my understanding and develop some really good strategies on maximising the use of smartphones and social media in a variety of ways, from personal use through to improving business reach. Excellent stuff!" Amazon. "So impressed I hired him" Peter Syme adventure specialist and business owner. "As a self-employed business owner, keeping up with changes in technology can be overwhelming, I found this book full of great information, presented in a clear and practical way - full of advice and resources to keep you on your toes." Chris Wain Unique Adventure Tours Scotland. "I am a gent of a certain age and have had to embrace technology and the Internet as an adult and not something that I have grown up with or was taught at school. I run a Facebook page and a small stall making and selling custom props and toys and wanted to take things to the next level and having no experience in media production this sounded perfect. From my perspective the book is full of all the basic information I needed to get started making the most of my Facebook page and filming video, taking photographs and getting them out there on social media to get the most impact. Then the book is also full of everything else needed to take things even further, how to follow up on the social media interest and even loads of information coming from a business point of view which I'm sure I will use down the line as I take things further. Overall this book had everything I needed to get me up and running on social media, producing what I feel is way better quality content than I could have ever imagined I was capable of and all with a single piece of hardware, my Smartphone, it's amazing." Big Al Monkeytron Collective.

Google It Newton Lee, 2016-10-23 From Google search to self-driving cars to human longevity, is Alphabet creating a neoteric Garden of Eden or Bentham's Panopticon? Will King Solomon's challenge supersede the Turing test for artificial intelligence? Can transhumanism mitigate existential threats to humankind? These are some of the overarching questions in this book, which explores the impact of information awareness on humanity starting from the Book of Genesis to the Royal Library of Alexandria in the 3rd century BC to the modern day of Google Search, IBM Watson, and Wolfram|Alpha. The book also covers Search Engine Optimization, Google AdWords, Google Maps, Google Local Search, and what every business leader must know about digital transformation. "Search is curiosity, and that will never be done," said Google's first female engineer and Yahoo's sixth CEO Marissa Mayer. The truth is out there; we just need to know how to Google it!

Building Android Apps in Python Using Kivy with Android Studio Ahmed Fawzy Mohamed Gad, 2019-10-14 Start building Python-based Android applications using Kivy with Android Studio. Through in-depth examples, this book teaches you everything you need to create your first Android application in Python and publish on Google Play. Building Android Apps in Python Using Kivy with Android Studio takes you through the basics of Kivy by discussing its application structure, widgets, and event handling. The KV language is then introduced for separating the logic and GUI by adding widgets within a KV file. You will then learn how to utilize Android camera using Kivy, build the HTTP server using Flask, and create and manage multiple screens to help you design your own applications. Through detailed step-by-step instructions, you will create your first multi-level cross-platform game that includes animation and sound effects. Following this, the process of converting the Kivy application into an Android application using Buildozer and Python-4-Android is covered in detail. You will then learn how to edit the generated Android Studio project into Android Studio by adding extensions to the original application. The widgets added in Kivy could be handled within Android Studio. Moreover, Android views could be added to enrich the Kivy application. The resulting Android application created with Kivy can be hosted on Google Play to download and install as a regular Android application. At the end, this book will give you the basic knowledge of Kivy needed to build cross-platform Android applications, produce an Android Studio project, and understand how it all works in detail. What You Will Learn Build cross-platform applications from scratch using Kivy in detail Create a cross-platform interactive multi-level game from the ground up Examine the pipeline of building an Android app from the Python Kivy app Understand the structure of the Android Studio project produced by Kivy Recognize how to extend the application within Android Studio by adding more Android views to the application main activity. Who This Book Is For Python developers with no previous experience in Kivy who are looking to create their first Android application completely in Python.

**Draplin Design Co.** Aaron James Draplin, 2016-05-17 A funny, colorful, fascinating tour through the work and life of one of today's most influential graphic designers. Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly different, they share at least one thing in common: a teeny little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. *Pretty Much Everything* is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin's humor and pointed observations on the contemporary design scene, *Pretty Much Everything* is the complete package.

*Permission to Feel* Marc Brackett, Ph.D., 2019-09-03 The mental well-being of children and adults is shockingly poor. Marc Brackett, author of *Permission to Feel*, knows why. And he knows what we can do. We have a crisis on our hands, and its victims are our children. Marc Brackett is a professor in Yale University's Child Study Center and founding director of the Yale Center for Emotional

Intelligence. In his 25 years as an emotion scientist, he has developed a remarkably effective plan to improve the lives of children and adults – a blueprint for understanding our emotions and using them wisely so that they help, rather than hinder, our success and well-being. The core of his approach is a legacy from his childhood, from an astute uncle who gave him permission to feel. He was the first adult who managed to see Marc, listen to him, and recognize the suffering, bullying, and abuse he'd endured. And that was the beginning of Marc's awareness that what he was going through was temporary. He wasn't alone, he wasn't stuck on a timeline, and he wasn't "wrong" to feel scared, isolated, and angry. Now, best of all, he could do something about it. In the decades since, Marc has led large research teams and raised tens of millions of dollars to investigate the roots of emotional well-being. His prescription for healthy children (and their parents, teachers, and schools) is a system called RULER, a high-impact and fast-effect approach to understanding and mastering emotions that has already transformed the thousands of schools that have adopted it. RULER has been proven to reduce stress and burnout, improve school climate, and enhance academic achievement. This book is the culmination of Marc's development of RULER and his way to share the strategies and skills with readers around the world. It is tested, and it works. This book combines rigor, science, passion and inspiration in equal parts. Too many children and adults are suffering; they are ashamed of their feelings and emotionally unskilled, but they don't have to be. Marc Brackett's life mission is to reverse this course, and this book can show you how.
