Hands-On Android UI Development Jason Morris,2017-11-21 Master the art of creating impressive and reactive UIs for mobile applications on the latest version of Android Oreo. About This Book A comprehensive guide to designing and developing highly interactive user interfaces for your app. Design responsive and agile applications targeting multiple Android devices (up to Android Oreo) using Android Studio 3.0 Write reactive user interfaces with minimal effort by leveraging the latest Android technologies, such as Architecture components and the Lifecycle API Avoid common design problems and pitfalls with the help of shared UI design patterns and best practices. Who This Book Is For This book is for novice Android and Java developers who have a basic knowledge of Android development and want to start developing stunning user interfaces. What You Will Learn Create effective and efficient user interfaces that allow users to carry out tasks smoothly Understand the fundamentals of Android UI design, and take a look at the basic layouts, Inputs, and controls Learn about various UI components provided by Android, which include structured layout objects and UI controls that allow you to build the graphical user interface for your app Explore various styles and themes that allow you to customize the look and feel of your app Leverage the animation and graphics APIs to improve user experience and draw custom 2D graphics In Detail A great user interface (UI) can spell the difference between success and failure for any new application. This book will show you not just how to code great UIs, but how to design them as well. It will take novice Android developers on a journey, showing them how to leverage the Android platform to produce stunning Android applications. Begin with the basics of creating Android applications and then move on to topics such as screen and layout design. Next, learn about techniques that will help improve performance for your application. Also, explore how to create reactive applications that are fast, animated, and guide the user toward their goals with minimal distraction. Understand Android architecture components and learn how to build your application to automatically respond to changes made by the user. Great platforms are not always enough, so this book also focuses on creating custom components, layout managers, and 2D graphics. Also, explore many tips and best practices to ease your UI development process. By the end, you'll be able to design and build not only amazing UIs, but also systems that provide the best possible user experience. Style and approach This book takes an easy tutorial approach to help you learn how to create consistent and efficient user interfaces for your apps. The book first takes you through the basics of user interfaces such as basic layouts, inputs, and controls, and also covers animations and graphics. By the end of the book, you will have learned best practices and will be

able to develop inspired interfaces that look good and also work subtly in the background.

Donn Felker is an Android programmer, Microsoft ASP Insider, and MCTS in Web Client Development for .NET 2.0 and 3.5. They are coauthors of Android Application Development For Dummies, 2nd Edition.

I Hope You Get This Message Farah Naz Rishi,2019-10-22 In this high concept YA novel debut that's We All Looked Up meets The Sun Is Also a Star, three teens must face down the mistakes of their past after they learn that life on Earth might end in less than a week. News stations across the country are reporting mysterious messages that Earth has been receiving from a planet—Alma—claiming to be its creator. If they're being interpreted correctly, in seven days Alma will hit the kill switch on their "colony" Earth. True or not, for teenagers Jesse Hewitt, Cate Collins, and Adeem Khan, the prospect of this ticking time bomb will change their lives forever. Jesse, who has been dealt one bad blow after another, wonders if it even matters what happens to the world. Cate, on the other hand, is desperate to use this time to find the father she never met. And Adeem, who hasn't spoken to his

estranged sister in years, must find out if he has it in him to forgive her for leaving. With only a week to face their truths and right their wrongs, Jesse, Cate, and Adeem's paths collide as their worlds are pulled apart.

The Complete Android Guide Kevin Purdy,2011-04

Android Phones For Dummies Dan Gookin,2012-03-09 Everything you need to know about your Android smartphone?in full color! Eager to learn the ins and outs of your exciting, new Android phone? Then this is the book you need! Written in the typical fun and friendly For Dummies style, this full-color guide covers the basics of all the features of Android phones without weighing you down with heavy technical terms or jargon. Veteran world-renowned author Dan Gookin walks you through everything from getting started with setup and configuration to making the most of your phone's potential with texting, e-mailing, accessing the Internet and social networking sites, using the camera, synching with a PC, downloading apps, and more. Covers all the details of the operating system that applies to every Android phone, including Motorola Droids, HTC devices, Samsung Galaxy S phones, to name a few Walks you through basic phone operations while also encouraging you to explore your phone's full potential Serves as an ideal guide to an inexperienced Android newbie who is enthusiastic about getting a handle on everything an Android phone can do Android Phones For Dummies helps you get smarter with your Android smartphone.

Lessons from Trump's Political Communication Marco Morini,2020-02-22 This book explores Donald Trump's political communication as a candidate and in the first two years in office. The 45th US President is dominating the media system and 'building the agenda' through the combined action of five strategies. He disintermediates his communication and manufactures a permanent campaign climate based on strong and inflammatory language to attract a constant and decisive media coverage. In disarticulating old-style political rhetoric, he privileges emotions over contents, slogans above thought. Trump's jokes, mockeries and distinct rhetoric – showing similarities to rhetorical strategies of Nazis during the 1930s – help him impersonate the populist 'everyday man' who fights against the elites. His dominance of the news cycle also reflects a desire for higher TV ratings and Web traffic numbers. Essentially, Trump has critically exploited the media's news logics and taken advantage of the American public's lack of trust in journalism.

In the Tree Where the Double Sex Sleeps Rob Schlegel,2019-04-01 With calm abandon, Rob Schlegel stands among the genderless trees to shake notions of masculinity and fatherhood. Schlegel incorporates the visionary into everyday life, inhabiting patterns of relation that do not rely on easy

categories. Working from the premise that poetry is indistinguishable from the life of the poet, Schlegel considers how his relationship to the creative process is forever changed when he becomes something new to someone else. "The meaning I'm trying to protect is," Schlegel writes, "the heart is neither boy, nor girl." In the Tree Where the Double Sex Sleeps is a tender search for the mother in the father, the poet in the parent, the forest in the human.

Android for Programmers Paul J. Deitel,2012 By the world's #1 Java programming authors, and the creators of the bestselling iPhone for Programmers, the application-driven approach to Android brings the Deitels' signature Live Code technique to Android development and teaches every new technique in the context of a real-world Android App: 16 complete Apps in all.

The Master & Margarita Mikhail Bulgakov,2016-03-22 Satan, Judas, a Soviet writer, and a talking black cat named Behemoth populate this satire, "a classic of twentieth-century fiction" (The New York Times). In 1930s Moscow, Satan decides to pay the good people of the Soviet Union a visit. In old Jerusalem, the fateful meeting of Pilate and Yeshua and the murder of Judas in the garden of Gethsemane unfold. At the intersection of fantasy and realism, satire and unflinching emotional truths, Mikhail Bulgakov's classic The Master and Margarita eloquently lampoons every aspect of Soviet life under Stalin's regime, from politics to art to religion, while interrogating the complexities between good and evil, innocence and guilt, and freedom and oppression. Spanning from Moscow to Biblical Jerusalem, a vibrant cast of characters—a "magician" who is actually the devil in disguise, a giant cat, a witch, a fanged assassin—sow mayhem and madness wherever they go, mocking artists, intellectuals, and politicians alike. In and out of the fray weaves a man known only as the Master, a writer demoralized by government censorship, and his mysterious lover, Margarita. Burned in 1928 by the author and restarted in 1930, The Master and Margarita was Bulgakov's last completed creative work before his death. It remained unpublished until 1966—and went on to become one of the most well-regarded works of Russian literature of the twentieth century, adapted or referenced in film, television, radio, comic strips, theater productions, music, and opera.

Professional Android 4 Application Development Reto Meier,2012-04-05 Developers, build mobile Android apps using Android 4 The fast-growing popularity of Android smartphones and tablets creates a huge opportunities for developers. If you're an experienced developer, you can start creating robust mobile Android apps right away with this professional guide to Android 4 application development. Written by one of Google's lead Android

developer advocates, this practical book walks you through a series of hands-on projects that illustrate the features of the Android SDK. That includes all the new APIs introduced in Android 3 and 4, including building for tablets, using the Action Bar, Wi-Fi Direct, NFC Beam, and more. Shows experienced developers how to create mobile applications for Android smartphones and tablets Revised and expanded to cover all the Android SDK releases including Android 4.0 (Ice Cream Sandwich), including all updated APIs, and the latest changes to the Android platform. Explains new and enhanced features such as drag and drop, fragments, the action bar, enhanced multitouch support, new environmental sensor support, major improvements to the animation framework, and a range of new communications techniques including NFC and Wi-Fi direct. Provides practical guidance on publishing and marketing your applications, best practices for user experience, and more This book helps you learn to master the design, lifecycle, and UI of an Android app through practical exercises, which you can then use as a basis for developing your own Android apps.
