**If the RPG World Had Social Media..., Vol. 1 (manga)** Yusuke

Nitta,2021-06-22 When a fantasy world has fully functioning smartphones and internet (for some reason), it's only natural for its sixteen-year-old shut-in of a Hero to declare war via text message on the Demon Lord who has abducted the kingdom's princess. But is it natural for that Demon Lord to be an innocent teenage girl who hates conflict?!! And somehow, this hopelessly weak, level one Hero ends up texting that overly pure Demon Lord, her cheerful Demon Generals (who are all smitten with her), and a kidnapped princess who is seriously falling for her captor as he sets off on a perilous journey to meet his online cru-er, mortal enemy face-to-face!

**Maid** Ryo Kamiya,2014 Maid: The Role-Playing Game is a comedic take on a uniquely Japanese cultural icon: The fetishized modern maid. Injecting the concept of Maid with 50ccs of anime and comedy, the players take on the roles of maids, serving the master (played by the GM). Sheets are left unfolded and mantelpieces undusted when giant robots crash through the mansion, ninjas attack and kidnap the young master, and a demonic pit to Hell opens up in the pantry... and all before teatime! Play in the modern comedy setting, or mix it up with 9 additional settings including Victorian era, old Edo period, fantasy and post-apocalypse; and 6 genres including romance, horror, and action. Due to the rules system and random events that form the backbone of the Maid RPG, the game practically runs itself: Go from opening the book to playing a game with friends within just minutes! Three game styles in one: The traditional scenario-type; the random event-driven type; and the favor race, a race to the master's heart! Make characters and start playing the game within minutes of opening the book. Everything about the game gears it for Fast Play, Now. Optional character types including player-character masters and butlers, and optional rules for seduction and romantic tragedy. 11 complete adventure scenarios. 3 complete replays, actual play scenarios in screenplay format. **Wasuremonogatari** Joseph Lee Bush,2014-08-05 An exotic, collaborative, open-source, and action-oriented game designed from the ground up for anime-style storytelling and combat. Wa is built around the finest, most tried-and-true, sword-tested tropes from anime and manga. In Wa, you'll see beast people, katana-wielding samurai, ki-powered ninja, spiritually enlightened shugenja, ancient mountain hermits, and powerful blood ties that go back for millennia. Combat is explosive, quick, and merciless. Your heroes will master powers of your choosing, and wield them against a vast array of foes, from possessed paper lanterns to powerful samurai generals to conniving corrupt kami. Wa thrives on intense, rapid combat, active, emotional characters, and deep, meaningful storylines. Wa is eschews sword-and-sorcery and dungeon crawling in favor of twisted tales of revenge, love, betrayal, and martial prowess. Wa's game system is unique. It walks the line between effect-based and outcome-based systems, providing a general framework for how attacks and defenses should work, while allowing you to describe the action yourself. Creative role-playing and clever maneuvers are rewarded in Wa. Coming up with a way to outsmart your opponent nets you bonuses to your rolls, providing a quick, sturdy mechanic that reinforces good roleplaying. It wouldn't feel like an anime if people weren't kicking boulders at each other and cutting down castles.

*Magical Fury* Ewen Cluney, 2015-01-28 It started out as another boring day at work. Then a magical girl showed up, like something straight out of an anime. Except that I haven't seen an anime where the magical girl threatens to kill people. She was throwing lightning bolts around and saying something about the reincarnation of Star Princess Astraia being in the building. It turns out that was me. So now I look like a scrawny teenage girl, and I have magical star powers, and a psychotic magical girl named Shadow Princess Umbra is making my life hell. She blew up my parents' house. And the more of Astraia's memories I uncover, the more I think that Umbra isn't even close to being the worse of it. But I'm going to keep fighting, because giving up isn't an option. *Magical Fury* is a dark magical girl RPG, inspired by anime series like *Madoka Magica*, *Sailor Moon*, and *Magical Girl Lyrical Nanoha*. Your characters start out as normal girls who discover that they are reincarnated magical girls. They awaken to their powers under fire, and it will be up to you to decide where she goes with new her life from there. The game uses a very simple variant of the *Apocalypse World* engine, aimed at fast and flavorful play that you can jump into on short notice or play in a more deliberate, long-term style. Battles come down to a handful of rolls, and throughout the emphasis is decidedly on the consequences of the course of action you choose. The book also includes an appendix with 17 random tables to help you along with character creation and other things that pop up during play. To play you will need some six-sided dice, character sheets, and something to write with.
