**A HILL OF BEANS** Bennett G. This autobiography of my life story is for all of the people who have been put-down or discouraged by family, friends, classmates, or society at large. **Part 1 The Last Ballot Cast** Joseph Flynn, 2012-07-23 The Last Ballot Cast is a story so big it has to be told in two parts. This is Part 1. With his son and his wife, the president of the United States, both near death, Jim McGill makes a choice that may save, or lose, both of them. As McGill makes his agonizing decision, an old nemesis, Dr. Damon Todd, escapes from CIA custody. Breaking out with Todd are two former covert operatives whose past is so bloody the Agency had to retire them. Now, all three are targeting McGill. In Patti's absence, Acting President Wyman has to find a way to bring

Reverend Burke Godfrey to justice without causing a massacre. Captain Welborn Yates draws a bead on the car thief who killed his best friends and travels to the Caribbean to set up an ambush. All that is but the preface for the dirtiest, three-candidate presidential election in the country's history. When all is said and done, every big question is answered, including one that concerns us all in an election year: Does one person's vote matter?

*Letterman* Jason Zinoman, 2017-04-11 New York Times comedy critic Jason Zinoman delivers the

definitive story of the life and artistic legacy of David Letterman, the greatest television talk show host of all time and the signature comedic voice of a generation. In a career spanning more than thirty years, David Letterman redefined the modern talk show with an ironic comic style that transcended traditional television. While he remains one of the most famous stars in America, he is a remote, even reclusive, figure whose career is widely misunderstood. In Letterman, Jason Zinoman, the first comedy critic in the history of the New York Times, mixes groundbreaking reporting with unprecedented access and probing critical analysis to explain the unique entertainer's titanic legacy. Moving from his early days in Indiana to his retirement, Zinoman goes behind the scenes of Letterman's television career to illuminate the origins of his revolutionary comedy, its overlooked influences, and how his work intersects with and reveals his famously eccentric personality. Zinoman argues that Letterman had three great artistic periods, each distinct and part of his evolution. As he examines key broadcasting moments—Stupid Pet Tricks and other captivating segments that defined Late Night with David Letterman—he illuminates Letterman's relationship to his writers, and in particular, the show's co-creator, Merrill Markoe, with whom Letterman shared a long professional and personal connection. To understand popular culture today, it's necessary to understand David Letterman. With this revealing biography, Zinoman offers a perceptive analysis of the man and the artist whose ironic voice and caustic meta-humor was critical to an entire generation of comedians and viewers—and whose singular style ushered in new tropes that have become clichés in comedy today.
