Advances in Computing and Communications, Part II Ajith Abraham,Jaime Lloret Mauri,John Buford,Junichi Suzuki,Sabu M. Thampi,2011-07-08 This volume is the second part of a four-volume set (CCIS 190, CCIS 191, CCIS 192, CCIS 193), which constitutes the refereed proceedings of the First International Conference on Computing and Communications, ACC 2011, held in Kochi, India, in July 2011. The 72 revised full papers presented in this volume were carefully reviewed and selected from a large number of submissions. The papers are organized in topical sections on database and information systems; distributed software development; human computer interaction and interface; ICT; internet and Web computing; mobile computing; multi agent systems; multimedia and video systems; parallel and distributed algorithms; security, trust and privacy.

Taking Your Android Tablets to the Max Russell Holly,2012-06-12 The march of the Android-based tablets has begun, including Galaxy Samsung Tab, Motorola XOOM, Nook and more. But where do you start? And what can you do with an Android tablet? Taking Your Android Tablets to the Max is a one-stop shop for users of all skill levels, helping you get the most out of any Android tablet. This book offers: A breakdown of the differences between an Android 2.0+ or an Android 3.0 device Tips for choosing the best device for you and how to best network (i.e., best wireless carrier for 3G or 4G or just WIFI) Detailed walkthroughs on how to get the most out of your tablet and the apps for it

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

A Brief History of India Judith E. Walsh,2006 With nearly 1 billion citizens, India is the second most populous nation in the world. Its conflict with Pakistan over Kashmir and tensions between the many ethnic groups that populate India today find frequent mention in Weste.

ENGLISH REVIEW Anonymous,2016-08-26

The Tomorrow Code Brian Falkner,2009-07-28 “The end of the world started quietly enough for Tane Williams and Rebecca Richards. . . .” Tane and Rebecca aren’t sure what to make of it—a sequence of 1s and 0s, the message looks like nothing more than a random collection of alternating digits. Working to decode it, however, they discover that the message contains lottery numbers . . . lottery numbers that win the next random draw! More messages follow, and slowly it becomes clear—the messages are being sent from Tane and Rebecca’s future. Something there has gone horribly wrong, and it’s up to them to prevent it from happening. The very survival of the human race may be at stake! “[A] terrifying SF page-turner!”—Booklist “A tautly constructed plot. Fast-paced and all-too-realistic. This technothriller offers gearhead ecowarriors everything, including a hugely satisfying ending.”—Kirkus Reviews A Top 10 Kid’s Indie Next Winter Pick A Junior Library Guild Selection

The Sixth Station Linda Stasi,2013-12-01 Some say Demiel ben Yusef is the world's most dangerous terrorist, personally responsible for bombings and riots that have claimed the lives of thousands. Others insist he is a man of peace, a miracle worker, and possibly even the Son of God. His trial in New York City for crimes against humanity attracts scores of protestors, as well as media and religious leaders from around the world. Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action, but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters. As Alessandra begins digging into ben Yusef's past, she is already in more danger than she knows—and when she is falsely accused of murder during her investigation, she is forced to flee New York. On the run from unknown enemies, Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations. Is Demiel ben Yusef the Second Coming or the Antichrist? The truth may lie in the secret history of the Holy Family, a group of Templars who defied the church, and a mysterious relic stained with the sacred blood of Christ Himself.

Think and Grow Rich: The Classic Edition Napoleon Hill,2016-07-05 An affordable, beautifully produced reproduction of the vintage text of Napoleon Hill's original landmark--this is the legendary program, just as it reached readers in 1937. You want to dip into Think and Grow Rich ... you've heard about it from friends and coworkers ... you see people reading it ... and you feel it's time for a change in life. But where do you start? RIGHT HERE. Think and Grow Rich: The Classic Edition is a handsome, reliable, inexpensive, and compact volume that features the full 1937 text, just as it appeared on its first day of publication, before the book lit up millions of lives and became known around the world. This is a volume you will want to read, reread, cherish--and then share with friends and loved ones. And it is priced so affordably that you can do just that.

Intersectional Analysis as a Method to Analyze Popular Culture Erica B. Edwards,Jennifer Esposito,2019-11-27 Intersectional Analysis as a Method to Analyze Popular Culture: Clarity in the Matrix explores how race, class, gender, sexuality, and other social categories are represented in, and constructed by, some of the most significant popular culture artifacts in contemporary Western culture. Through readings of racialized television sitcoms, LGBTQ+ representation in mainstream American music, the role of Black Panther in Western imperialist projects, and self-love narratives promoted by social media influencers, it demonstrates how novice and emerging researchers can use intersectional theory as an analysis method in the field of cultural studies. The case studies presented are contextualized through a brief history of intersectional theory, a methodological rationale for its use in relation to popular culture, and a review of the ethical considerations researchers should take before, during, and after they approach popular artifacts. Intended to be a textbook for novice and emerging researchers across a wide range of social science disciplines, this book serves as a practical guide to uncover the multiple and interlocking ways oppression is reified, resisted and/or negotiated through popular culture. 2021 Winner of the AESA Critics’ Choice Book Award

Nature and History in Modern Italy Marco Armiero,Marcus Hall,2010-08-31 Marco Armiero is Senior Researcher at the Italian National Research Council and Marie Curie Fellow at the Institute of Environmental Sciences and Technologies, Universitat Aut(noma de Barcelona. He has published extensively on-Italian environmental history and edited Views from the South: Environmental Stories from the Mediterranean World. --

Angels and Demons in Art Rosa Giorgi,2005 This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes--wings, halos, horns, and cloven hooves--with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, Angels and Demons in Art will delight readers with an interest in art or religious symbolism.
