Sir Michael Havers, Edward Grayson, Peter Shankland

Baccarat for the Clueless John May,1998 This popular and successful text was originally written for a one-semester course in linear algebra at the sophomore undergraduate level. Students at this level generally have had little contact with complex numbers or abstract mathematics, so the book deals almost exclusively with real finite dimensional vector spaces, but in a setting and formulation that permit easy generalization to abstract vector spaces. The goal of the first two editions was the principal axis theorem for real symmetric linear transformation. The principal axis theorem becomes the first of two goals for this new edition, which follows a straight path to its solution.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Pride Versus Prejudice John Cooper,2003-07-01 John Cooper's pioneering full-length study is a treasure trove of new information, fresh in terms of the ground it covers and the material it assembles. Building on newspapers, archives, and interviews to illustrate the lives and professional experiences of the individuals involved, Cooper also brings out such broad underlying themes as emancipation, antisemitism, radical assimilation, and professionalization. This engaging work on Anglo-Jewry will be of value to the historian and general reader alike.

The Dunes Hotel and Casino: The Mob, the connections, the stories Geno Munari,2022-04-07 The intent behind this book is to record classic Las Vegas history that would be lost forever if not memorialized. The Dunes operation was a spectrum of information that is intricate and mysterious at times, protected by a shroud of secrecy and intrigue that is virtually impossible to decipher. It featured different operators and Mob characters who, at various times in the history of the hotel, were involved in various ventures, including gambling, bookmaking, real estate investment, and many other business arrangements. There are more than 390 footnotes and an index. I have been working on this book for almost four years, which included many hours of research and the development of a timeline. My research helped bring forth answers to questions regarding notable gambling operators, Mafia chiefs, U.S. Senators, Governors, and memorable events. One such event solves a mystery of a bomb assassination plot and a shooting; politicians were compromised, Hoffa pulled strings, and there are heretofore undisclosed facts that involve President Kennedy's assassination. I never dreamed these details would ever be uncovered.

Martha's Flowers Martha Stewart,Kevin Sharkey,2018-02-27 The essential resource from Martha Stewart, with expert advice and lessons on gardening and making the most of your spectacular blooms Martha Stewart's lifelong love of flowers began at a young age, as she dug in and planted alongside her father in their family garden, growing healthy, beautiful blooms, every year. The indispensable lessons she learned then--and those she has since picked up from master gardeners--form the best practices she applies to her voluminous flower gardens today. For the first time, she compiles the wisdom of a

lifetime spent gardening into a practical yet inspired book. Learn how and when to plant, nurture, and at the perfect time, cut from your garden. With lush blooms in hand, discover how to build stunning arrangements. Accompanied by beautiful photographs of displays in Martha's home, bursting with ideas, and covering every step from seed to vase, Martha's Flowers is a must-have handbook for flower gardeners and enthusiasts of all skill levels.

The International Encyclopedia of Gambling [2 volumes] William N. Thompson, 2009-12-23 The most complete single-source collection on gambling ever assembled gives readers access to the best possible information about one of the fastest growing industries in the world. The International Encyclopedia of Gambling seeks to explain the gambling phenomenon through an in-depth exploration of gambling operations around the world. More than 300 entries reflect the global stretch of the industry as they examine games, venues, players and other leading figures, legal issues, the history of gaming, and the literature on the subject. The work is enhanced with a dozen contributed articles on gambling-related topics, including commentaries on the history and growth of Las Vegas and a description of major law cases involving gambling. Coverage includes Internet gambling and a section incorporating reviews of more than 50 films about gambling.
