The Contested Origins of the 1865 Arabic Bible David D. The Bible in Arabic Sidney H. Griffith,2013-07-21 From the first centuries of Islam to well into the Middle Ages, Jews and Christians produced hundreds of manuscripts containing portions of the Bible in Arabic. Until recently, however, these translations remained largely neglected by Biblical scholars and historians. In telling the story of the Bible in Arabic, this book casts light on a crucial transition in the cultural and religious life of Jews and Christians in Arabic-speaking lands. In pre-Islamic times, Jewish and Christian scriptures circulated orally in the Arabic-speaking milieu. After the rise of Islam--and the Qur'an's appearance as a scripture in its own right--Jews and Christians translated the Hebrew Bible and the Greek New Testament into Arabic for their own use and as a response to the Qur'an's retelling of Biblical narratives. From the ninth century onward, a steady stream of Jewish and Christian translations of the Hebrew Bible and New Testament crossed communal borders to influence the Islamic world. The Bible in Arabic offers a new frame of reference for the pivotal place of Arabic Bible translations in the religious and cultural interactions between Jews, Christians, and Muslims. The God Of Daniel Hegumen Abraam D. Sleman,2008-10 In the Book of Daniel, the Living God has become known as The God of Daniel. This is because of the great work of God in the life of Daniel and the great visions that God has revealed to him. The main subject of the Book of Daniel is the revelation of God the Most High who reigns over The Kingdom of Men. The topic extends to the Kingdom of God which destroys all these kingdoms and stays firm forever. As the climax of God's plan for His kingdom, He revealed to Daniel the appearance of the Lord Jesus Christ, His death, resurrection, and entrance in glory to the heavenly Holy of Holies to sit on the right hand of the heavenly Father above all principalities and powers in power and majesty.

The Arabic Bible from Late Antiquity Juan Pedro Monferrer-Sala,2020 The biblical material translated into Arabic during the Middle Ages included texts from the Hexateuch contained in Codex Sinai Arabic 3, the first in the Christian Arabic Texts series now being published. This set of six texts (Pentateuch + Joshua) is of enormous interest, for what it tells us not only about translating into Arabic, and about the techniques and strategies adopted by the translators, but also about the revisions and reworkings to which the original translations were subjected, and in general about the transmission process undergone by biblical texts in the hands of successive copyists--

The Karaite Tradition of Arabic Bible Translation Meira Polliack,2022-03-28 This volume deals with the medieval Karaite practice and concept of Arabic Bible translation. It is based on a linguistic analysis of Karaite versions of the Pentateuch written in Palestine during the 10th and 11th centuries C.E. Trends and tendencies in the Karaite translations are discussed in the light of individual Karaite statements on the art and purpose of Bible translation, and in comparison with Saadiah Gaon's translation methodology, in an attempt to reconstruct the possible origins and historical background of the Karaite translation tradition. The exegetical study is especially relevant to the Bible scholar and medieval philosopher, while the linguistic study will also interest the comparative Semitist, translation theorist and all those concerned with Judaeo-Arabic language and literature.
