**Around the World in 80 Days** Mark Beaumont,2019-05-30 The inspiring story of one man's record-breaking cycle around the world. On Monday 18th September 2017, Mark Beaumont pedalled through the Arc de Triomphe in Paris. 78 days, 14 hours and 40 minutes earlier he set off from the same point, beginning his attempt to circumnavigate the world in record time. Covering more than 18,000 miles and cycling through some of the harshest conditions one man and his bicycle can endure, Mark made history. He smashed two Guinness World Records and beat the previous record by an astonishing 45 days. Around the World in 80 Days is the story of Mark's amazing achievement - one which redefines the limits of human endurance. It is also an insight into the mind of an elite athlete and the physical limits of the human body, as well as a kaleidoscopic tour of the world from a very unique perspective; inspired by Jules Verne's classic adventure novel, Mark begins his journey in Paris and cycles through Europe, Russia, Mongolia and China. He then crosses Australia, rides up through New Zealand and across North America before the final 'sprint finish' thorough Portugal, Spain and France, all at over 200 miles a day. This is the story of a quite remarkable adventure, by a quite remarkable man.

*Around the World in 80 Days* Jules Verne,2019-06-15 Around the World in Eighty Days is a classic adventure novel by the French writer Jules Verne. In the story, Phileas Fogg of London and his newly employed French valet Passepartout attempt to circumnavigate the world in 80 days on a £20,000 wager set by his friends at the Reform Club. It is one of Verne's most acclaimed works. The story starts in London on Tuesday, October 1, 1872. Fogg is a rich English gentleman living in solitude. Despite his wealth, Fogg lives a modest life with habits carried out with mathematical precision. Very little can be said about his social life other than that he is a member of the Reform Club. Having dismissed his former valet, James Foster, for bringing him shaving water at 84 °F (29 °C) instead of 86 °F (30 °C), Fogg hires a Frenchman by the name of Jean Passepartout as a replacement. At the Reform Club, Fogg gets involved in an argument over an article in The Daily Telegraph stating that with the opening of a new railway section in India, it is now possible to travel around the world in 80 days. He accepts a wager for £20,000 from his fellow club members, which he will receive if he makes it around the world in 80 days. Accompanied by Passepartout, he leaves London by train at 8:45 P.M. on Wednesday, October 2, 1872, and is due back at the Reform Club at the same time 80 days later, Saturday, December 21, 1872.

**Around the World in Seventy-Two Days** Nellie Bly,2021-04-27 "She was part of the 'stunt girl' movement that was very important in the 1880s and 1890s as these big, mass-circulation yellow journalism papers came into the fore." –Brooke Kroeger Around the World in Seventy-Two Days (1890) is a travel narrative by American investigative journalist Nellie Bly. Proposed as a recreation of the journey undertaken by Phileas Fogg in Jules Verne's Around the World in Eighty Days (1873), Bly's journey was covered in Joseph Pulitzer's popular newspaper the New York World, inspiring countless others to attempt to surpass her record. At the time, readers at home were encouraged to estimate the hour and day of Bly's arrival, and a popular board game was released in commemoration of her undertaking. Embarking from Hoboken, noted investigative journalist Nellie Bly began a voyage that would take her around the globe. Bringing only a change of clothes, money, and a small travel bag, Bly travelled by steamship and train through England, France—where she met Jules Verne—Italy, the Suez Canal, Ceylon, Singapore, Hong Kong, and Japan. Sending progress reports via telegraph, she made small reports back home while recording her experiences for publication upon her return. Despite several setbacks due to travel delays in Asia, Bly managed to beat her estimated arrival time by several days despite making unplanned detours, such as visiting a Chinese leper colony, along the way. Unbeknownst to Bly, her trip had inspired Cosmopolitan's Elizabeth Brissland to make a similar circumnavigation beginning on the exact day, launching a series of copycat adventures by ambitious voyagers over the next few decades. Despite being surrounded by this air of popularity and competition, however, Bly took care to make her journey worthwhile, showcasing her skill as a reporter and true pioneer of investigative journalism. With a beautifully designed cover and professionally typeset manuscript, this edition of Nellie Bly's Around the World in Seventy-Two Days is a classic work of American travel literature reimagined for modern readers.

*Around the World in 80 Books* David Damrosch,2021-11-04 'Restlessly curious, insightful, and quirky, David Damrosch is the perfect guide to a round-the-world adventure in reading' Stephen Greenblatt A transporting and illuminating voyage around the globe, told through eighty classic and modern books 'It is always a pleasure to talk about books with David Damrosch, who has read all of them, and he is so eloquent and understanding about them all' Orhan Pamuk Inspired by Jules Verne's hero Phileas Fogg, David Damrosch, chair of Harvard's Department of Comparative Literature and founder of Harvard's Institute for World Literature, set out to counter a pandemic's restrictions on travel by exploring eighty exceptional books from around the globe. Following a literary itinerary from London to Venice, Tehran and points beyond, and via authors from Woolf and Dante to Nobel prizewinners Orhan Pamuk, Wole Soyinka, Mo Yan and Olga Tokarczuk, he explores how these works have shaped our idea of the world, and the ways the world bleeds into literature. To chart the expansive landscape of world literature today, Damrosch explores how writers live in two very different worlds: the world of their personal experience, and the world of books that have enabled great writers to give shape and meaning to their lives. In his literary cartography, Damrosch includes compelling contemporary works as well as perennial classics, hard-bitten crime fiction as well as haunting works of fantasy, and the formative tales that introduce us as children to the world we're entering. Taken together, these eighty titles offer us fresh perspective on perennial problems, from the social consequences

of epidemics to the rising inequality that Thomas More designed Utopia to combat and the patriarchal structures within and against which many of these books' heroines have to struggle, from the work of Murasaki Shikibu a millennium ago to that of Margaret Atwood today. Around the World in 80 Books is a global invitation to look beyond ourselves and our surroundings, and to see our world and its literature in new ways.

**Eighty Days** Matthew Goodman,2013 Documents the 1889 competition between feminist journalist Nellie Bly and Cosmopolitan reporter Elizabeth Bishop to beat Jules Verne's record and each other in a round-the-globe race, offering insight into their respective daunting challenges as recorded in their reports sent back home. 50,000 first printing.

**Nineteen Eighty-Four** George Orwell, 2021-01-09 Nineteen Eighty-Four: A Novel, often published as 1984, is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, Nineteen Eighty-Four centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.
